SUMMARY STATEMENT:			
<p>The City has received notice that King County will be raising the sewer rate by 5.75% in 2024. The last sewer rate increase was for 7.5% and took effect June 2023. This increase was to catch up the 5.75% increase for 2023 and a little extra to go towards a sewer assessment.</p> <p>A typical utility bill with no extra consumption is \$134.57. With the 2.5% water rate increase, it would be around \$135.53 (see proposed Ordinance 1227-23). With a 5.75% sewer rate increase, it would be around \$140.10.</p>
