12 ac (Bullard Millennium Joint Venture) Preliminary Plat – 1st Submittal Review
Angleton, Texas
HDR Job No. 10336228

Dear Mr. Reeves:

HDR Engineering, Inc. (HDR) has reviewed the plat for the above referenced subdivision and offers the following comments:

1. A complete plat application shall be provided on the next submittal.
2. Label Owner and Address on the plat.
3. Provide a subdivision name on the plat title block.
4. Provide block, lot, and reserve information in plat title block.
5. Provide Engineer's Certificate found in Angleton LDC Sec. 23-114.
6. Provide topographic contours on the plat per Angleton LDC Sec. 23-117.
7. Update the subdivision name and text shown in the Dedication Statement on the attached plat review.
8. Verification of serviceability and requirements of utility extension is to be coordinated with the City. Extension of utilities would require utility easements within the proposed subdivision and adjacent parcels/tracts (see Angleton LDC Sec. 23-28. - Responsibilities of the subdivider or developer).
9. County Road 340 is a Major Collector with a minimum 80-ft ROW per Brazoria County GIS. Verify 10-ft dedication with Brazoria County. A 20-ft utility easement for future utility extension will be required if utilities are extended along this road.
10. Henderson Road (CR 341) is a Major Collector with an identified 90-ft ROW per current City planning. A 15-ft minimum ROW dedication is required along with 20-ft utility easement for future utility extension.
11. Review and include description information for the subdivision in the field notes and plat drawing.

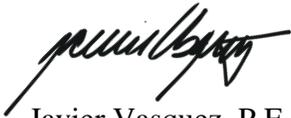

12. Revise text "Tract" to "Lots" on the plat drawing.
13. Note that detention to be verified and noted as a reserve on the Final Plat.
14. Note that a Fire Lane and Fire Easements Certificate found in Angleton LDC Sec. 23-115 is to be provided on the Final Plat.
15. Provide the applicable drainage/detention certificate found in Angleton LDC Sec. 23-115 on the Final Plat.

The proposed plat is incomplete. We are unable to complete the review until the recommended corrections/changes are made and the additional information requested is submitted. HDR recommends that the 12 ac (Bullard Millennium Joint Venture) Preliminary Plat be Revised and Resubmitted.

If you have any questions, please feel free to contact us at our office (713)-622-9264.

Sincerely,

HDR Engineering, Inc.

DEDICATION STATEMENT: NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS, THAT DANIELLE CLARK, acting herein by and through its duly authorized officers, does hereby adopt this plat designating the herein above described property as Angleton Park Place Subdivision, a subdivision in the jurisdiction of the City of Angleton, Texas, and does hereby dedicate, in fee simple, for the public use forever, the streets, alleys and public parkland shown thereon. The streets, alleys and parkland are dedicated for street purposes. The easements and public use areas, as shown, are dedicated for the public use forever, for the purposes indicated on this plat. No building, structure, shrubs, or other improvements or growths shall be constructed or placed upon, over, or across the easements as shown, except that landscape improvements may be placed in landscape easements, if approved by the City of Angleton. In addition, utility easements may also be used for the mutual use and accommodation of all public utilities desiring to use or using the same unless the easement limits the use of particular utilities and use by public utilities being subordinate to the public's and City of Angleton's use thereof. The City of Angleton and public utility entities shall have the right to remove and keep removed all or parts of any buildings, fences, trees, shrubs, or other improvements or growths which may in any way endanger or interfere with the construction, maintenance, or efficiency of their respective systems in said easements. The City of Angleton and public utility entities shall at all times have the full right of ingress and egress to or from their respective easements for the purpose of constructing, reconstructing, inspecting, repairing, maintaining, reading meters, and adding to or removing all or parts of their respective systems without the necessity at any time of procuring permission from the owner.

Drainage Easements Maintained by a Homeowners Association. STATE OF TEXAS § COUNTY OF BRAZORIA § This plat is hereby adopted by the owners (called "Owners") and approved by the City of Angleton, ("City") subject to the following conditions which shall be binding upon the Owners, their heirs, grantees, successor, and assigns:

"Drainage Easements" shown on the plat are reserved for drainage purposes forever, and the maintenance of the drainage easements shall be provided by all of the owners of lots in the subdivision by and through a lawfully created homeowners association to be created by the Owners. The Owners covenant and agree that such a homeowners association (called "Association") shall be created prior to the final acceptance of the City. All Association documents shall be subject to the approval of the City and shall specifically contain covenants binding the Association to continuously maintain all Drainage Easements. Such covenants shall not relieve the individual lot owners of the responsibility to maintain the Drainage Easements should the Association default in the performance of its maintenance responsibility. The Association documents shall also contain provisions that they may not be amended with regard to the Drainage Easement maintenance responsibilities without the approval of the City. The fee simple title to all Drainage Easements shall always remain in the Association. The City and Angleton Drainage District are not responsible for the maintenance and operation of said easements or for any damage or injury to private property or person that results from the flow of water along said easement or for the control of erosion, but reserves the right to use enforcement powers to ensure that drainage easements are properly functioning in the manner in which they were designed and approved.

The City and Angleton Drainage District reserves the right, but not the obligation, to enter upon any Drainage Easement at any point, or points, with all rights of ingress and egress, to investigate, survey, erect, construct, or maintain any drainage facility deemed necessary by the City for drainage and safety purposes. The Owners shall keep all Drainage Easements clean and free of debris, silt, and any substance which would result in unsanitary conditions or obstruct the flow of water, and the City of Angleton or Angleton Drainage District shall have the right of ingress and egress for the purpose of inspection and supervision of maintenance work by the Owners to alleviate any public health or safety issues. The Association hereby agrees to indemnify and hold harmless the City from any such damages and injuries.

OWNER'S ACKNOWLEDGEMENT: STATE OF TEXAS § COUNTY OF BRAZORIA § The owner of land shown on this plat, in person or through a duly authorized agent, dedicates to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown for the purpose and consideration therein expressed.
