Title 35 - Public Health And Safety

Chapter 9 - Fire Protection

CHAPTER 9 - FIRE PROTECTION

ARTICLE 1 - DEPARTMENT OF FIRE PREVENTION AND ELECTRICAL SAFETY

35-9-101. Department created.

The department of fire prevention and electrical safety is created.

35-9-102. Definitions.

(a) As used in W.S. 35-9-101 through 35-9-130:

(i) "Apprentice electrician" means a person who has insufficient qualifications to be a journeyman electrician and is hired by a licensed electrical contractor to assist a licensed journeyman or master electrician. An apprentice electrician must be registered with the department of fire prevention and electrical safety and must be enrolled in a bona fide

program of training approved by the bureau of apprenticeship and training, United States department of labor, or present evidence directly to the department that he is enrolled in an apprentice training program which provides training equivalent to a program approved by the bureau of apprenticeship and training, United States department of labor;

(ii) "Apprentice technician" means a person who has insufficient qualifications to be a low voltage or a limited technician and is hired by a licensed electrical contractor, low voltage contractor, or limited contractor to assist a licensed low voltage or limited technician. An apprentice technician must be registered with the department of fire prevention and electrical safety and must be enrolled in a training program as approved by the department;

(iii) "Board" means the electrical board;

(iv) "Council" means the council on fire prevention and electrical safety in buildings;

(v) "Department" means the department of fire prevention and electrical safety;

(vi) "Electrical contractor" means a person licensed by the department to contract with another to plan, lay out and supervise the installation of electric equipment. "Electrical contractor" excludes a person who only plans or designs electrical installations;

(vii) "Full-time paid fire fighters" means an individual regularly employed for devoting his entire time of employment to the care, operation and requirements of a regularly constituted fire department;

(viii) "Installation of electric equipment" includes installing, altering and repairing the wiring of apparatus equipment and conductors subject to the National Electrical Code;
