Article 47 - Whistleblower Protection Act

Recipients must comply with the statutory requirements for whistleblower protections in 10 U.S.C § 470141 U.S.C. § 4712.

Article 48 - Environmental Planning and Historic Preservation (EHP) Review

DHS/FEMA funded activities that could have an impact on the environment are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the recipient to comply with all federal, state, and local laws. DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by

DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; Endangered Species Act; National Historic Preservation Act of 1966, as amended; Clean Water Act; Clean Air Act; National Flood Insurance Program regulations; and any other applicable laws, regulations and executive orders. General guidance for FEMA's EHP process is available on the DHS/FEMA Website. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program. Applicants should contact their grant Program Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The FEMA EHP review process must be completed before funds are released to carry out the proposed project, otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies. DHS/FEMA may also need to perform a project closeout review to ensure the applicant complied with all required EHP conditions identified in the initial review. If ground disturbing activities occur during construction, the applicant will monitor the ground disturbance, and if any potential archaeological resources are discovered, the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA. EO 11988, Floodplain Management, and EO 11990, Protection of Wetlands, require that all federal actions in or affecting the floodplain or wetlands be reviewed for opportunities to relocate, and be evaluated for social, economic, historical, environmental, legal, and safety considerations. FEMA's regulations at 44 C.F.R. Part 9 implement the EOs and require an eight-step review process if a proposed action is in a floodplain or wetland or has the potential to affect or be affected by a floodplain or wetland. The regulation also requires that the federal agency provide public notice of the proposed action at the earliest possible time to provide the opportunity for public involvement in the decision-making process (44 C.F.R. § 9.8). Where there is no opportunity to relocate the federal action, FEMA is required to undertake a detailed review to determine what measures can be taken to minimize future damages to the floodplain or wetland.

Article 49 - Applicability of DHS Standard Terms and Conditions to Tribal Nations

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, then the acceptance by Tribal Nations, or acquiescence to DHS Standard Terms and Conditions does not change or alter its inapplicability to a Tribal Nation. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribal Nations where it does not already exist.

Article 50 - Acceptance of Post Award Changes

In the event FEMA determines that an error in the award package has been made, or if an administrative change must be made to the award package, recipients will be notified of the change in writing. Once the notification has been made, any subsequent requests for funds will indicate recipient acceptance of the changes to the award. Please email FEMA Grant Management Operations at: ASK-GMD@fema.dhs.gov for any questions.

Article 51 - Disposition of Equipment Acquired Under the Federal Award

When original or replacement equipment acquired under this award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the non-state recipient or subrecipient (including subrecipients of a State or Tribal Nation), must request instructions from FEMA to make proper disposition of the equipment pursuant to 2 C.F.R. section 200.313(e). State recipients must follow the disposition requirements in accordance with State laws and

procedures. 2 C.F.R. section 200.313(b). Tribal Nations must follow the disposition requirements in accordance with Tribal laws and procedures noted in 2 C.F.R. section 200.313(b); and if such laws and procedures do not exist, then Tribal Nations must follow the disposition instructions in 2 C.F.R. section 200.313(e).

Article 52 - Prior Approval for Modification of Approved Budget

Before making any change to the FEMA approved budget for this award, a written request must be submitted and approved by FEMA as required by 2 C.F.R. section 200.308. For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(i) regarding the transfer of funds among direct cost categories, programs, functions, or activities. For awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000) and where the cumulative amount of such transfers exceeds or is expected to exceed ten percent (10%) of the total budget FEMA last approved, transferring funds among direct cost categories, programs, functions, or activities is unallowable without prior written approval from FEMA. For purposes of awards that support both construction and non-construction work, 2 C.F.R. section 200.308(f)(9) requires the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work. Any deviations from a FEMA approved budget must be reported in the first Federal Financial Report (SF-425) that is submitted following any budget deviation, regardless of whether the budget deviation requires prior written approval.

Article 53 - Indirect Cost Rate

2 C.F.R. section 200.211(b) (16) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for the award is stated in the budget documents or other materials approved by FEMA and included in the award file.
