Re: PT Storage Facility on 2001 N. Valderas Street, Angleton.
Plat, Grading, Drainage and Detention Plan

Dear Mr. Thomas:

The Angleton Drainage District Board of Supervisors, during the special public meeting held on January 18, 2023, unanimously approved the plat, grading and drainage and detention plan for the PT Storage Facility to be located on 2001 North Valderas Street as presented.

As presented, the property consisting of 7.73-acres will be divided into two lots. Lot 1 will be located on the northeast corner and contains 2.957 acres and will consist of proposed of storage facilities and a 2.021-acre detention reserve. Lot 2 consists of 2.754-acres, has an existing barn and possibly a single -family residence in the future. There is a ditch on the west and north side of the property. The ditch is currently within a 30' Drainage easement. The ditch uses the entire drainage easement, measured from top bank to top bank. The proposed plat and plans will add an additional 10' to 15' of drainage easement for maintenance. There will be a shared 20' wide berm between the existing ditch and proposed pond.

Should any additional structures be added in the future, other than those on the plans presented on January 18, 2023, a subsequent review by the Angleton Drainage District will be required to ensure there are no adverse impacts to adjacent landowners.

Approval of this plat, grading and drainage and detention plan in no way represents that the Brazoria County Emergency Operations Center has complied with any federal, state, county or other law, statute, procedure or requirement of any type beyond the approval of the plat, grading and drainage and detention plan approved, with the stipulations listed, if any, in this letter, by the District.

Sincerely,

David B. Spoor, Chairman
Angleton Drainage District Board of Supervisors
