

**CITY OF ANGELS
CITY COUNCIL
RESOLUTION No. 24-090**

**RESOLUTION APPROVING ADDITIONAL WORK FOR THE BOOSTER WAY SEWER
REPLACEMENT PROJECT IN THE AMOUNT OF \$15,000**

WHEREAS, the Booster Way sewer crossing of Angels Creek and China Gulch represents a critical element in the East Angels Trunk Sewer system serving large areas within the City; and

WHEREAS, upgrade of the sewer crossing has been identified as a high priority objective in the City wastewater master plan and would correct a hydraulic bottleneck and historical source of sewer overflows during significant rain events; and

WHEREAS, increasing the capacity of the sewer crossing would also facilitate approved development in the upstream sewer shed; and

WHEREAS, to further support the objectives of the Booster Way Sewer Replacement Project, the contractor constructed erosion control measures along Angels Creek and winterized the access road to Tryon Park; and

WHEREAS, Sutton Enterprises was onsite and mobilized, the City recognized cost savings for this work and likely avoided greater future costs if the work was deferred to the next sewer replacement project; and

NOW, THEREFORE, BE IT RESOLVED, that the City of Angels City Council does Approve Additional Work for the Booster Way Sewer Replacement Project in the Amount of \$15,000.

PASSED AND ADOPTED this 3rd day of December 2024, by the following vote:
