

Aniak Public Library Monthly Report

Our hours are from 3-6PM Wednesday, Thursday, Friday and 1-6 on Saturdays. Currently Leona and I are weeding out books and our plan is to offer them for free at the decathlon and school to students or otherwise free at the library. I'm working out a system for checking out Chrome books. We are reorganizing to the best of our abilities at the moment. I'd like to hang up flyers that list our current hours and create a new Facebook account to inform the public of hours and events. After getting organized we'd like to host reading aloud to children and craft time and possibly a movie night. With the space we have now it would be great to create a space to cater to younger children and have an area with puzzles, coloring, and blocks. For adults a craft night would be something I'd host or potentially a book club to encourage community members to read. Another idea that I have is to create kits for others to check out for example sewing kits, knitting/crocheting kits. And search for funding for STEM kits it's something I've used from Anchorage Public Libraries and it was something that intrigued myself and my children.
