

Scope of Work

Mow grass every 7 days during growing season. Remove excess grass to avoid slowing growth.

Weed eat/edge all beds, walkways, curbs each time it is mowed. Blow all sidewalks, driveways, curbs to remove clippings. Remove all trash.

Trim hedges each mowing or as necessary.

Remove excess clippings and other waste from beds at each mowing.

Trim Crepe Myrtles in January and remove all leaves/limbs from property.

Plant flowers of color at each entrance of each building three (3) times per year. Including the City of Alabaster Monument.

Fertilize and treat at least 4 times a year to keep grass and flowers growing properly.

Replace or add mulch one time a year. (Up to 70 yards)

Plant rye grass to keep areas green all year round. (Minimum of 200lbs per acre)

Separate pricing by location.

List the schedule for each of the seasons, include mowing, pruning, mulch, fertilizer/treat, etc.:

January-March

April -September

October-December

Alternate Bid: (Price Separately) Price to include cutting and replacing flowers 3 times a year for the Right of Ways, including middle median, on Colonial Promenade Parkway from Hwy 31 to Theater Drive and Jimmy Gould Drive from Hwy 31 to Alabaster Boulevard.

****There will be one onsite visit to walk around properties on May 11th 2:00pm at 1953 Municipal Center Way, Alabaster AL.***

****All potential bidders are encouraged to attend this site visit.***
