EXECUTIVE SUMMARY:

Ashland Development is part of a Strategic Partnership Agreement within MUD-82 (April 29, 2024), and also a Development Agreement executed with the City on June 6, 2023.

The Ashland Development developer is requesting minor adjustments to the lot layout. The primary change involves increasing the product type from 50' to 60' lots in this section. This adjustment required shifting lot lines to accommodate the increased width. As a result, the lot count was reduced from 59 lots to 49 lots. The boundary was revised slightly; however, the ROW and reserve acreage remains unchanged. For clarification, the black linework represents the originally approved plat, while the orange highlights show the revised layout.
