To Whom It May Concern.

The Anthony Police Department is excited to hear about the Attorney General's grant for law enforcement agency equipment. Formally our department would like to request funding for new tasers through Axon. Our department has five full-time officers with one part-time as needed officer. We are currently using Axon taser X26p tasers that are over a decade old. The X26p tasers are being taken out of circulation, where we need to update to a newer model. Effectively this grant will help us transition to newer modeled tasers, eliminating one costly burden that we are facing with the X26p going out of circulation. The cost without opportunity for grant funding is a severe challenge for an agency our size, with an annual budget not capable of affording such a task. Enclosed is a detailed budget for five new tasers to include the taser, holsters, batteries, charging station, cartridges, and warranties.

Overall cost:
\$19,996

Itemization:
Five tasers
Five holsters
Rechargeable battery dock
Live taser probes
5 batteries
Extended warranties

Please see the attached quote from Axon.

Sincerely,
Nathan J. Houston, Deputy Chief of Police
Anthony Police Department
