Ashland Section 4 Final Plat Review – 1<sup>st</sup> Submittal Review  
Angleton, Texas  
HDR Job No. 10420700

Dear Mr. Spriggs:

HDR Engineering, Inc. (HDR) has reviewed the plat for the above referenced subdivision and offers the following comments:

**Final Plat**

Sheet 1 of 2

1. For reserves shown in other sections, recommending updating graphic to match similar to existing block graphic.
2. Label bearing and distance for corner tie shown to the Shubael Marsh Survey.
3. Line L22, verify distance shown to match metes and bounds.
4. Line information does not match metes and bounds lines L23-24.
5. Curve C2 does not match metes and bounds.
6. Verify missing line information from POB to C2 (L25?). Update plat accordingly.

Sheet 2 of 2

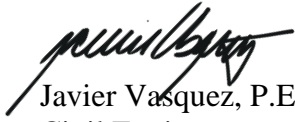

1. Verify and update City Secretary certification as they are also typically the notary for plats and cannot notarize their own signature.
2. Curve information shown does not match curve table for curve C2.
3. Distance shown for line L22 does not match line table. Verify and update distance shown.
4. Verify and update last three courses shown. One course does not match Line Table, while the distance shown for line L23 does not match. L24 is not shown and instead a curve is shown that does not match the curve table.
5. Include Angleton Drainage District Certification Block.

The proposed plat is incomplete. We are unable to complete the review until the recommended corrections/changes are made and the additional information requested is submitted. HDR recommends that the Ashland Section 4 Final Plat be Revised and Resubmitted.

If you have any questions, please feel free to contact us at our office (713)-622-9264.

Sincerely,
