Public Works Department Report

Everything is running smoothly. Stephen and Francis made it to Fairbanks for training. We received our fuel on Friday, October 6th, and topped off all the city buildings.

We had a few glitches in the lift stations, but we got all of that fixed. The roads are in pretty good shape for winter, or until it thaws. We weren't expecting snow this early, we'll have to put chains on the grader if it continues.

The Landfill is in pretty good shape. It will be easier to maintain as winter progresses.

We received our skid steer bobcat. Really nice piece of equipment, it will come in handy.

Respectfully,

Charles Lang Sr.
