

**Leon L. Kiana**  
City Manager Report  
April 20, 2023

I attended the Northwest Managers Conference in Fairbanks March 28-31. Points of interest included the global warming continues to have an on-going impact in our environment in Alaska. How we deal with this will depend on our forward-looking plan within our communities. Climate change will continue to impact us through trends through mitigation and our community's adaptation to this trend.

I have prepared and submitted a SAFER grant to fund a paid Fire Chief. Other duties included for this position would be getting certified Volunteer Fire Fighters, EMTs and First Responders. This may also serve to start a Search & Rescue Team. This proceed in the works and we will be hearing from them soon.

FEMA are coordinator plans to be in Aniak July 19 – 20 to review and possibly update our Flood Insurance Study (FIS) which was originally done on April 2, 1990.
