### EXECUTIVE SUMMARY:

### Review Criteria and Findings of Fact:

In making a determination regarding a requested zoning change, the Planning and Zoning Commission and the City Council shall consider the following factors:

- a. Whether the uses permitted by the proposed change will be appropriate in the immediate area concerned, and their relationship to the general area and to the city as a whole. (***Staff concurs the property is more appropriate as single residential as opposed to manufactured housing use on the Land Use Plan.***)

- b. Whether the proposed change is in accord with any existing or proposed plans for providing public schools, streets, water supply, sanitary sewers, and other utilities to the area; ***(There will be no negative impact on said capacity of public improvements).***
- c. The amount of vacant land currently classified for similar development in the vicinity and elsewhere in the city, and any special circumstances which may make a substantial part of such vacant land unavailable for development; ***(Opportunities for infill development are adequate in the surrounding Shanks Rd. area; developing the property as manufactured housing is not feasible and would have an impact on public services and infrastructure).***
- d. The recent rate at which land is being developed in the same zoning classification as the request, particularly in the vicinity of the proposed change ***(Area is at the most southern boundary next to the ETJ, other agriculture and estate sites exist in the area).***
- e. How other areas designated for similar development will be, or are likely to be, affected if the proposed amendment is approved. ***(This rezoning will provide for infill reinvestment, and pose no negative impact on the surrounding area).***
- f. Any other factors that will substantially affect the public health, safety, morals, or general welfare. ***(No factors will negatively affect the public health, safety, morals or general welfare if developed as proposed).***

#### Surrounding Conditions:

#### Existing Land Use and Zoning

**North:** Manufactured Homes (MH) District.

**East:** PD, Planned District, Holding Zone

**West:** Light Industrial District and PD, Planned District, Holding Zone

**South:** City Limits Line, CR 220, ETJ Rural Residential area

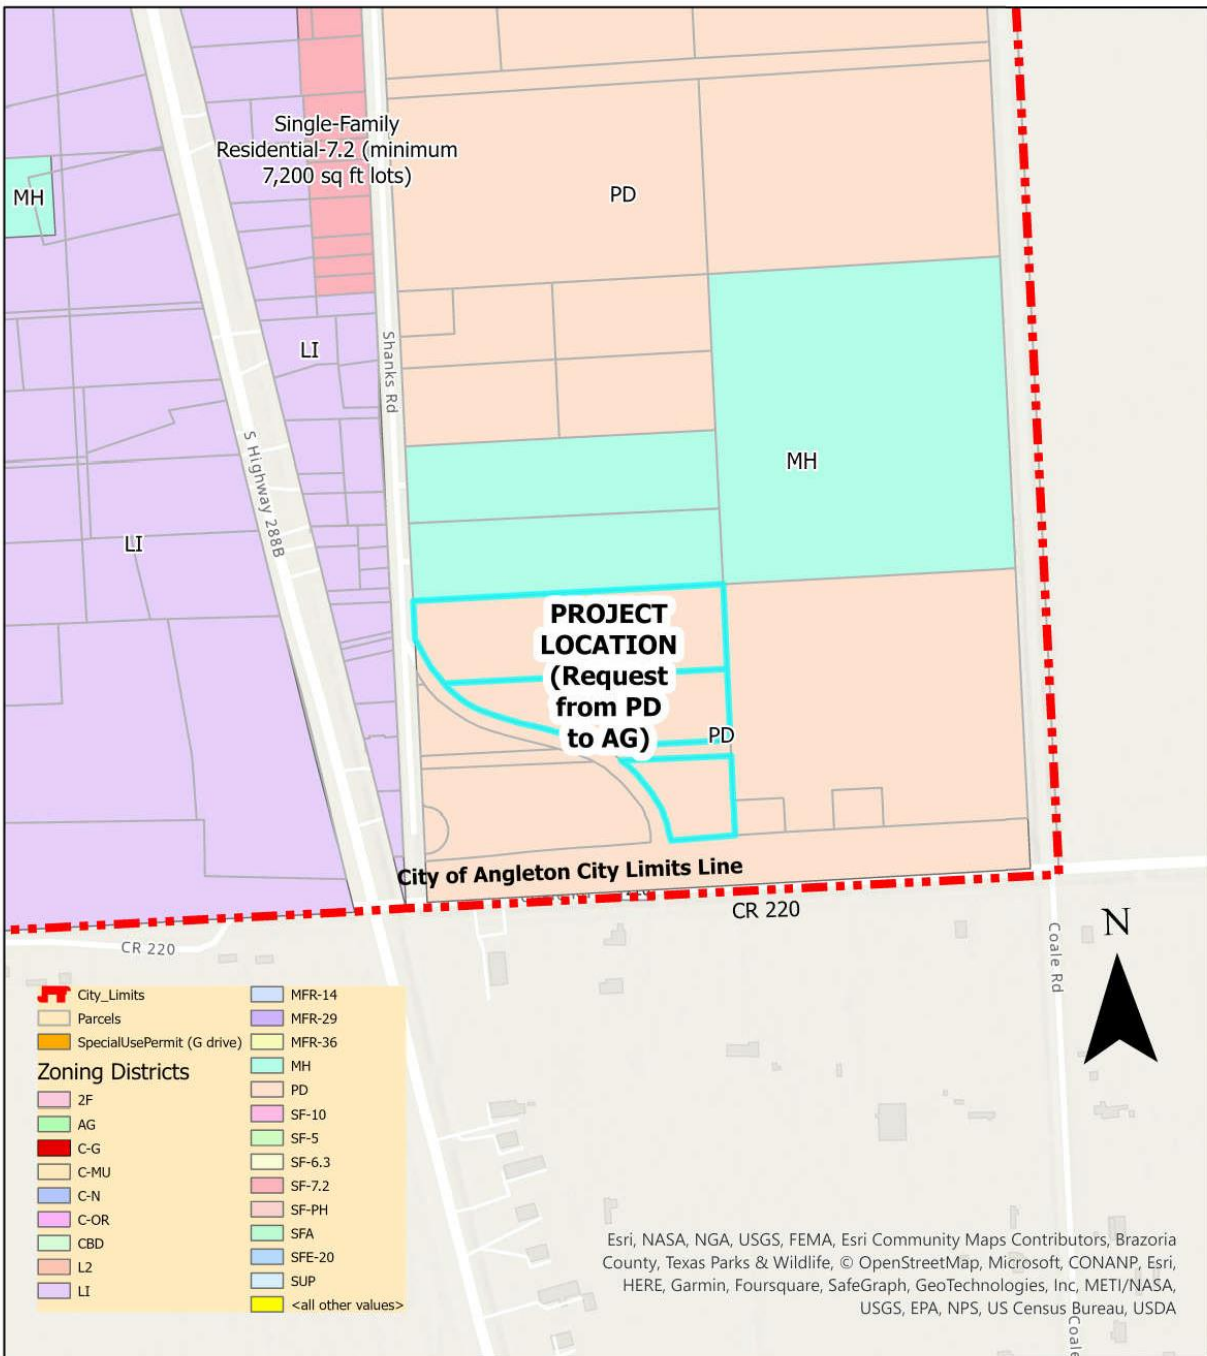

**Future Land Use Map**

The Future Land Use Plan from the City of Angleton Comprehensive Plan Update designates the subject property as **Manufactured Housing Category**. The general vicinity of Shanks Road has primarily single-family housing, with a number of Manufactured Housing units situated adjacent to the project site. Staff supports that a change to the future Land Use Map is advisable due to the impact on utility and infrastructure, if the site were utilized as Manufactured Housing. Note that most of the commercial uses abut the major arterials.
