Discussion on Replacement Skid Steer

Public Works Director Craig Leseberg provided an update on the town's skid steer, which recently experienced a major hydraulic failure. He explained that:

- Estimated repair costs range from \$30,000 to \$45,000.
- The machine is five years old with 2,000 hours of use.
- A new replacement skid steer would cost approximately \$106,000.
- The proposed replacement is a Caterpillar model 265HF with an Erskine SB360X Snow Blower.
- The purchase would include a five-year, 2,500-hour warranty.
- The Town has been renting a skid steer for \$1,900 per month, and a comparable unit with a blower would cost \$4,000 per month.
- The new skid steer would be available for delivery as early as Thursday, February 6, 2025.

The Town Council discussed budget implications, leasing versus purchasing, and the necessity of the equipment for snow removal and year-round maintenance.

Councilman Larsen made a motion to approve the lease purchase of a Caterpillar model 265HF with an Erskine SB360X Snow Blower, not to exceed \$106,385.10, and to authorize Mayor Green to sign the contract.
