Re: On-Going Services
Ashland Section 5 Subdivision Preliminary Plat – 1st Submittal Review
Angleton, Texas
HDR Job No. 10361761

Dear Mr. Spriggs:

HDR Engineering, Inc. (HDR) has reviewed the preliminary plat for the above referenced subdivision and offers the following comments:

Sheet 1 of 2

1. Verify all P.U.E. requirements (e.g. locations) are met with private utility companies including interior/side lot easements.
2. Remove plat note #18 if not applicable.
3. Verify and update bearing information shown in the metes and bounds description (Typical):
 - a. Metes and Bounds - Show this information in an inset on the plat in connection to the point of commencement.
 - b. Metes and Bounds - Bearing does not match line table (L9).
 - c. Metes and Bounds - Information does not match curve table for curve C2.

Sheet 2 of 2

1. Verify and update associated dedication of proposed P.U.E. with this plat to be 7.5'. The 15' dimensioning can be placed as reference.
2. Recommend providing contours in grayscale lineweight so other plat information is legible.
3. Label point of beginning on the plat.
4. Curve C2 information (radius, central angle) does not match metes and bounds description.
5. Line L9 bearing does not match metes and bounds description.
6. Verify and update label to read Proposed Ashland Section Six.
7. Show linetypes in plat legend or label on plat drawing.
8. Provide a plat legend for this sheet.

The proposed plat is incomplete. We are unable to complete the review until the recommended corrections/changes are made and the additional information requested is submitted. HDR recommends that the Ashland Section 5 Subdivision Preliminary Plat be Revised and Resubmitted.

If you have any questions, please feel free to contact us at our office (713)-622-9264.

Sincerely,

HDR Engineering, Inc.
