

AGENDA ITEM SUMMARY FORM

MEETING DATE: 1/9/2024

PREPARED BY: Megan Mainer, Director of Parks & Recreation

AGENDA CONTENT: Discussion and possible action on the installation of LED lighting at BG Peck Soccer Complex.

AGENDA ITEM SECTION: Regular Agenda

BUDGETED AMOUNT: \$4M **FUNDS REQUESTED:** \$172,000.00

FUND: TBD by ABLC

EXECUTIVE SUMMARY:

On Monday, November 13 ABLC approved the following projects for a \$4M bond:

- Abigail Arias Park development
- Freedom Park improvements
- Angleton Recreation Center (maintenance improvements and master plan)
- BG Peck Soccer Complex lights (1st priority) and field grading/park drainage improvements (2nd priority)
- Drainage improvements in flood-prone areas in the City limits, which are beyond the responsibility of the Angleton Drainage District (per ABLC bylaws – specific projects were not designated)
- Land, buildings, equipment, facilities, and improvements to enhance the City of Angleton’s public park facilities, suitable for amateur sports, entertainment, tourist, and public park purposes and events, including parks and park facilities, open space improvements, and related parking facilities, roads, water and sewer facilities, and other related improvements that enhance any of those items (this is a general item/verbiage ABLC agreed to add so that if we had remaining funds we could allocate them to other projects mentioned in this item)

Enclosed in the agenda packet are updated BuyBoard quotes for BG Peck Soccer Complex lighting.

- Option 1: Installation of electrical, three poles, and LED lights on field nine.
- Option 2: Replacement of existing lights with LED lights on fields 10 and 11.

On December 19, 2023, staff contacted the Angleton Soccer Club President to determine if the Angleton Soccer Club Board would like to contribute funds to the project. The Angleton Soccer Club Board will revisit funding when ABLC decides on lighting and dirt work funding. Angleton Soccer Club may devote additional funds to dirt work as dirt work is their top priority.

RECOMMENDATION:

Staff recommends ABLC approve Option 1 consisting of the Installation of electrical, three poles, and LED lights on field nine.
