Public Works Monthly Report

The Landfill has been working out well, we've been pushing it everyday. Seem's to work out. The roads are ok, keeping them up as best as I can. Sewer has been doing ok need to look at airport lift station for a short, after moose season. We've been budgeting our fuel consumption until our fuel gets here, at the end of the month. We have received our bobcat and are reading a manual to learn all about it, we'll be ordering oil and what not for it soon. Everything has been going pretty good.
