

CITY OF ANGELS
APPLICATION FOR
PLANNING COMMISSION APPOINTMENT

Name: Gary L. Gordon

Address: Angels Camp

Phone Number _____ Registered Voter? Yes ☒ No ☐

E-mail address: _____ years of residency in Angels Camp? 15

What experience, knowledge, and insight in City Planning and/or Civic Participation can you provide to the Commission?

I have been on the Angels Camp Planning Commission for over 10 years. I also serve as a Director for the Lockeford Community Services District in Lockeford where I have a second home. I have served on this board for over 23 years. Both of these positions have given me insight in city planning. In Lockeford I was involved in planning our City Park and Community Center. I also oversaw a 3-year restoration of our 1875 school house in Lockeford as well served as historian for the restoration of San Joaquin Park & Recreation of our 1866 Church, located at our Cemetery which I serve as President of.
From a City Planning aspect, what three things do you believe the City is doing well? both.

1) The Planning Commission has, under Amy, has brought up to date ordinances throughout the city.
2) I believe the city has a good work force. The city hall functions well, sewer and water works thanks to good dedicated workers.

3) The renovation of Utica Park, the museum and most complex with the minor Rausdhouse and museum are good for the city.
From a City Planning aspect, what three areas does the City need to improve on the most?

1) The Angels Creek trail. This will increase tourists to the city.

2) The Area (south main / Hwy 49) needs some care and improvements, i.e. sidewalks, the stone raised walk needs restoring, this adds to appearance and safety for visitors and residents to walk the area.

3) In historic downtown area working on getting property owners to repair their buildings and to rent them. I say those that rent out their buildings.
