### EXECUTIVE SUMMARY:

Staff will present playground proposals for Abigail Arias Park for City Council's review and consideration as part of the overall park development project funded through the Texas Parks & Wildlife Department (TPWD) Local Park Grant and required City match. The playground is a key component of the approved project scope, which also includes a splash pad, trails, and native landscaping, all subject to TPWD design and eligibility requirements.

Staff received two BuyBoard proposals for the playground installation:

- Cunningham Recreation
- Lonestar Recreation

Both proposals include conceptual playground, and renderings are included in your packet for review and comparison.

Staff is seeking City Council direction regarding the preferred playground concept and proceed with coordination and approval from TPWD on final plan review.

Upon completion of TPWD review and confirmation of final costs, staff will return to City Council at the February 10, 2026, meeting with the final agreement for consideration and approval.

### RECOMMENDATION:

Staff recommends that City Council review the playground proposals for Abigail Arias Park, provide direction on the preferred vendor, and authorize staff to proceed with design development and coordination, pending final TPWD plan approval.
