

## Public Works Monthly Report

This has been a bit of a slower month. We started to haul fuel in 250 Gallon tanks to keep on top of the fire station's heating fuel. We transferred about 500 gallons. We also took the opportunity to push the dumps with the dozer while the temps were higher than usual. We also dealt with a trash basket that wasn't quite full with plans on doing another soon. We replaced a few lights to the newer automatic lights both outside of the shop and also the library. We went and were able to get both water trucks started and let them run for a bit before shutting back down.
