

CITY OF ANGELS
APPLICATION FOR
LLD COMMISSION APPOINTMENT

Name: Raymond Romero

Address: 674 Greenstone Way Angels Camp CA 95222

Phone Number: 209.591.7477 Registered Voter? Yes No

E-mail address: rromeroacamp@gmail.com Years of ownership in the LLD? 7.5

What experience, knowledge and insight in the LLD and/or Civic Participation can you provide to the Commission?

I Attended many of the LLD meetings held by Rebecca Neilan to better understand where our tax dollars were being spent and the need to increase the fees. When the opportunity came up in late 2023 I applied to volunteer as a committee member and was accepted in. I had witnessed the immediate improvement in our landscape and lighting when the original volunteers took action. I have an Animal Science Degree from Cal Poly SLO and post graduation worked as a manager on a horse and cattle operation. Later working in the poultry production field for Foster Farms and Diestel turkey managing facilities, training and personnel and working with various entities to ensure compliance from a LLD aspect, what three things do you believe the City is doing well? And certifications.

1. Allowing a volunteer group that works very well together to offer solutions and improvement to keep our neighborhood looking good and keeping areas previously neglected back in shape.
2. Allowing committee volunteers to seek out low cost quality vendors to get the best "bang for our bucks"
3. Ensuring that speedy approval for projects and improvements are being done

From a LLD aspect, what three areas does the City need to improve on the most?

1. make sure the volunteer committee is a cohesive group
2. Continue to support the LLD while working within the constraints of the Engineers Report and the District Funds
3. Steve Williams has done an exceptional job supporting the needs and desires of the LLD committee and I would like to see this positive relationship

Submit completed applications to www.angelscamp.gov or hand-deliver to City Hall, 200 Monte Verda, Angels Camp

LLD Bio

Greeting City Staff, council Members and local residents.

I would like to be considered as a volunteer on the LLD Committee.

My Name is Ray Romero and myself and my wife I have resided in Greenhorn Creek for over eight years. We came from Turlock after retirement and found a wonderful friendly golfing community to call home. We enjoy the well maintained community and even though it still gets hot in the summer it's an easy escape to the mountains to cool off.

I attended many of the LLD meetings held here in Greenhorn to better understand what our LLD tax dollars were being used for. When the opportunity came up I felt compelled to play a part in keeping our community maintained in the best possible manner. I saw the immediate improvement in our landscaping and lighting when the first volunteers in the LLD committee became involved, identifying areas that were under disrepair and neglect. Also making major landscaping improvements as well as historical trail restoration.

I have an Animal Science Degree from Cal Poly San Luis Obispo. After graduation I worked as a farm manager at a Thoroughbred horse breeding operation and cattle ranch in Buelton then onto a cattle operation in Carmel Valley. Later I moved to the Central Valley, here my work experience was in the turkey raising business. I have worked for Foster Farms and Diestel Turkey. My duties included budgeting, keeping production farms and equipment in working order and working with management practices with both company owned and contract facilities. I also was involved with personnel training and working with various outside entities to ensure all certifications were followed in our daily production practices. I have worked with a wide variety of people to ensure that production was maintained at a high level.

I have had the opportunity to volunteer on the GHC LLD committee since December of 2023. What I think makes this committee special is working alongside a cohesive passionate group who wants to continue to improve and maintain a very special community here in Angles Camp and ensure our LLD funds are spent in the most efficient, effective and cost saving way to keep our community looking great and keeping our property fire safe.

I would like to continue to act as a volunteer and keep the positive improvements in our community a top priority in the LLD areas of responsibility.
