

# | Agenda Item | cover sheet

for consideration by the Apex Town Council

Item Type: CONSENT AGENDA

Meeting Date: June 24, 2025

## Item Details

Presenter(s): Hannah Behr, Stormwater Engineer

Department(s): Water Resources

### Requested Motion

Motion to approve a Resolution Entitled "Resolution of Support for a Water Resources Development Grant Related to Beaver Creek Nature Park Stream and Floodplain Restoration".

### Approval Recommended?

Yes

### Item Details

The Beaver Creek Nature Park Stream and Floodplain Restoration intends to convert the 2,100 linear feet unnamed tributary flowing into Beaver Creek from an unstable and disruptive channel to that of a stable one. The channel will be relocated to provide separation from the sanitary sewer easement that shares the floodplain corridor, improving the floodplain resiliency in the area. The Town and the residents will benefit as the sanitary sewer will be better protected, and both water quality and flooding will improve.

The Town of Apex has completed the design of the project, and the project is shovel ready. The amount requested is a total of \$1,407,236.00 or 66.66% of the nonfederal project costs, whichever is the lesser amount.
