Advisory Boards have been established to increase community input and participation in Town government. Some advisory boards exist to advise and make recommendations on important policy matters to the Apex Mayor and Town Council, while others have regulatory responsibilities that are established by law.

Members of advisory boards provide an invaluable service to our Town, and the Town of Apex Mayor and Town Councilmembers appreciate the interest of all residents willing to serve their community through participation on Town advisory boards.

The Apex Mayor and Town Councilmembers are committed to appoint diverse, qualified, and dedicated people to these advisory boards to achieve board membership with people of all ages, interests, and backgrounds. All appointments are taken with great care by the governing body for the Town of Apex. Factors considered in appointments and reappointments include eligibility, civic and political participation, equitable geographic and diversity representation, skill sets, and board attendance.

Applicants seeking appointments to a specific board are strongly urged to attend several meetings of the board prior to completing and submitting an application.

Completed applications are retained in the Office of the Town Clerk until such time that a vacancy occurs or for up to one-year from the application submission date. Please note, your completed application is subject to public inspection upon request.

**Please briefly describe your job function and core duties,**

I serve as an Engagement Experience Manager at Verizon, where I lead strategic initiatives focused on improving employee and customer experiences, operational effectiveness, and organizational performance. My responsibilities include analyzing data, identifying opportunities for improvement, developing and implementing programs, collaborating across diverse teams, and measuring outcomes to drive sustainable results.

I also serve as Director of Operations for the United Nations Association of New York, where I oversee organizational operations and help lead programs, events, volunteer initiatives, and partnerships that advance the organization's mission. In this role, I coordinate across diverse stakeholders, manage complex initiatives, support strategic planning, and help translate organizational goals into actionable programs and measurable outcomes.

## Interest and Civic / Volunteer Experience

---

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

I want to actively contribute to the community my family and I call home and help ensure that Apex continues to grow thoughtfully while maintaining the qualities that make it a "peak" place to live. As a resident and mother of four, I care deeply about how decisions involving growth, development, infrastructure, transportation, public safety, and community resources affect families today and in the future.

I bring a diverse background in public service, military service, emergency medical services, operations leadership, research, and nonprofit leadership. I hold a Doctorate in Leadership and Innovation from NYU and currently work in operations and experience leadership at Verizon. I am a U.S. Army veteran and have approximately 17 years of experience in emergency medical services. I also serve with the U.S. Air Force Auxiliary as a Character Development Instructor, Health Services Officer, and Emergency Services/Search and Rescue Officer.

Additionally, I serve as Director of Operations for the United Nations Association of New York and lead volunteer teams supporting U.S. government and international-affairs initiatives. These experiences have taught me how to evaluate complex issues, analyze data, listen to different perspectives, collaborate with diverse stakeholders, and make thoughtful decisions with long-term consequences in mind.

I would bring that same evidence-based, collaborative approach to the Planning Board. I am particularly interested in helping Apex balance responsible growth with infrastructure capacity, public safety, quality of life, environmental considerations, and the needs of both current and future residents.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

1. Analytical and evidence-based decision making: My doctoral research and professional experience have trained me to evaluate complex information, analyze data, ask critical questions, and consider both immediate and long-term consequences before making recommendations.

2. A multidisciplinary public-service perspective: My experience as an Army veteran, longtime EMT, emergency services/search and rescue officer, health services officer, nonprofit operations leader, and corporate operations professional allows me to consider development from multiple perspectives, including public safety, infrastructure, accessibility, families, emergency preparedness, and quality of life.

3. Collaborative leadership and community focus: I have extensive experience leading diverse teams and working with people who bring different perspectives and priorities to the table. I would approach Planning Board matters with an open mind, listen carefully to residents, applicants, Town staff, and fellow board members, and work toward practical solutions that serve the long-term interests of Apex.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

1. Support responsible, well-planned growth. I would work to ensure development proposals are carefully evaluated in the context of Apex's long-term plans, infrastructure capacity, transportation needs, community character, and residents' quality of life.
2. Incorporate public safety and community resilience into planning decisions. Drawing upon my EMS, military, health services, and emergency-services background, I would bring particular attention to how growth and development interact with emergency access, transportation, pedestrian safety, infrastructure, and the ability of public services to support a growing community.
3. Strengthen informed and community-centered decision making. I would prioritize understanding residents' concerns, reviewing the evidence and planning considerations behind proposals, and making recommendations that balance the rights and needs of property owners, current residents, businesses, and Apex's long-term future.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

I currently volunteer with the U.S. Air Force Auxiliary/Civil Air Patrol as a Character Development Instructor, Health Services Officer, and Emergency Services/Search and Rescue Officer with the Raleigh-Wake Composite Squadron. Several of the cadets I serve are Apex residents, allowing me to contribute directly to the development of young people within our community. In these roles, I mentor cadets in character, ethical decision-making, leadership, health and safety, while also supporting emergency-services training and preparedness. Civil Air Patrol's cadet program emphasizes leadership, character, community service, and emergency-services skills, helping prepare young people to become responsible and engaged citizens.

I also serve as Director of Operations for the United Nations Association of New York and have extensive volunteer leadership experience supporting humanitarian, public-service, and government-related initiatives. Across these roles, I have developed and led programs, coordinated volunteers, mentored young people and emerging leaders, and worked with diverse groups toward shared community goals.

**Please list any governmental board (noting the length of time) on which you are currently or have previously served that might distinguish your application from other candidates.**

I have not yet served on a municipal or governmental board. However, I have extensive public-service leadership experience through my service as a U.S. Army veteran, my current leadership roles with the U.S. Air Force Auxiliary/Civil Air Patrol, and volunteer leadership supporting U.S. government initiatives. I am eager to bring this experience into municipal service and would be honored for the Apex Planning Board to be my first opportunity to serve the Town in an official advisory capacity.

**Have you read the current Charter and Scope of Responsibilities associated with the board you seek to serve on**

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

I'm interested in serving on this board because I care about contributing to the continued growth and quality of life in Apex. As our community continues to expand, I believe it's important to have engaged residents who are willing to listen, collaborate, and thoughtfully consider the needs of both current and future residents.

I would bring a professional, organized, and solutions oriented mindset to the board. I value clear communication, fairness, and community engagement, and I'm comfortable working with different perspectives to help reach balanced decisions. I'm especially interested in ensuring that growth, community resources, and long term planning continue to reflect the values that make Apex a strong and welcoming town.

In addition to my professional experience managing projects and working with diverse groups of people, I'm motivated by a genuine desire to give back to the community and become more involved in local government and civic service. I would approach the role with reliability, preparation, and a willingness to learn.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

1. I would bring a collaborative and community focused perspective to the board. I value listening to residents, understanding different viewpoints, and helping find practical solutions that support the long-term success of Apex.

2. My professional experience in project coordination and communication has helped me develop strong organizational, problem solving, and decision making skills. I can contribute thoughtful preparation, attention to detail, and a reliable work ethic when reviewing issues and participating in board discussions.

3. I am genuinely invested in the future of Apex and want to contribute positively to the community's growth and quality of life. I would approach the role with professionalism, openness to learning, and a commitment to serving the best interests of residents and the Town as a whole.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

1. Support thoughtful and balanced growth that preserves the character of Apex while also planning responsibly for future residents, infrastructure, and community needs.

2. Encourage stronger community engagement by helping residents feel informed, heard, and included in local discussions and decision making processes. I believe transparency and communication are important to building trust and participation.

3. Contribute to initiatives that improve overall quality of life in Apex, including maintaining strong public spaces, supporting local businesses, and promoting long term planning that keeps the town welcoming, accessible, and sustainable for all residents.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

My recent volunteer experience has included supporting food pantries in Wake County as well as participating in fundraising and awareness runs for organizations focused on St. Jude Children's Research Hospital and breast cancer awareness initiatives. Through food pantry volunteer work, I had the opportunity to help support individuals and families facing food insecurity by assisting with organization, distribution, and community support efforts.

Participating in charity runs and awareness events allowed me to contribute to causes that promote health, research, and community connection. These experiences strengthened my appreciation for service, teamwork, and community involvement, and they reinforced the importance of supporting programs that improve quality of life for residents both locally and beyond. I believe volunteerism helps create a stronger and more connected community, which is something I value for Apex.

## Interest and Civic / Volunteer Experience

---

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

I am applying to serve on the Apex Planning Advisory Board because I am deeply interested in responsible, thoughtful growth in our community. Having lived in Apex for the past four years, I've been impressed by the town's rapid but well-managed development, and I would like to better understand the planning processes that shape our future.

As a current member of the HOA Board at The Retreat at Cedar Crossing, I have gained valuable experience in community governance, listening to resident concerns, and balancing growth with quality of life. I am eager to bring this perspective to a broader level and contribute to decisions that will impact Apex for years to come. I am currently enrolled in Peak Academy. I am particularly interested in learning how the town balances residential growth, commercial development, green spaces, and infrastructure needs. I am committed, detail-oriented, and passionate about helping maintain the character and livability that make Apex such a special place.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

With having a fairly large populations of active Seniors, I could represent that group with my ideas around the importance of planning for that group as well. With having the background of the Peak Academy I have a broad perspective of the town already. Being a part of my HOA at Retreat at Cedar Crossing I have a small idea of the local communities needs. I also was the point person with applying for the community beautification grant and was awarded that so I could act as an advocate for other communities to apply.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

Focus on how planning decisions impact daily life — including traffic flow, walkability, parks, and neighborhood infrastructure — so that growth benefits current and future residents. Bring practical insights from my experience on the HOA Board at The Retreat at Cedar Crossing to help ensure residential concerns are fairly considered in planning discussions. Ensure that new development in Apex balances progress with preserving the town's character, green spaces, and small-town feel that attracted so many of us here.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

I currently serve on the Board of Directors for The Retreat at Cedar Crossing HOA in Apex. In this role, I help make decisions that directly impact our community's quality of life, including maintaining common areas, reviewing architectural requests, managing vendor relationships, addressing resident concerns, and ensuring our neighborhood remains well-kept and harmonious.

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

Living in Raleigh, Durham Area since 2015.

Qualifications: MBA from NC university and Computer-science college degree with 20 years of experience.

Profession: Enterprise/Solutions Architect

Served as HOA Architecture Chairman and Vice President 2023 to 2026.

Served as Vice President, Public Relations, Toastmasters Club 2023 to 2025

My interest in serving on the Apex advisory board stems from a deep commitment to community development, supported by my MBA and Computer Science degree, along with 20 years of professional experience, particularly as a Software Architect. In this role, I have honed my skills in system design, technical leadership, and collaborative problem-solving.

As the Architecture Chairman and Vice President of my HOA from 2023 to 2026, I gained valuable leadership and collaboration skills, while my role as Vice President of Public Relations for Toastmasters has enhanced my communication abilities.

Additionally, my extensive volunteer work with various non-profits demonstrates my dedication to serving others and understanding community needs. My unique blend of technical expertise, managerial experience, and passion for community engagement positions me well to advocate for initiatives that benefit all residents of Apex.

Through my architectural experience, I can leverage analytical thinking and a structured approach to decision-making, which will be invaluable in addressing community challenges and promoting sustainable development.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

Reason 1: Diverse Experience and Insights

My background in Governance and Architecture equips me with valuable insights and perspectives that can inform the board's decision-making process. I can bring a fresh viewpoint on community issues, utilizing best practices from other contexts to enhance initiatives. This diversity in experience can foster innovative solutions and create well-rounded policies that benefit all residents.

Reason 2: Strong Community Connections

Living in Raleigh, Durham area since 2015. I have established relationships with various community groups, local organizations, and residents, which can facilitate collaboration and engagement. By leveraging these connections, I can ensure that the advisory board remains in touch with the needs and interests of the community. This can lead to increased participation in board initiatives and stronger support for decisions made.

Reason 3: Commitment to Community and Effective Advocacy

My dedication to serving the Town of Apex is unwavering, and I am passionate about advocating for the best interests of our residents. I will work diligently to represent community voices and amplify concerns that might otherwise go unheard. My proactive approach can help the board effectively address community needs, fostering a sense of trust and collaboration between residents and local governance.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

To Keep Apex at Its Peak

Goal 1: Enhance Community Engagement

Develop initiatives to increase participation in local governance, such as town hall meetings and online feedback platforms, ensuring diverse voices are heard.

Goal 2: Improve Local Economic Opportunities

Support local economic development by fostering partnerships with small businesses, advocating for job training, and promoting Apex as an attractive destination for new businesses.

Goal 3: Foster Inclusivity and Diversity

Create programs celebrating diversity, organize cultural events, and establish support networks for underrepresented groups, strengthening community ties.

Goal 4: Improve Infrastructure and Transportation

Prioritize enhancements in transportation, advocate for better public transit, and upgrade community facilities to meet residents' needs and promote economic growth.

Goal 5: Support Education and Youth Programs

Strengthen educational opportunities for youth by collaborating with local schools, promoting mentorship programs, and increasing funding for resources, empowering the next generation.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

I'm new to Apex but I have rich previous volunteer experience with several non-profits. Some of them are

**Please briefly describe your job function and core duties,**

I currently work at Johnson and Johnson as a Quality Assurance specialist in computer systems validation. In my role I ensure that all of the automation systems that will control our process of making oncology medicines meets FDA and site quality standard to help ensure that patients receive the highest quality product.

## Interest and Civic / Volunteer Experience

---

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

I am interested in serving on the Apex Planning Board because I care deeply about how our community grows and want to contribute my skills and experience to support thoughtful, balanced decision-making. As a QA Specialist in computer system validation, I am trained to evaluate complex information, weigh risk, follow regulations, and document decisions clearly and objectively. I believe these strengths translate well to reviewing plans, ordinances, and development proposals that will shape Apex's long-term future.

Over the past five years living in Apex/New Hill, I have become increasingly invested in the town's success, particularly through my volunteer work as an ambassador with the Apex Chamber of Commerce and my service on the board of Launch Apex. These roles have given me direct exposure to the needs and challenges of small businesses, as well as the importance of fostering an environment where entrepreneurs can thrive. As a small business owner and homeowner myself, I understand the need to balance economic growth with preserving quality of life, ensuring housing remains attainable, and maintaining the character that makes Apex attractive. I am especially interested in smart growth, support for small businesses, and affordable housing, and I would approach Planning Board responsibilities with a data-informed, community-minded, and collaborative mindset.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

1. Analytical and compliance-focused skill set

As a QA Specialist in computer system validation, I am accustomed to reviewing complex information, assessing risk, and ensuring alignment with regulations and standards. This experience would help me carefully evaluate development proposals and planning policies, ask detailed and relevant questions, and support decisions that are consistent, well-documented, and in the long-term best interest of the town.

2. Small business and economic development perspective

Through my work as an ambassador with the Apex Chamber of Commerce and my service on the Launch Apex board, I have regular interaction with small business owners and entrepreneurs. I understand the challenges they face related to location, zoning, costs, and access to customers. I can bring this perspective to the Planning Board to help ensure that our land use decisions support a healthy small business environment while still protecting residential quality of life.

3. Commitment to balanced, community-centered growth

As a five-year resident of Apex/New Hill, a homeowner, and a small business owner, I am directly impacted by decisions around growth, housing, and infrastructure. I care about promoting smart growth that preserves the character of Apex, improves affordability, and supports connectivity and livability. I would be a consistent advocate for balancing economic development with thoughtful planning, transparency, and consideration of how decisions affect both current residents and future generations.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

1. Support smart, well-planned growth that aligns with Apex's long-term vision

I would work to ensure that new development is consistent with the Comprehensive Plan and small area plans, with particular attention to impacts on traffic, infrastructure, and existing neighborhoods. My goal would be to prioritize projects that enhance connectivity, preserve community character, and make efficient use of land and public resources.

2. Strengthen support for small businesses through land use and zoning decisions

Drawing on my experience with the Apex Chamber of Commerce and Launch Apex, I would aim to highlight how zoning, site design, and mixed-use development can either help or hinder small businesses. I would work to encourage development patterns that create walkable, active commercial areas and provide opportunities for locally owned businesses to succeed.

3. Promote a more diverse and attainable housing mix

I would advocate for planning and zoning decisions that create a broader range of housing types and price points, consistent with town policies. This includes supporting thoughtfully located higher-density and mixed-use projects, where appropriate, and encouraging tools that help maintain affordability while still respecting neighborhood context and quality of life.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

My most recent volunteer experience has been through the Apex Chamber of Commerce, where I have served as an ambassador, and as a board member for Launch Apex. As a Chamber ambassador, I help welcome and connect businesses, attend events, and support outreach efforts that strengthen relationships between local businesses and the community. This contributes to a stronger small business ecosystem and a more vibrant local economy. Through Launch Apex, I work with an entrepreneurial support program that provides mentoring, networking, and resources to new and growing small businesses. By supporting these entrepreneurs, I help create opportunities for job growth, innovation, and local investment in Apex. Together, these roles have allowed me to positively contribute to the town's economic vitality and sense of community.

**Please list any governmental board (noting the length of time) on which you are currently or have previously served that might distinguish your application from other candidates.**

I have not yet served on a governmental board. My experience to date has been in community and economic development roles, including serving as an ambassador with the Apex Chamber of Commerce and as a board member for Launch Apex. I see the Planning Board as an opportunity to bring this perspective into formal public service and to apply my professional skills and community experience in a more structured, policy-focused setting.

Advisory Boards have been established to increase community input and participation in Town government. Some advisory boards exist to advise and make recommendations on important policy matters to the Apex Mayor and Town Council, while others have regulatory responsibilities that are established by law.

Members of advisory boards provide an invaluable service to our Town, and the Town of Apex Mayor and Town Councilmembers appreciate the interest of all residents willing to serve their community through participation on Town advisory boards.

The Apex Mayor and Town Councilmembers are committed to appoint diverse, qualified, and dedicated people to these advisory boards to achieve board membership with people of all ages, interests, and backgrounds. All appointments are taken with great care by the governing body for the Town of Apex. Factors considered in appointments and reappointments include eligibility, civic and political participation, equitable geographic and diversity representation, skill sets, and board attendance.

Applicants seeking appointments to a specific board are strongly urged to attend several meetings of the board prior to completing and submitting an application.

Completed applications are retained in the Office of the Town Clerk until such time that a vacancy occurs or for up to one-year from the application submission date. Please note, your completed application is subject to public inspection upon request.

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

I want to help shape the future of the town by offering suggestion and opinion for the council to consider. The decisions we make today may not been seen for 10 years so I want to know we've done whatever we can today to better Apex for the next decade. I have moved from the UK to the US so I'm used to being uncomfortable, making difficult decisions and having to start over again. Over 15 years in sales and negotiating. I studied Sociology at school so I'm used to hearing both sides of an argument and formulating a position off the back of that.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

I am passionate about the area I live in - I've only coming to Apex for 5 years and living her permanently for 2 and I'm already happy with changes but conscious about how the next 10 years look. Having a European background, I believe, offers a different perspective on things.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

Preserve the small town feel, protect the environment as much as possible and increase awareness about the work that goes on in the town long before it's seen before by the residents.

**Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.**

I believe walkable towns and cities are once again our future for urban living. For almost a decade I have tried to learn everything I can about cities and how they are developed. I would like to take what I have learned and advise the town on how we grow smart land use.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

1. As someone who does not own a car and bikes everywhere, I can provide a lived experience on what it is like to walk and bike around Apex every day.
2. I personally have ridden local busses and Amtrak trains in NC, and can provide feedback on how Apex can shape their mobility hub.
3. I live within walking distance to Town Hall. I will advocate for increased pedestrian safety for the town, because it not only affects visitors of the town but me personally as well.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

1. My goal is to reach all of those in Apex that want to live car free or car light, and advise town officials on how incremental development can reach that goal.
2. I am driven to educate town officials on the power of induced demand, and how endless road widening is not the answer. I believe if more pedestrian focused infrastructure was built, not only would more people walk, less money would be required to build huge roads.
3. I know the town is doing everything they can to make Apex the best it can be, but some change may require marketing. I would enjoy educating the citizens of Apex on good urban living, and avoid the hill of hysteria as much as possible.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

I am an avid member of Strong Towns Raleigh, and have advocated for dense walkable development that provides economic vitality. I filled out the Strong Towns Finance Decoder for several towns in Wake County including Apex. I also posted House Bill 369 to the Parking Reform Network.

View the map on this site to see the filled out decoders for all available towns.

**Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.**

I am native and will live here forever, so the decisions I make will impact me going forward. I am open minded to new things in Apex. I am personable, I feel like I am easy to talk too.

**If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.**

I would like to keep Apex the town I grew up in and continue to enjoy although it looks different. I will be accessible to those with cases before the board. I would like to see growth managed in a way as to not put burdens on the existing citizens.

**Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.**

I was the President of the Apex Volunteer fire Department, for 2 years and served as a volunteer for 24 years. Recently I served as President of the rotary club of Apex. This role kept me in tune with the needs of our community that do not always make it into the headlines. In my Presidency we were able to help many groups in the Apex area.

Advisory Boards have been established to increase community input and participation in Town government. Some advisory boards exist to advise and make recommendations on important policy matters to the Apex Mayor and Town Council, while others have regulatory responsibilities that are established by law.

Members of advisory boards provide an invaluable service to our Town, and the Town of Apex Mayor and Town Councilmembers appreciate the interest of all residents willing to serve their community through participation on Town advisory boards.

The Apex Mayor and Town Councilmembers are committed to appoint diverse, qualified, and dedicated people to these advisory boards to achieve board membership with people of all ages, interests, and backgrounds. All appointments are taken with great care by the governing body for the Town of Apex. Factors considered in appointments and reappointments include eligibility, civic and political participation, equitable geographic and diversity representation, skill sets, and board attendance.

Applicants seeking appointments to a specific board are strongly urged to attend several meetings of the board prior to completing and submitting an application.

Completed applications are retained in the Office of the Town Clerk until such time that a vacancy occurs or for up to one-year from the application submission date. Please note, your completed application is subject to public inspection upon request.
