THIS AGREEMENT is between the City of Albion a municipal corporation of the State of Nebraska ("Municipality"), and State of Nebraska, Department of Transportation ("State"), collectively referred to as the "Parties".

WITNESSETH:

WHEREAS, Municipality plans to construct a Hike-Bike trail south of State Highway N-91 ("N-91") at South 11th Street and paralleling N-91 to South 10th Street where it crosses N-91, a part of which will be constructed on State's right-of-way, at the location shown on Exhibit "A"; and

WHEREAS, the Hike-Bike trail is described generally as follows:
A new six-foot-wide concrete Hike-Bike trail occupying the south side of N-91 at South 11th Street, paralleling N-91 to South 10th Street where it crosses the State right of way line at approximately RP 125.15. References in this Agreement to "Trail" or "Trail Project" include the trail, and all associated appurtenances; and

WHEREAS, Neb. Rev. Stat. § 39-1359 requires State's right-of-way be held inviolate for highway purposes and that written permission of State is required to occupy the State's right-of-way, and because Trail will be located adjacent to and crossing N-91 within the right-of-way, therefore Municipality is required to obtain a permit to occupy the right-of-way for Trail; and

WHEREAS, pursuant to Neb. Rev. Stat. §39-1339 Municipality shall be responsible for the maintenance of the Trail; and

WHEREAS, Municipality is willing to obtain and maintain in force insurance in the amounts required herein by State, or at least prove to State that Trail has been added to the areas covered by Municipality existing liability insurance coverage, for at least the part of the Trail located on or over the State highways; and

WHEREAS, Municipality is agreeable to being solely responsible for all costs and liability for the design, construction, inspection, maintenance, operation, repair, replacement, reconstruction, or removal of the Trail; and

WHEREAS, Parties intend that this Agreement describe certain roles and responsibilities applicable to this project; and

WHEREAS, State is willing to permit the Municipality's work on and occupation of State's property so long as that work is completed at no cost or liability to State, and

WHEREAS, Municipality concurs that the future State roadway improvements and maintenance activities may adversely impact Trail and that all work to design, remove, relocate, construct, reconstruct, inspect, operate, repair or maintain Trail to accommodate State's work shall be accomplished solely at Municipality's cost, and

WHEREAS, the Mayor is authorized by the City Council to execute this Agreement, as evidenced by the Resolution of City Council dated the _____ day of _____, 2026, attached as Exhibit "B", and incorporated herein by this reference.

NOW THEREFORE, in consideration of these facts and the mutual promises of the Parties hereto, the Parties agree as follows:

SECTION 1. DURATION OF THE AGREEMENT

- 1.1 *Effective Date*** -This Agreement is effective immediately on the date it is fully executed by the Parties.
- 1.2 *Renewal, Extension or Amendment*** -This Agreement may be renewed, extended or amended by mutual agreement or as otherwise provided herein.
- 1.3 *Identifying Date*** - For convenience, this Agreement's identifying date will be the date the State signed the Agreement.
- 1.4 *Duration*** – The duration of this Agreement and the State's Permit to Occupy the State's right-of-way shall be twenty-five years from the date of execution of the Agreement. At the completion of the twenty-five year term, renewal for an additional twenty-five year term shall be automatic unless the State notifies the Municipality one calendar year in advance of the end of the initial twenty-five year term. The renewal shall not be unreasonably denied by State. At the end of the second twenty-five-year term, this

Agreement will terminate unless extended by supplemental agreement. The duration of this Agreement is subject to the State's right to reconstruct N-91 as described elsewhere in this Agreement.

1.5 Termination - Further, State reserves the right to terminate the Agreement as provided herein.

SECTION 2. DESCRIPTION OF THE PROJECT

Municipality plans to construct a Hike-Bike trail, a part of which will be constructed on State's right-of-way, at the location shown on Exhibit "A", attached and incorporated herein by this reference. The project includes a new six-foot-wide concrete Hike-Bike trail entering State right of way south of N-91 at South 11th Street, paralleling N-91 to South 10th Street where it crosses and leaves the State right of way at the north right of way line. The Trail will occupy State's right-of-way at approximately State R.P. 125.15. References in this Agreement to "Trail" or "Trail Project" include the trail, and all associated appurtenances.

SECTION 3. NO COST TO STATE

Parties expressly agree that this Agreement is executed for the benefit of Municipality and that the parties intend that all costs and liability for the design, construction, inspection, maintenance, operation, repair, reconstruction, and for the removal of the Trail and restoration of State property will be the sole responsibility of Municipality; and, except as expressly provided herein; shall be accomplished at no cost to State.

SECTION 4. FUNDING FOR TRAIL

Parties agree Municipality may seek Federal funding for the Trail. Nothing in this Agreement is intended to make the Municipality ineligible for such funding.

SECTION 5. PLANS PREPARATION

Municipality will prepare, or cause plans to be prepared for Municipality's Trail project. Municipality will design Trail to accommodate the existing highway drainage patterns and construct drainage facilities that are consistent with and will not adversely affect the operation of State's highway drainage facilities. Municipality will, at Municipality's sole expense, design, construct and inspect the construction of Trail. Further, Municipality will design, construct, operate, inspect, repair and maintain Trail to conform to federal and state law and rule and regulation concerning accommodation of the disabled. Municipality will, at Municipality's sole cost, maintain in good repair, operate, reconstruct, and, if necessary, remove Trail and restore

State's property. When the plans for Trail are completed, Municipality will submit final plans and specifications to State for State's review. These plans shall include, but not be limited to, work zone traffic control, grading, structures, surfacing, drainage and erosion control work.

SECTION 6. PERMIT TO OCCUPY STATE'S RIGHT-OF-WAY

Municipality will submit to State an application for a permit to perform work on State's right-of-way and to occupy State's right-of-way including final plans for the Trail to State for review through State's right-of-way permit process prior to work occurring on State's right of way. Municipality will conduct no construction work on State's right-of-way prior to State issuing a permit to Work on and Occupy State's right-of-way. In the event provisions of this Agreement conflict with provisions of State's permit to occupy the State's right-of-way, the provisions of this Agreement shall govern. Terms of the permit(s) that are not affected by the terms of this Agreement will remain in full force and effect.

SECTION 7. CONTRACT LETTING AND CONTRACTOR INSURANCE

The Municipality will use a competitive bidding process to let to contract the work contemplated under this Agreement. Municipality shall require a performance and payment bond of its contractor in the amount of the bid and in the form set out on Exhibit "C" attached and hereby incorporated in this Agreement. The construction contract will be between Municipality and its selected construction contractor. State requires that Municipality contractor obtain and maintain in force for the life of Municipality contract insurance coverage meeting the requirements of Exhibit "D" attached and hereby incorporated in this Agreement. Contract bids from contractors who do not provide evidence of meeting the requirements of Exhibit "D" shall not be considered.

SECTION 8. CONSTRUCTION

Municipality will complete all aspects of Trail construction at its sole cost. State has a right but not a duty to inspect the completed work or phases of the work located on State right-of-way. Any State inspection shall be conducted at State's cost. A decision on the part of State to inspect or not to inspect Municipality's work during the course of construction does not relieve Municipality of the responsibility to complete the work in accordance with the agreements of the Parties. Municipality shall blend the Trail project into State's existing highway property, as shown in the final plans. Municipality shall require its contractor to finish, restore, seed and properly finish the project so that the disturbed areas are restored consistent with the rest of the State's property.

State will rely on the professional performance and ability of Municipality. Examination by State, or any acceptance or use of the work product, will not be considered to be a full and comprehensive examination and will not be considered an approval of the work product which would relieve Municipality from any liability or expense that would be connected with Municipality's sole responsibility for the propriety and integrity of the professional work to be accomplished by the Municipality pursuant to this Agreement. That further, acceptance or approval of any of the work by State will not constitute a waiver of any rights of State to recover from Municipality, damages that are caused by the Municipality due to error, omission, or negligence of the Consultant in its work. That further, if due to error, omission, or negligence of the Municipality the plans, specifications, and estimates are found to be in error or there are omissions therein revealed during the construction of the project and revision or reworking of the plans is necessary, Municipality shall make such revisions without expense to State. The following is State's present plan for highway work in the affected area.

11.1 The Parties further agree that all Trail work necessary to facilitate the operation, maintenance, resurfacing, rehabilitation, or reconstruction of State's highway will be accomplished at Municipality's sole expense. Municipality is hereby notified that, in order to satisfy the requirements of the National Environmental Policy Act (NEPA), State has been required to perpetuate or provide alternate routes when trails located on the right-of-way are impacted by a federal aid highway project. Permission to use State's right-of-way to perform maintenance of the Trail is covered under the permit issued by State including periodic maintenance access to the site from State's highway. Additional modification to the State's property must be reviewed by State and permission of State granted in writing, ordinarily in the form of a right-of-way permit.

In the event State, as a part of its duties to maintain and operate State's highway, must change the Trail, Municipality shall be solely responsible for the design, modification or reconstruction of Municipality's Trail, or the cost thereof, to

accommodate State's highway changes and for temporary construction to allow the State's work to progress. The Municipality will be responsible for any damages to State resulting from the delay in completing a highway improvement, including but not limited to:

- (i) further deterioration of the roadway or its appurtenances, and

The Municipality will hold the State harmless for damages due to the delay in letting or constructing a project in this location of the highway system due to the coordination for the Trail.
