---

Good Afternoon Greg:

The cost for the geotechnical investigation is $7,150.

This would be for the following rough scope:

South Road
Peplin Road (10' deep borings)
Forest Road
Autumn Road

We will be getting the same information with a report....5' depth or to refusal. If it is in a low-lying area, as in the case with Peplin, we will need 10' borings or until refusal.

Any questions, please let me know.

Thank you,
