

Public Works Monthly Report

January was a busy month. On top of all this inconsistent weather, we were able to get the Volvo back up and running. I was able to get a little practice using that machine as the dump was on fire at the time. The day before we tackled the main source of the fire with the water truck. Towards the end of the month, we had a hydraulic line give out on the grader the day before we got that foot and a half of snow over the weekend. Dakota and I both took a day over the weekend to deal with the roads.
