

CITY OF ANGELS PO Box 667, 200 Monte Verda St. Suite B, Angels Camp, CA 95222 P: (209) 736-2181

**DATE:** November 24, 2025

**TO:** City Council

**FROM:** Steve Williams, Interim City Administrator

**RE:** **RESOLUTION 25-100 - APPROVING TASK ORDER 30 TO THE AGREEMENT WITH DEWBERRY ENGINEERS INC. FOR THE VALLECITO ROAD SEWER REPLACEMENT PROJECT – CONSTRUCTION MANAGEMENT, INSPECTION, AND ENGINEERING SERVICES DURING CONSTRUCTION, AND AUTHORIZING THE INTERIM CITY ADMINISTRATOR TO EXECUTE THE TASK ORDER**

**RECOMMENDATION:**

It is recommended that the City Council execute Task Order No. 30 with Dewberry Engineers Inc. (Consultant) for a not to exceed amount of \$183,000 for construction oversight/engineering services during construction for the Vallecito Road Sewer Replacement Project.

**BACKGROUND:**

The Vallecito Road sewer is an integral element of the East Angels trunk sewer system. Replacement of the sewer was identified in the City Wastewater Master Plan and is included as Project WWCS-1 in the City five-year water/wastewater capital improvement program. Following completion of the Booster Way Sewer Replacement Project in 2024, the Vallecito Road Sewer Replacement Project represents the next project in the expansion of the East Angels Trunk Sewer, the major wastewater conveyance system for the City.

The project consists of the installation of 1,650 ft of 12-inch sewer pipeline, eleven manholes, 340 ft of 8 inch waterline, 120 ft of 6-inch waterline, valves, and connections to the existing water and sewer systems. Work also includes removal of abandoned pipelines, manholes, and appurtenances; bypass pumping/piping; and traffic control. The duration of the construction contract is 180 calendar days.

**DISCUSSION:**

The Project was bid September 25, 2025. The project was awarded to R Sutton Enterprises LLC for the 180 calendar day Project for a contract amount of \$1,382,475. The Project is scheduled to commence on December 1, 2025, and is scheduled to be completed May 29, 2026. The City has requested assistance from Consultant in construction oversight of the Project including construction management, inspection, and engineering services during construction. Inspection services and materials testing will be furnished by UNICO and Crawford and Associates under contract to Dewberry.

**FISCAL IMPACT:**

Costs for engineering services during construction are \$183,000.

The Finance Director has been consulted, and there are adequate funds within the existing project budget to accommodate this action.

**ATTACHMENT:**

Task Order No. 30 to Agreement for Professional Consulting Services with Dewberry Engineers Inc. effective July 6, 2022.
