

Invitation to Plan Our Future

Express Our Values -- Create Our Vision -- Define Our Community Future

We are making a plan for our community. Come and help. The plan will be based on our common values. It will express a "unity of purpose" for our community. Our value-based plan can strengthen our community's self-reliance and self-determination.

This meeting is an opportunity to help create a picture of what you would like to see when you look out the window of your home, and what kind of a place you want our village to be like in 20 years.

Our goal is to manage change in our community, to present our needs to others, and to help guide different funding sources when they come into our community.

Please Come -- Share your thoughts, listen. Bring a friend. Help make our future.
