Item Details

The lists of stop control intersections (identified as Traffic Schedule I) and yield control intersections (identified as Traffic Schedule II) are proposed for an update to include:

- Convert two-way stop to all-way stop control at the intersection of E CHATHAM ST/S HUGHES ST in response to 5-year crash analysis warrant study; Apex Police have reviewed & concur. Marking and signing plan will be prepared and public information will be distributed in advance of installation.
- Remove stop at the intersection of CREEKSIDE LANDING DRIVE/WHITESMITH DRIVE and replace with all-way yield for existing mini-circle per approved plans (inventory update).
- Addition/modification of stop signs to match existing conditions at various locations as included in previously approved subdivision plans (inventory update).
- Addition/modification of yield signs to match existing conditions at various locations as included in previously approved subdivision plans (inventory update).
