Hi Amy,

Currently I'm working on the form. I will also have to have my landlord sign it. Hopefully that is a simple task. I do have my design. My plan is to have my logo and the address on my door in Black, cut out vinyl lettering. I also would like a hanging sign. May I put a pot and flowers in between my door and the neighbors? Or do I need to permit for that also? I attached the logo design. Permit application coming ASAP.

Thank you,
Erin
