Anthony Municipal Airport Application

The City has received KDOT Aviation grants in the past. Each grant has been utilized in a timely, efficient manner to take full advantage of not only the KDOT Aviation grant funds, but also the local match.

KDOT Aviation has entrusted the City of Anthony with these multiple grant opportunities. Each time, the City has acted swiftly and responsibly to provide the local and state aviation system with the best possible outcome. The next evolutionary step for the airport is to add the means to provide pilots with the reliability for ground conditions. The City is requesting the support once again to assist the local and regional aircraft community.

Kansas Airport Improvement Program (KAIP) Application Form

Submittal Date 9-22-21

Indicate by checking the corresponding box below for (See KAIP Guidelines for information on these categories):

- c) Emergency Grant Application

Check One

FY 2023 FY 2023 begins July 1, 2022 **CURRENT YEAR OUT OF CYCLE** **EMERGENCY**

Applicant/Sponsor: City of Anthony

Airport Identifier: ANY

Project Category: Preservation Modernization Equipment Design/Planning
See KAIP Program Guidelines for category descriptions

Project Description (Use additional sheets as necessary):

Install AWOS tower and equipment and Beacon with tower on ANY.

280,500.00

Total Project Costs.....\$ 280,500.00

We understand that if the project is approved, the Kansas Department of Transportation will participate in the project cost at the rate identified in the KAIP Program Guidelines as published on the KDOT Aviation website (<http://www.ksdot.org/divAviation>), not to exceed \$800,000 of state funds (\$1,600,000 for new primary runways; \$1,200,000 for full-depth reconstruction of existing primary runway). The Sponsor will be responsible for letting the contract for bids and supervising construction. Construction engineering is an eligible cost on construction contracts. Design is not an eligible cost except through a separate design grant.
