QUESTIONS

TOWN OF APEX METHOD OF ELECTION

Nonpartisan Plurality Method: All candidates for a position are listed on the ballot, without party affiliation. The top vote-getters are elected, regardless of whether or not they received a majority of votes cast. If the contest is for more than one seat, the person or persons receiving the next-highest vote totals are also elected. For example, if 5 candidates are running for 2 seats, the candidates that finish first and second are elected. The general election is held in November and there is no primary.
