

# | Agenda Item | cover sheet

for consideration by the Apex Town Council

Item Type: CONSENT AGENDA

Meeting Date: May 27, 2025

## Item Details

Presenter(s): Michael S. Deaton, P.E., Director

Department(s): Water Resources

### Requested Motion

Motion to approve a multi-year standard services agreement between Cape Fear Water Solutions, Inc., and the Town of Apex, for chemical management and maintenance at Middle Creek Water Reclamation Facility and various other pump stations, effective July 1, 2025, through June 30, 2028, and to authorize the Town Manager, or their designee, to execute on behalf of the Town.

### Approval Recommended?

Yes

### Item Details

Cape Fear Water Solutions, Inc., will provide chemical delivery to the Middle Creek Water Reclamation Facility and to various Town of Apex (Town) pumping stations. These chemicals will help control odor and reduce corrosion of critical pump station, pipe, and air-release valve components. Additionally, the vendor will perform necessary chemical tank maintenance and key atmospheric monitoring for hydrogen sulfide gas.

The Town requested bids for this service on February 5, 2025, and received proposals from 3 vendors. Cape Fear Water Solutions, Inc., met the minimum level of service requested for the overall lowest cost. If approved, this agreement would be in place for a period of 3 years and would save the Town over \$100,000 annually as compared to the previous contract in place.
