

City of Albion/Boone County Ministers Association Agreement

2025 Update

Initiated by city council member proposal, along with funding, in 2021. The Boone County Ministerial entered an agreement with the City of Albion to pay in full the water bills of those who had received a shut-off notice. The agreement was that the Ministerial would pay the bill for a family no more than once every six months.

To date:

\$4963.09 Donated for City of Albion water bills since 9/21

11 payments made

\$2853.65 total paid

\$2109.44 remaining for upcoming water bills

Summary: The fund, at this point in time, is healthy, and provides a service that the Ministerial's limited funding would not be able to support as fully. No further deposit has been made since Jan 17, 2023.
