

## **Recommended code changes to include “digital products”**

- Add definition of “digital good” to Section 5.30.020:
  - “Digital good” means any product delivered electronically (whether downloaded, streamed or subscribed to). A digital good generally takes the form of a license to use or store in a digital or electronic format. Digital goods are generally intangible property for purposes of this chapter.
- Add definition of “digital service” to Section 5.30.020:
  - “Digital service” means any service delivered electronically that uses one or more software applications. Digital service includes any service that primarily involves the application of human effort by the seller, and the human effort originated after the customer requested the service, provided the service is delivered electronically.
- Update definition of “Sale” in Section 5.30.020 to include a new paragraph 3.
  - 3. Every sale of digital goods or digital services.
