Subject: Dead Horse Permit Extension

Dear Monica and Gina,

Good afternoon,

I am writing in reference to the upcoming expiration of our Dead Horse permits on May 12 and the associated \$3,000 extension fee, which we understand applies to a one-year extension.

As our project only requires approximately three additional weeks to reach completion, we would like to request consideration to petition the council for an alternative extension option. Specifically, we propose a prorated quarterly extension fee of \$750 per permit, which more appropriately aligns with the limited duration needed to complete the remaining work.

We believe this approach would allow us to remain compliant while matching the extension period to the actual time required for completion.

Please advise on the appropriate steps to initiate this petition or if any additional information is required.

Thank you for your time and consideration.

Best regards,

Dani Gavin
