EXECUTIVE SUMMARY:

As Council will recall, a public hearing was opened on November 9, 2022, as required by Texas Local Government Code Section 372 on levying the assessments for property within the Greystone Public Improvement District (PID). The public hearing is required to gather public comment on the assessments and to act on any objections raised to the assessments. The public hearing was left due to other issues associated with this PID. To move forward and act on an ordinance levying assessments this public hearing must be concluded.

RECOMMENDATION:

Staff recommends that the public hearing be concluded.
