Rezoning #21CZ15 Chapel Ridge Towns PUD

September 28, 2021 Town Council Meeting

All property owners, tenants and neighborhood associations within 300 feet of this rezoning have been notified per UDO Sec. 2.2.11 *Public Notification*.

BACKGROUND INFORMATION:

Location: 1400, 1401, 1408, & 1409 Barnside Lane; 1412 Olive Chapel Road

Applicant/Agent: Toll Brothers, Inc. / Brendie Vega and Ed Tang, WithersRavenel

Owners: Gasiorowski Properties LLC, Kenneth G. and Erica Bunn, Paul A. and Anne H. Cain, Warren R. and Dianne B. Hinson, and Benjamin Arnold and Lesley Ballard Hoch

PROJECT DESCRIPTION:

Acreage: ±21.60 acres

PINs: 0732333570, 0732337537, 0732347080, 0732345135, 0732430661

Current Zoning: Rural Residential (RR)

Proposed Zoning: Planned Unit Development-Conditional Zoning (PUD-CZ)

2045 Land Use Map Designation: Medium Density Residential

Town Limits: ETJ & Inside

Adjacent Zoning & Land Uses:

	Zoning	Land Use
North:	Rural Residential (RR)	Single Family Residential (Chapel Ridge)
South:	Medium Density Conditional Use; Medium Density Residential	Olive Chapel Road; Single Family Residential (Ashley Downs, Ruchdeschel)
East:	Rural Residential (RR)	Single Family Residential (large lot single-family)
West:	Rural Residential (RR), Office & Institutional – Conditional Zoning	Single Family Residential (Chapel Ridge), Office Park (Olive Chapel Professional Park)

EXISTING CONDITIONS:

The site consist of five (5) parcels on the north side of Olive Chapel Road totaling ±21.60 acres. The site has five single family residences, several outbuildings, and Barnside Lane right-of-way.

NEIGHBORHOOD MEETING:

The applicant conducted a neighborhood meeting on March 29, 2021. The neighborhood meeting report is attached.

WCPSS Coordination:

A Letter of Impact from Wake County Public School System (WCPSS) was received for this rezoning and is included in the staff report packet. WCPSS indicates that elementary and high schools within the current assignment area for this rezoning/development are anticipated to have insufficient capacity for future students; transportation to schools outside of the current assignment area should be anticipated. School

expansion or construction within the next five years is not anticipated to address concerns. Possible long-term solutions may include capping students out to schools with available seats (not very proximate), reassignments, or calendar changes.

2045 LAND USE MAP:

The 2045 Land Use Map designates the properties as Medium Density Residential. The proposed PUD is consistent with the Land Use Map designation.

PLANNED UNIT DEVELOPMENT PLAN:

The applicant is proposing a Planned Unit Development Plan with uses and development standards as follows:

Permitted Uses:

The Rezoned Lands may be used for, and only for, the uses listed immediately below. The permitted uses are subject to the limitations and regulations stated in the UDO and any additional limitations or regulations stated below. For convenience, some relevant sections of the UDO may be referenced; such references do not imply that other sections of the UDO do not apply.

Residential:

- Single Family
- Accessory Dwelling Unit
- Townhouse

Non-Residential:

- Utility, minor
- Park, active
- Park, passive

Proposed Design Controls:

Maximum Density: 5.5 units per acre

Maximum Building Height: 45 feet, 3 stories

Maximum Built-Upon Area: 70%

Setbacks

		Proposed PUD-CZ minimum setbacks	MD zoning district minimum setbacks
Single-family	Front	19' from garage to lot line and 20' from garage to back of sidewalk	25'
	Side	5'	6' min/16' total
	Rear	10'	20'
	Corner side	8'	15'

			HDSF zoning district minimum setbacks
Townhouse, front loaded	Front	19' from garage to lot line and 20' from garage to back of sidewalk	15'
	Side	5'	0' (8' between buildings)
	Rear	10'	15'
	Corner side	8'	15'

Buffers

The proposed PUD meets or exceeds the buffers required by the UDO.

Perimeter Buffers:	UDO Required	Proposed
Northern property boundary	20' Type B	20' Type A
Eastern property boundary	20' Type B	20' Type B
Western property boundary	None	20' Type B*
Southern property boundary	30' Type B	30' Type B

*Additional Buffer Conditions for West Buffer along Chapel Ridge Road

- North and South of the proposed access points, the buffer will be increased to a 20' Type A buffer. No buffer will be provided along the Colonial Pipeline easement due to planting restrictions.
- Between the two access points, an opaque fence will be placed either along the buffer or aligned with backs of units.

Architectural Standards

The proposed development offers the following architectural controls to ensure a consistency of character throughout the development, while allowing for enough variety to create interest and avoid monotony. Changes to the exterior materials, roof, windows, doors, process, trim, etc. are allowable with administrative approval at the staff level. Further details shall be provided at the time of Residential Master Subdivision Plan submittal. The following conditions shall apply:

1. Vinyl siding is not permitted; however, vinyl windows, decorative elements and trim are permitted.
2. The roofline cannot be a single mass; it must be broken up horizontally and vertically between every unit.
3. Garage doors must have windows, decorative details or carriage-style adornments on them.
4. Entrances for units with front-facing single-car garages shall have a prominent covered porch/stoop area leading to the front door.
5. Building facades shall have horizontal relief achieved by the use of recesses and projections.
6. The visible side of a townhome on a corner lot facing the public street shall contain at least 3 decorative elements such as, but not limited to, the following elements:
 - Windows
 - Bay window
 - Recessed window
 - Decorative window
 - Trim around the windows
 - Wrap-around porch or side porch
 - Two or more building materials

- Decorative brick/stone
- Decorative trim
- Decorative shake
- Decorative air vents on gables
- Decorative gable
- Decorative cornice
- Column
- Portico
- Balcony
- Dormer

Affordable Housing:

Prior to final plat approval, developer shall make a one-time donation to the Apex Affordable Housing fund in an amount equal to \$215.00 per residential lot on the final plat.

NATURAL RESOURCE AND ENVIRONMENTAL DATA:

Resource Conservation Area

The Chapel Ridge Towns PUD is north and east of NC 540 and outside of Apex Peakway and is therefore required to provide 20% of the gross site as RCA. If any mass grading occurs in the PUD, that portion of the project will be required to provide an additional 5% RCA. They propose to meet these requirements.

Tree Replanting

Existing deciduous trees greater than 18” in diameter (DBH), as identified in the tree survey, that are removed by site development shall be replaced by planting a 1.5” caliper native tree from the Town of Apex Design and Development Manual as a street tree or as other required landscaping. Excess required tree replacement will occur in common open space areas.

Parking

The parking requirements of the Town of Apex UDO Section 8.3 will be met.

Public Facilities

All public facilities and infrastructure shall comply with the Town of Apex Sewer and Water Master Plans and the Town of Apex Standards and Specifications. Public facilities include:

Water/Sanitary Sewer:

Sewer is not directly available and will require an extension. This will flow to Beaver Creek Pump Station. A capacity study will be required at Construction Document phase. Water extension along the frontage will be required. Currently, there is water on Chapel Ridge that goes to Olive Chapel Professional Park.

Other Utilities:

Electric and gas service currently existing on-site and will be improved. Telephone and cable shall be provided by the builder as coordinated with the appropriate utility companies.

Stormwater Management

The properties in the PUD are located in the Primary Watershed Overlay District and the Beaver Creek Basin. The properties do not contain any FEMA designated 100-year flood plain. This project

is located within the Upper Beaver Creek basin and will be required to attenuate the 1-year, 10-year, and 25-year storms.

APEX TRANSPORTATION PLAN/ACCESS and CIRCULATION:

The Site will require an internal public roadway network and parking spaces. The onsite transportation circulation system shall be consistent with the Town of Apex Transportation Plan and the Town of Apex Standard Specifications and Standard Details. The following conditions shall apply:

1. The Developer will provide frontage improvements on Olive Chapel Road, maintaining the existing westbound through lane, widening for a 6’ bike lane, constructing curb and gutter along with 5’ sidewalk, and ROW dedication for half of the ultimate 110’ ROW, measured 55’ from centerline. The existing two way left turn lane shall be restriped as needed to serve eastbound left turns at the proposed access.
2. There will be a deceleration taper at the site access on westbound Olive Chapel Road with 50’ of full width deceleration lane and 50’ taper.
3. The Developer will provide frontage improvements on Chapel Ridge Road based on a minimum 27’ curb and gutter roadway with 5’ sidewalks and ROW dedication a minimum of 30’ from roadway centerline.

Pedestrian Facilities

1. The development plan will incorporate sidewalk infrastructure along Olive Chapel Road and Chapel Ridge Road as well as on both sides of the internal street network.

ENVIRONMENTAL ADVISORY BOARD

The Environmental Advisory Board held a meeting with the applicant on February 18, 2021 and accepted the following recommendations as proposed by the applicant.

EAB Suggested Condition	Applicant’s Response
The developer shall provide pedestrian-friendly connections to the future Beaver Creek greenway expansion and surrounding neighborhoods.	Included
Install signage near environmentally sensitive areas	Included
Increase biodiversity	Included
Implement green infrastructure	Included
Include landscaping that requires less irrigation and chemical use	Included
Include solar conduit in building design	Included
The homebuilder will provide EV charging outlets as an upgrade option to individual units	Included
Install pet waste stations	Included
Include energy efficient lighting in building design	Included

PARKS, RECREATION, AND CULTURAL RESOURCES ADVISORY COMMISSION:

The Parks, Recreation, and Cultural Resources Advisory Commission reviewed this item at their May 26, 2021 meeting and unanimously recommended a fee-in-lieu for the project. The fee rate will be set at the time of Town Council approval and is based on 127 single family attached units.

PLANNING BOARD RECOMMENDATION:

The Planning Board held a Public Hearing on August 9, 2021 and unanimously voted to recommend approval of the rezoning with the conditions offered by the applicant.

PLANNING STAFF RECOMMENDATION:

Planning staff recommends approval of rezoning #21CZ15 Chapel Ridge Towns PUD with the conditions as proposed by the applicant.

ANALYSIS STATEMENT OF THE REASONABLENESS OF THE PROPOSED REZONING:

This Statement will address consistency with the Town’s comprehensive and other applicable plans, reasonableness, and effect on public interest:

The 2045 Land Use Map designates the site as Medium Density Residential. The proposed PUD is consistent with that land use classification.

Approval of the rezoning is reasonable and in the public interest because the site provides increased perimeter buffers, higher planting standards, and sidewalk infrastructure along Olive Chapel Road.

PLANNED UNIT DEVELOPMENT DISTRICT AND CONDITIONAL ZONING STANDARDS:

Standards

In return for greater flexibility in site design requirements, Planned Development (PD) Districts are expected to deliver exceptional quality community designs that preserve critical environmental resources; provide high quality community amenities; incorporate creative design in the layout of buildings, Resource Conservation Area and circulation; ensure compatibility with surrounding land uses and neighborhood character; provide high quality architecture; and provide greater efficiency in the layout and provision of roads, utilities, and other infrastructure. The Planned Development (PD) Districts shall not be used as a means of circumventing the Town’s adopted land development regulations for routine developments.

1. *Planned Unit Development (PUD-CZ) District*

In approving a Planned Development (PD) Zoning District designation for a PUD-CZ, the Town Council shall find the PUD-CZ district designation and PD Plan for PUD-CZ demonstrates compliance with the following standards:

a) *Development parameters*

- (i)** The uses proposed to be developed in the PD Plan for PUD-CZ are those uses permitted in Sec. 4.2.2 *Use Table*.
- (ii)** The uses proposed in the PD Plan for PUD-CZ can be entirely residential, entirely non-residential, or a mix of residential and non-residential uses, provided a minimum percentage of non-residential land area is included in certain mixed use areas as specified on the 2045 Land Use Map. The location of uses proposed by the PUD-CZ must be shown in the PD Plan with a maximum density for each type of residential use and a maximum square footage for each type of non-residential use.

- (iii) The dimensional standards in Sec. 5.1.3 *Table of Intensity and Dimensional Standards, Planned Development Districts* may be varied in the PD Plan for PUD-CZ. The PUD-CZ shall demonstrate compliance with all other dimensional standards of the UDO, North Carolina Building Code, and North Carolina Fire Code.
 - (iv) The development proposed in the PD Plan for PUD-CZ encourages cluster and compact development to the greatest extent possible that is interrelated and linked by pedestrian ways, bikeways and other transportation systems. At a minimum, the PD Plan must show sidewalk improvements as required by the Apex Transportation Plan and the *Town of Apex Standard Specifications and Standard Details*, and greenway improvements as required by the Town of Apex Parks, Recreation, Greenways, and Open Space Plan and the Apex Transportation Plan. In addition, sidewalks shall be provided on both sides of all streets for single-family detached homes.
 - (v) The design of development in the PD Plan for PUD-CZ results in land use patterns that promote and expand opportunities for walkability, connectivity, public transportation, and an efficient compact network of streets. Cul-de-sacs shall be avoided unless the design of the subdivision and the existing or proposed street system in the surrounding area indicate that a through street is not essential in the location of the proposed cul-de-sac, or where sensitive environmental areas such as streams, floodplains, and wetlands would be substantially disturbed by making road connections.
 - (vi) The development proposed in the PD Plan for PUD-CZ is compatible with the character of surrounding land uses and maintains and enhances the value of surrounding properties.
 - (vii) The development proposed in the PD Plan for PUD-CZ has architectural and design standards that are exceptional and provide higher quality than routine developments. All residential uses proposed in a PD Plan for PUD-CZ shall provide architectural elevations representative of the residential structures to be built to ensure the Standards of this Section are met.
- b) *Off-street parking and loading.* The PD Plan for PUD-CZ shall demonstrate compliance with the standards of Sec. 8.3 *Off-Street Parking and Loading*, except that variations from these standards may be permitted if a comprehensive parking and loading plan for the PUD-CZ is submitted as part of the PD Plan that is determined to be suitable for the PUD-CZ, and generally consistent with the intent and purpose of the off-street parking and loading standards.
- c) RCA. The PD Plan for PUD-CZ shall demonstrate compliance with Sec. 8.1.2 Resource Conservation Area, except that the percentage of RCA required under Sec. 8.1.2 may be reduced by the Town Council by no more than 10% provided that the PD Plan for PUD-CZ includes one or more of the following:
- (i) A non-residential component; (ii) An overall density of 7 residential units per acre or more; or (iii) Environmental measures including but not limited to the following:
 - a. The installation of a solar photovoltaic (PV) system on a certain number or percentage of single-family or townhouse lots or on a certain number

- or percentage of multifamily, mixed-use, or nonresidential buildings. All required solar installation shall be completed or under construction prior to 90% of the building permits being issued for the approved number of lots or buildings. For single-family or townhouse installations, the lots on which these homes are located shall be identified on the Master Subdivision Plat, which may be amended;
- b. The installation of a geothermal system for a certain number or percentage of units within the development; or
 - c. Energy efficiency standards that exceed minimum Building Code requirements (i.e. SEER rating for HVAC).
- d) *Landscaping.* The PD Plan for PUD-CZ shall demonstrate compliance with the standards of Sec. 8.2 *Landscaping, Buffering and Screening*, except that variations from these standards may be permitted where it is demonstrated that the proposed landscaping sufficiently buffers uses from each other, ensures compatibility with land uses on surrounding properties, creates attractive streetscapes and parking areas and is consistent with the character of the area. In no case shall a buffer be less than one half of the width required by Sec. 8.2 or 10 feet in width, whichever is greater.
- e) *Signs.* Signage in the PD Plan for PUD-CZ shall demonstrate compliance with Sec. 8.7 *Signs*, except that the standards can be varied if a master signage plan is submitted for review and approval concurrent with the PD plan and is determined by the Town Council to be suitable for the PUD-CZ and generally consistent with the intent and purpose of the sign standards of the UDO. The master signage plan shall have design standards that are exceptional and provide for higher quality signs than those in routine developments and shall comply with Sec. 8.7.2 *Prohibited Signs*.
- f) *Public facilities.* The improvements standards and guarantees applicable to the public facilities that will serve the site shall comply with Article 7: *Subdivision* and Article 14: *Parks, Recreation, Greenways, and Open Space*.
- (i) The PD Plan for PUD-CZ demonstrates a safe and adequate on-site transportation circulation system. The on-site transportation circulation system shall be integrated with the off-site transportation circulation system of the Town. The PD Plan for PUD-CZ shall be consistent with the Apex Transportation Plan and the *Town of Apex Standard Specifications and Standard Details* and show required right-of-way widths and road sections. A Traffic Impact Analysis (TIA) shall be required per Sec. 13.19.
 - (ii) The PD Plan for PUD-CZ demonstrates a safe and adequate on-site system of potable water and wastewater lines that can accommodate the proposed development, and are efficiently integrated into off-site potable water and wastewater public improvement plans. The PD Plan shall include a proposed water and wastewater plan.
 - (iii) Adequate off-site facilities for potable water supply, sewage disposal, solid waste disposal, electrical supply, fire protection and roads shall be planned and programmed for the development proposed in the PD Plan for PUD-CZ, and the development is conveniently located in relation to schools and police protection services.
 - (iv) The PD Plan shall demonstrate compliance with the parks and recreation requirements of Sec. Article 14: *Parks, Recreation, Greenways, and Open*

Space and Sec. 7.3.1 Privately-owned Play Lawns if there is a residential component in the PUD-CZ.

- g) *Natural resource and environmental protection.* The PD Plan for PUD-CZ demonstrates compliance with the current regulatory standards of this Ordinance related to natural resource and environmental protection in Sec. 6.1 *Watershed Protection Overlay District*, Sec. 6.2 *Flood Damage Prevention Overlay District*, and Sec. 8.1 *Resource Conservation*.
- h) *Storm water management.* The PD Plan shall demonstrate that the post-development rate of on-site storm water discharge from the entire site shall not exceed pre-development levels in accordance with Sec. 6.1.7 of the UDO.
- i) *Phasing.* The PD Plan for PUD-CZ shall include a phasing plan for the development. If development of the PUD-CZ is proposed to occur in more than one phase, then guarantees shall be provided that project improvements and amenities that are necessary and desirable for residents of the project, or that are of benefit to the Town, are constructed with the first phase of the project, or, if this is not possible, then as early in the project as is technically feasible.
- j) *Consistency with 2045 Land Use Map.* The PD Plan for PUD-CZ demonstrates consistency with the goals and policies established in the Town's 2045 Land Use.
- k) *Complies with the UDO.* The PD Plan for PUD-CZ demonstrates compliance with all other relevant portions of the UDO.

Legislative Considerations

The Town Council shall find the Planned Unit Development-Conditional Zoning (PUD-CZ) designation demonstrates compliance with the following standards. 2.3.3.F:

The applicant shall propose site-specific standards and conditions that take into account the following considerations, which are considerations that are relevant to the legislative determination of whether or not the proposed conditional zoning district rezoning request is in the public interest. These considerations do not exclude the legislative consideration of any other factor that is relevant to the public interest.

- 1) *Consistency with 2045 Land Use Map.* The proposed Conditional Zoning (CZ) District use's appropriateness for its proposed location and consistency with the purposes, goals, objectives, and policies of the 2045 Land Use Map.
- 2) *Compatibility.* The proposed Conditional Zoning (CZ) District use's appropriateness for its proposed location and compatibility with the character of surrounding land uses.
- 3) *Zoning district supplemental standards.* The proposed Conditional Zoning (CZ) District use's compliance with Sec 4.4 *Supplemental Standards*, if applicable.
- 4) *Design minimizes adverse impact.* The design of the proposed Conditional Zoning (CZ) District use's minimization of adverse effects, including visual impact of the proposed use on adjacent lands; and avoidance of significant adverse impacts on surrounding lands regarding trash, traffic, service delivery, parking and loading, odors, noise, glare, and vibration and not create a nuisance.
- 5) *Design minimizes environmental impact.* The proposed Conditional Zoning District use's minimization of environmental impacts and protection from significant deterioration of water and air resources, wildlife habitat, scenic resources, and other natural resources.
- 6) *Impact on public facilities.* The proposed Conditional Zoning (CZ) District use's avoidance of having adverse impacts on public facilities and services, including roads, potable water and wastewater facilities, parks, schools, police, fire and EMS facilities.
- 7) *Health, safety, and welfare.* The proposed Conditional Zoning (CZ) District use's effect on the health, safety, or welfare of the residents of the Town or its ETJ.
- 8) *Detrimental to adjacent properties.* Whether the proposed Conditional Zoning (CZ) District use is substantially detrimental to adjacent properties.
- 9) *Not constitute nuisance or hazard.* Whether the proposed Conditional Zoning (CZ) District use constitutes a nuisance or hazard due to traffic impact or noise, or because of the number of persons who will be using the Conditional Zoning (CZ) District use.
- 10) *Other relevant standards of this Ordinance.* Whether the proposed Conditional Zoning (CZ) District use complies with all standards imposed on it by all other applicable provisions of this Ordinance for use, layout, and general development characteristics.

Instruction Packet and Affidavit for Electronic Neighborhood Meetings

This packet consists of instructions and templates for conducting a required Electronic Neighborhood Meeting during times when in-person gatherings are restricted. Planning Department staff are available to advise you in the preparation of these materials. Call the Planning Department at (919) 249-3426 for more information.

WHAT IS THE PURPOSE OF A NEIGHBORHOOD MEETING?

A neighborhood meeting is a required form of community outreach to receive initial feedback regarding certain project types prior to submittal to the Planning Department per the standards found in UDO Sec. 2.2.7. The intention of the meeting is to initiate neighbor communication and identify issues and concerns early on and provide the applicant an opportunity to address neighbor concerns about the potential impacts of the project prior to submitting an application. A neighborhood meeting is valid for six (6) months prior to the submission of an application; a delay in submission requires a new neighborhood meeting.

WHEN IS A NEIGHBORHOOD MEETING REQUIRED?

- Rezoning (including Planned Unit Developments);
- Major Site Plans;
- Residential Master Subdivision Plans (excluding exempt subdivisions); or
- Special Use Permits

INSTRUCTIONS

Prior to submitting an application for a Rezoning, Major Site Plan, Residential Master Subdivision Plan (excluding exempt subdivisions), or Special Use Permit, the applicant must conduct at least one (1) Electronic Neighborhood Meeting as indicated below. The applicant shall submit all forms included in this packet with the initial application submittal.

Whenever feasible, an in-person Neighborhood Meeting following all of the requirements of the standard Neighborhood Meeting procedures shall be held prior to public hearing by the Planning Board and/or Town Council or approval by Technical Review Committee, as appropriate. Feasibility shall be determined by the Planning Director, taking into account the regularly published schedule, length of delay caused by ongoing emergency declarations, amount of public interest expressed during the electronic neighborhood meeting and afterwards, and any other pertinent information that would show that a particular project warrants an in-person neighborhood meeting prior to public hearings and/or approval.

The Electronic Neighborhood Meeting must be held in accordance with the following rules:

These groups and individuals must be invited to the meeting:

- The applicant is required to notify the Planning Department, all property owners within 300 feet of the subject property, and any neighborhood association that represents citizens in the area via first class mail a minimum of 10 days in advance of the neighborhood meeting, not including the day of mailing. The applicant shall use their own return address on the envelopes as the meeting is a private meeting between the applicant and the neighbors.
- The applicant shall include with the meeting notice a vicinity map in addition to the "mailed materials" requirements below.

The meeting must be held within specific timeframes and meet certain requirements:

- During emergency declarations and/or limits on size of gatherings and social distancing, the meeting must be held as follows prior to application submittal:
 - Electronically via an interactive online video conferencing software such as Microsoft Teams, Zoom, WebEx, or any similar platform of the applicant's choice for a minimum of two (2) hours, Monday through Thursday, during the 5:00 p.m. - 9:00 p.m. time period. The meeting cannot be held on Town recognized holidays (which coincide with the State of North Carolina recognized holidays).
- An attendance sheet must be used log known attendees at the electronic meeting. Note if no one attended.
- Mailed materials requirements:

In addition to a vicinity map, the following documents shall be mailed with the meeting notice:

 - For rezonings (excluding rezonings to PUD-CZ, TND-CZ and MEC-CZ), an existing zoning map of the area must be provided to help facilitate discussion.
 - For rezonings to PUD-CZ, TND-CZ and MEC-CZ; Major Site Plans; Residential Master Subdivision Plans; and Special Use Permits, preliminary plans of the proposed development must be provided to help facilitate discussion. Neighbors may request emailed copies of the maps or plans from the applicant by contacting the applicant and requesting such; applicant shall provide reduced copies upon request.
 - Contact information for the applicant's representative and Town Staff must be provided on the attached "Project Contact Information" form.
 - "Common Construction Issues & Who to Call" sheet (attached) must be included.
 - A copy of the mailed materials must be included as part of the Neighborhood Meeting report.
- The agenda for the Electronic Neighborhood Meeting shall include:
 - Explanation of all processes the meeting is being held for (rezoning, subdivision, etc.).
 - Explanation of future meetings (additional neighborhood meetings, Planning Board, Town Council, etc.).
 - Explanation of development proposal – uses and conditions for rezonings, layout for subdivision and site plans, and builder/end user if known/public knowledge.
- Questions or concerns by virtual attendees, and responses by the applicant, if any, must be noted. The applicant shall also include any questions and concerns received via written correspondence (such as email) or phone call along with responses provided by the applicant during the Electronic Neighborhood Meeting and in the Neighborhood Meeting Report.
- The applicant shall be responsible for notifying any neighbors who request to be kept up-to-date of any additional neighborhood meetings and the actual submittal date to the Town with a link to the Town of Apex's Interactive Development Map.

For accountability purposes, please submit the following with your application:

- A copy of the letter mailed to neighbors and neighborhood organizations (use attached invitation template);
- A list of those persons and neighborhood organizations invited to the meeting;
- A copy of the attendance sheet for the Electronic Neighborhood Meeting (use attached attendance sheet template);
- A summary of the meeting and a list of any changes made to the project as a result of the neighborhood comments (use attached meeting summary template);
- The affidavit, signed, dated, and notarized (use attached affidavit template); and
- One reduced copy of the maps and/or plans provided in the mailing.

in accordance with the Town of Apex Electronic Neighborhood Meeting procedures. This meeting is intended to be a way for the applicant to discuss the project and review the proposed plans with adjacent neighbors and neighborhood organizations before the submittal of an application to the Town. This provides neighbors an opportunity to raise questions and discuss any concerns about the impacts of the project before it is officially submitted. If you are unable to attend, you may contact the applicant before or after the meeting is held. Once an application has been submitted to the Town, it may be tracked using the [Interactive Development Map](#) or the [Apex Development Report](#) located on the Town of Apex website at www.apexnc.org. If at all feasible given emergency declarations, limits on in-person gatherings, and social distancing, an additional in-person Neighborhood Meeting may be scheduled and held prior to a public hearing or staff decision on the application.

An Electronic Neighborhood Meeting is required because this project includes (check all that apply):

Application Type		Approving Authority

Providing Input to Town Council:

Each Town Council meeting agenda includes a Public Forum time when anyone is permitted to speak for three (3) minutes on any topic with the exception of items listed as Public Hearings for that meeting. The Town Council meets on the 1st and 3rd Tuesdays of each month at 6:00 p.m. (except for holidays, see schedule of meetings at <http://www.apexnc.org/838/Agendas-Minutes>). You may also contact Town Council by e-mail at AllCouncil@apexnc.org.

Private Agreements and Easement Negotiation:

The Town of Apex cannot enforce private agreements between developers and neighbors and is not a party to the easement and right-of-way negotiation that occurs between developers and neighboring property owners for easements or rights-of-way that are necessary to build the project.

It is recommended that all private agreements be made in writing and that if a property owner feels it necessary, they should obtain private legal counsel in order to protect their interests in both private agreements and during easement negotiations. The only conditions that the Town of Apex can enforce are those conditions that are made a part of the conditional zoning of the property by agreement of the developer and the Town.

As an example, if a developer offers to build a fence for a neighbor to mitigate some impact, the Town can only enforce the construction of the fence if the fence becomes a condition of the rezoning. This would occur by the developer offering the condition as part of their conditional zoning application package or at the Town Council public hearing on the conditional zoning and the Town accepting it as a condition. Private agreements regarding a fence being constructed will not be enforced by the Town.

To request that any agreement with a developer is made a part of the conditional zoning at the time of approval, you may ask at the Town Council public hearing if the agreement is included in the conditions. If it is not, you may request that the Town Council not approve the rezoning without the agreement being included in the conditions (note that it is up to Town Council whether to approve or deny the rezoning but they cannot impose conditions that the applicant does not agree to add). The developer's proposed conditions can be viewed any time after a rezoning is submitted on the Interactive Development Map at: <http://apexnc.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=fa9ba2017b784030b15ef4da27d9e795>

Documentation:

Neighbors to a requested new development and/or rezoning are strongly encouraged to fully document (such as through dated photographs) the condition of their property before any work is initiated for the new development. Stormwater controls installed on developed property are not designed to and will likely not remove 100% of the soil particles transported by stormwater runoff. As a result, creeks and ponds could become cloudy for a period of time after rain events.

COMMON CONSTRUCTION ISSUES & WHO TO CALL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Noise & Hours of Construction: Non-Emergency Police 919-362-8661

Noise from tree removal, grading, excavating, paving, and building structures is a routine part of the construction process. The Town generally limits construction hours from 7:00 a.m. to 8:30 p.m. so that there are quiet times even during the construction process. Note that construction outside of these hours is allowed with special permission from the Town when it makes more sense to have the construction occur at night, often to avoid traffic issues. In addition, the Town limits hours of blasting rock to Monday through Friday from 8:00 a.m. to 5:00 p.m. Report violations of construction hours and other noise complaints to the Non-Emergency Police phone number at 919-362-8661.

Construction Traffic: James Misciagno 919-372-7470

Construction truck traffic will be heavy throughout the development process, including but not limited to removal of trees from site, loads of dirt coming in and/or out of the site, construction materials such as brick and wood brought to the site, asphalt and concrete trucks come in to pave, etc. The Town requires a construction entrance that is graveled to try to prevent as much dirt from leaving the site as possible. If dirt does get into the road, the Town can require they clean the street (see "Dirt in the Road" below).

Road Damage & Traffic Control: Water Resources – Infrastructure Inspections 919-362-8166

There can be issues with roadway damage, roadway improvements, and traffic control. Potholes, rutting, inadequate lanes/signing/stripping, poor traffic control, blocked sidewalks/paths are all common issues that should be reported to Water Resources – Infrastructure Inspections at 919-249-3427. The Town will get NCDOT involved if needed.

Parking Violations: Non-Emergency Police 919-362-8661

Unless a neighbor gives permission, there should be no construction parking in neighbors' driveways or on their property. Note that parking in the right-of-way is allowed, but Town regulations prohibit parking within 15 feet of driveways so as not to block sight triangles. Trespassing and parking complaints should be reported to the Non-Emergency Police phone number at 919-362-8661.

Dirt in the Road: James Misciagno 919-372-7470

Sediment (dirt) and mud gets into the existing roads due to rain events and/or vehicle traffic. These incidents should be reported to James Misciagno. He will coordinate the cleaning of the roadways with the developer.

**Dirt on Properties or in Streams: James Misciagno 919-372-7470
Danny Smith Danny.Smith@ncdenr.gov**

Sediment (dirt) can leave the site and get onto adjacent properties or into streams and stream buffers; it is typically transported off-site by rain events. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the appropriate repairs with the developer. Impacts to the streams and stream buffers should also be reported to Danny Smith (danny.smith@ncdenr.gov) with the State.

Dust: James Misciagno 919-372-7470

During dry weather dust often becomes a problem blowing into existing neighborhoods or roadways. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the use of water trucks onsite with the grading contractor to help control the dust.

Trash: James Misciagno 919-372-7470

Excessive garbage and construction debris can blow around on a site or even off of the site. These incidents should be reported to James Misciagno at 919-372-7470. He will coordinate the cleanup and trash collection with the developer/home builder.

Temporary Sediment Basins: James Misciagno 919-372-7470

Temporary sediment basins during construction (prior to the conversion to the final stormwater pond) are often quite unattractive. Concerns should be reported to James Misciagno at 919-372-7470 so that he can coordinate the cleaning and/or mowing of the slopes and bottom of the pond with the developer.

Stormwater Control Measures: Jessica Bolin 919-249-3537

Post-construction concerns related to Stormwater Control Measures (typically a stormwater pond) such as conversion and long-term maintenance should be reported to Mike Deaton at 919-249-3413.

Electric Utility Installation: Rodney Smith 919-249-3342

Concerns with electric utility installation can be addressed by the Apex Electric Utilities Department. Contact Rodney Smith at 919-249-3342.

Chapel Ridge Tracts

Neighborhood Meeting

Date: March 29, 2021

Time: 5pm – 7pm

Location: Webex - <https://withersravenel.com/meeting/chapel-ridge-neighborhood-meeting/>

Representatives in Attendance:

- Jason Barron, Morningstar Law
- Jeff Westmoreland, Toll Bros.
- Brendie Vega, WithersRavenel
- Ben Mayo, WithersRavenel

Brendie Vega welcomed everyone to the neighborhood meeting and invited participants to ask Questions in the Q&A option and we would get to them.

1. Can you send this recording out after the meeting?
A recording will be available in a few days at the same website where you signed up.
<https://withersravenel.com/meeting/chapel-ridge-neighborhood-meeting/>
2. Will there be a pool and will neighboring properties get access to this community pool?
No anticipation of a pool in the development. Neighborhood of this size will have outdoor amenities, but no plan to incorporate a pool.
3. Where will development add sidewalks and trails?
Sidewalk will be added along frontage of the site shared with Chapel Ridge Road. Sidewalk will also be added along Olive Chapel. Residential streets will have sidewalks on both sides of the streets.
4. How will developer assist with impact to schools and schools being at capacity?
The developer is aware but is unable to dictate the development of school facilities. Wake County Public Schools System is in charge of this specific detail. Toll Brothers does not have the ability to control, but hopes the Town of Apex can work with Wake County. Adequate facilities ordinances are not permitted in NC.
5. What zoning density are you proposing?
5.5 dwelling units per acre
6. How will you ensure you do not make it more difficult to turn out of Chapel Ridge Estates development?
Development of the site will include access sites from Chapel Ridge Road. During the Permitting stage, the Town will be studying access points. Olive Chapel is NCDOT road. There will be additional traffic using Chapel Ridge Road but it will be studied.
7. Will you be willing to build North Beaver Creek trail?
We will go to Parks and Rec advisory Board as a part of the project.
8. Do you already own or have contracts to buy all of these parcels?
We do not own the parcels, but we have them under contract.

9. How many years of construction would you expect? When would you anticipate being fully sold out / built with all 116 townhomes?
The site should be completed in year 2026. Permitting will start 2022, site construction will start the end of the year. Townhomes will start construction in 2023 through 2025.
10. Do we have to type all the questions???
No. We wanted to go through the questions that were put in first.
11. Will there be limitations on development activity, i.e. nights, holidays, and weekends when adjacent homeowners are more likely to be affected?>
The Town of Apex has noise ordinance that construction must follow. There is also a construction schedule that all builders must follow.
12. What conditions are you offering? Specifically what is above minimum Apex standards?
That will be an evolving conversation. Initial conditions to start the process will be maximum development density and intensity. There will be architectural standards.
- We will be adding conditions as the project evolves*
 - Architectural*
 - Density*
 - Standard off the shelf condition*
 - EAB – host of recommendations*
13. Our drive is along the eastern border of the proposed development. Will there be any interruption of our access?
We do not anticipate a vehicular connection to the other site in this location because of the environmentally sensitive features.
14. My wife and I own the property directly to the north and own most of the pond. We're extremely concerned, not only about the impact during construction, but more importantly, what Toll Brothers plans to do relative to liability and providing a barrier between the pond and future residents. And what are the implications of two entities owning portions of a single pond?
 - We are willing to work with neighbor to see how we can prevent this from becoming and attractive nuisance.*
15. What's your story to the Apex staff and Council?
 - What is special about this project?*
 - What if anything should compel Apex Council to approve your project?**Big picture the town will be looking to the land use plan to see if this is consistent with the Town's land use plans. This is a special project to the current Apex Town Council directs their interests such as affordable housing, environmental advisory board, architectural conditions.*
16. Are you only building townhomes or adding some single family units too? will you be building a tree buffer on olive chapel road side?
A 30' tree buffer is required on Olive Chapel Road. The zoning case will establish whether single family detached and townhomes. Toll Brothers plans for exclusive townhomes.
17. What price range will the townhomes be priced at?
Approx \$385,000 per unit
18. Will the townhomes have garages, on street parking, or both?
Garages for every unit in this location. Parking Pads will be incorporated for guest parking.
19. Will you be establishing a sidewalk?

Yes there is a proposed sidewalk that lines the road.

Traffic Signal? *To be determined.*

Extending site? *The boundaries of the site exist today and the boundaries will continue to be as the development progresses.*

20. Why are there 3 access points?

They are required by the Town based on number of dwelling units.

More access points mean less congestion.

21. What are accessory dwelling units?

There are no proposed accessory dwelling units.

22. So Toll will only develop these properties if they are townhomes?

That is correct.

23. The access point on Chapel Ridge closest to Olive Chapel is in a dangerous location - curve and drainage issue there also.

Understood. These arrows are conceptual, they are designed to inform everyone to expect the access points.

24. Russ Overton, long list of questions – will send a long list for 8 – 10 of the questions.

a. Chapel Ridge Road State maintained road. Don't align with the new entrances with the new office park.

b. State is also involved in this process.

c. Toll Bros ever developed a portion of a larger subdivision?

i. This is probably a new type of project taking an existing subdivision and assembling part of it to a new project.

d. Subdivision Sign moved to Bunn property, would like to have it moved and given to the existing property owners. Monument sign? Yes, it is a concrete block/brick?

Concrete brick block, at the intersection.

e. Timeline to close. How long will properties stay vacant? Trying to avoid an attractive nuisance.

i. Once CDs are approved will start demo. The homes will not be vacant for an extended period of time. The intention is not to have a vacancy period.

f. Demo would be normal part of the construction activities, not at the time of taking possession.

It will be, they will essentially be demoed in order about the same time.

g. Will construct site in one phase.

There will not be phases in construction.

h. Three story townhomes (Towns at North Salem an example of type)

i. 4/5/6 units per building to allow for adaptation to the site

j. Increase the buffer, or a fence along the properties that are currently existing.

k. Gas easement incorporated on the site?

The Town suggested that we may use it as a play lawn and talk to gas company to make sure its doable.

l. Connecting the water line?

No connection will be made on Olive Chapel Road. Water lines are to be determined.

m. Retaining walls? Do not want to see a 30' retaining wall – would like to see it tiered walls or height limits. Does Apex have a tiering requirement?

No determined placement of the retaining walls. Prices increase as the height increases, so walls will not be drastically tall.

- n. Olive Chapel Road will that be the feature entrance? Monument signage?
Primary access for the folks travelling from the East. There are no specific plans, as the access points are to be determined.
 - o. Are there any plans for construction traffic? Money in escrow to help pay for potholes that NCDOT is not responsive to. Keep traffic from cutting through to Beaver Creek.
We will take a look at that.
 - p. Traffic Study? The traffic engineers make assumptions, but it has been more. Would like to have some input.
Noted.
 - q. Not a lot of tree canopy, what will you be saving?
We will be saving existing tree canopy in riparian areas and perimeter of site.
 - r. Trash pick-up?
Apex will pick up trash.
 - s. Cluster mailboxes internal to the site.
We will take a look.
 - t. Housing Affordability a concern of the Council?
It is definitely. It is considered a big picture problem the Town is trying to resolve.
 - u. Concerns around noise with tree buffers along Olive Chapel already being thin.
Noted.
25. 25-year storm is required in this area, can you go further?
Would not be allowed to discharge into the pond. It would need to be bioretained prior to going to the pond.
26. It is a bit early to have a developed subdivision plan. Have some predictability.
It is early, but there is a possibility as conversation evolves as zoning is determined.
27. Conceptual vehicular Access point, will there be a traffic light?
It will not have a stoplight.
28. What are your proposed perimeter buffers?
Buffers will comply with the Town of Apex UDO.
29. What can be developed over/on Gas Easement?
Will have to discuss options with gas company as to what is allowed.
30. What will have to be along Chapel Ridge Road regarding utility connections?
No connections will be made on Olive Chapel Road. Connections are planned for the other side of the property. Water lines are TBD.
31. Please keep the subdivisions recreation/community gathering spaces internal/central to your site. Please do not place anything along an edge or abutting/adjacent to existing Olive Chapel properties, including cluster mailbox locations to be respectfully to neighbors regarding noise.
Concerns have been noted.
32. I would prefer to see buffers above the minimums along the northern most property boundary and adjacent to homeowner in Chapel Ridge Subdivision.
Buffers will comply with Town of Apex UDO, but some natural features may add to the buffers.
33. Why do vehicular access point onto Chapel Ridge Road not aligned with other intersections?
Why 2?

Arrows are conceptual. Discussions will need to be had with the town as to the alignment.

34. What are your stormwater plans?
Design has not yet be determined.
35. What year storm are you designing for?
25 year storm at a minimum, would consider adding more
36. How much new impervious surface will be added?
Still to be determined.
37. Are you considering wet ponds, dry ponds, underground, etc?
Design is still in progress.
38. How will the existing pond be protected?
No discharge into the pond. Also protected by current buffer.
39. Does Apex have a requirement of planting trees back?
Condition to plant back any trees over 18" that are removed.
40. What is the timeline for approval from the town?
May 3rd submittal, with July/August approval for zoning. 4 mo process for Master Subdivision submittal and 4 mo process for construction drawing submittal.

AFFIDAVIT OF CONDUCTING AN ELECTRONIC NEIGHBORHOOD MEETING AND ISSUES/RESPONSES SUBMITTAL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

I, Brendie Vega, do hereby declare as follows:
Print Name

1. I have conducted an Electronic Neighborhood Meeting for the proposed Rezoning, Major Site Plan, Residential Master Subdivision Plan, or Special Use Permit in accordance with UDO Sec. 2.2.7 *Neighborhood Meeting*.
2. The meeting invitations were mailed to the Apex Planning Department, all property owners within 300 feet of the subject property and any neighborhood association that represents citizens in the area via first class mail a minimum of 10 days in advance of the Electronic Neighborhood Meeting.
3. The meeting was conducted via Webex virtual confernece (indicate format of meeting) on 03/29/2021 (date) from 5:30 pm (start time) to 7:30 pm (end time).
4. I have included the mailing list, meeting invitation, attendance sheet issue/response summary, and zoning map/reduced plans with the application.
5. I have prepared these materials in good faith and to the best of my ability.

RE: CHAPEL RIDGE TOWNS – REZONING #21-CZ-15

Dear Resident:

Please find enclosed an invitation for a neighborhood meeting on **July 29, 2021** to be held virtually by WebEx from **5pm to 7pm**. You can join by computer, smartphone, tablet or other internet enabled device at the meeting link (this will first take you to a registration):

<https://withersravenel.webex.com/withersravenel/j.php?MTID=m5e195d9382058fdb70fa59ccc6de8419>

To join by phone you can dial in toll-free and use the access code:

+1-415-655-0001 US Toll
Access code: 161 418 7082

Normally you would have received notice of a neighborhood meeting before we submitted our rezoning request to the Town of Apex. Unfortunately, due to a change in how iMaps calculated buffer distance and generated mailing labels, you and two other addresses were left off our notices for our initial neighborhood meeting. The initial e was held on Monday, March 29, 2021 from 5-7 pm. A recording of that meeting can be viewed on the webpage:

<https://withersravenel.com/meeting/chapel-ridge-neighborhood-meeting/>

Our project submittal to the Town of Apex can be viewed on their website (this may not be the latest submittal):

<https://www.apexnc.org/DocumentCenter/View/35535/21CZ15?bidId=>

Please send me an email if you'd like a copy of the most recent submittal.

The neighborhood meeting scheduled for July 29th will only be for the 3 addresses that were inadvertently left off the original mailing. If you are unable to attend the meeting, would like to talk outside of the meeting, or have any other questions or concerns, please do not hesitate to contact me.

bvega@withersravenel.com or 919-535-5212

We sincerely apologize that you were not initially notified, we were disappointed when the Town of Apex staff notified us of the error earlier this month. We have been informed that the Town has updated their notification policy so these errors are avoided in the future. If you have questions for the Town, the Planner on the rezoning case is Liz Loftin: Liz.Loftin@apexnc.org or 919-249-3439.

Sincerely,
WithersRavenel

NOTICE OF ELECTRONIC NEIGHBORHOOD MEETING

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

07/29/2021

Date

Dear Neighbor:

You are invited to an electronic neighborhood meeting to review and discuss the development proposal at 0732333570, 0732337537, 0732345135,
1409, 1401, 1408, 1400 Barnside Lane 1412 Olive Chapel Road 0732347080, 0732430661
 Address(es) PIN(s)

in accordance with the Town of Apex Electronic Neighborhood Meeting procedures. This meeting is intended to be a way for the applicant to discuss the project and review the proposed plans with adjacent neighbors and neighborhood organizations before the submittal of an application to the Town. This provides neighbors an opportunity to raise questions and discuss any concerns about the impacts of the project before it is officially submitted. If you are unable to attend, you may contact the applicant before or after the meeting is held. Once an application has been submitted to the Town, it may be tracked using the [Interactive Development Map](#) or the [Apex Development Report](#) located on the Town of Apex website at www.apexnc.org. If at all feasible given emergency declarations, limits on in-person gatherings, and social distancing, an additional in-person Neighborhood Meeting may be scheduled and held prior to a public hearing or staff decision on the application.

An Electronic Neighborhood Meeting is required because this project includes (check all that apply):

Application Type		Approving Authority
<input checked="" type="checkbox"/>	Rezoning (including Planned Unit Development)	Town Council
<input type="checkbox"/>	Major Site Plan	Town Council (QJPH*)
<input type="checkbox"/>	Special Use Permit	Town Council (QJPH*)
<input type="checkbox"/>	Residential Master Subdivision Plan (excludes exempt subdivisions)	Technical Review Committee (staff)

*Quasi-Judicial Public Hearing: The Town Council cannot discuss the project prior to the public hearing.

PURPOSE STATEMENT

The Chapel Ridge Towns PUD meets the standards of the Town of Apex UDO Sections 2.3.4.F.1.iv-vi as follows:

- The PD Plan encourages cluster and compact development to the greatest extent possible. The PD plan will be interrelated and linked internally and externally by pedestrian ways, bikeways and other transportation systems.
- Sidewalks are provided on all streets throughout the subdivision, as well as sidewalk that will be installed on the frontage of Chapel Ridge and Olive Chapel Road.
- Cul-de-sacs will be avoided and instead will provide connectivity in the form of connections to existing roads and provide stubs to future connection points.
- The development is compatible with the character of the site, where a change to existing land use patterns in the area has increased the surrounding densities and introduced non-residential uses.
- The site will be across from a proposed transit stop and is walkable to many shopping opportunities in the area.
- The PD Plan proposes architectural standards that are exceptional and provide high quality while incorporating energy saving features.

The Chapel Ridge Towns PD Plan meets the Legislative Considerations as defined in the Town of Apex UDO Sections 2.3.3.F.1-10:

- The PD Plan is consistent with the 2045 Land Use Map, which has identified this area as Medium Density Residential which allows for Single-family homes, duplexes, and townhomes.
- The proposed plan is consistent with the changing character of the neighborhood. The Town's adopted 2045 plans, are demonstrative of the changes that have occurred and are proposed for this area.
- The Zoning district supplemental standards do not apply to the uses that have been listed in the List of Uses.
- Adverse impacts will be minimal since there are currently residences in this location that are served by private services. Annexation into the Town will provide the new subdivision with trash, public water and sewer, and Town of Apex public safety services.
- While not yet designed, the subdivision will incorporate recommendations made by the Environmental Advisory Board to minimize environmental impacts.
- The proposed Conditional Zoning District uses will meet the UDO's requirements for public improvement. The introduction of public water and sewer to a neighborhood currently served by multiple wells and septic systems will improve the facilities on the site as well as to the adjoining parcels. Several of the existing homes contain underground propane tanks, which will be removed. Improvements made to the existing infrastructure as well as new infrastructure will improve the public facilities. A fee-in-lieu will be provided to the Town of Apex for parks and recreation, while other public services will benefit from the tax base provided by the increased tax value of the current properties.
- The proposed District will meet or exceed the Town's requirements which are meant to protect the health, safety and welfare of the Town and ETJ residents.
- There will be no substantial detriment to the adjacent properties. The addition of residential at a slightly higher density than what is existing will not be a substantial detriment to adjacent properties.
- The use will not constitute a nuisance or hazard as residential uses are inherently intended for the use, enjoyment and safety of residents in their homes.
- The proposed Conditional Zoning district use will meet or exceed the applicable provisions of the Ordinance except where noted in this document and as permitted by the Conditional Zoning process.

Perimeter Buffers

North	20' Type A Buffer
East	20' Type B Buffer
South	30' Type B Buffer
West	20' Type B Buffer

Additional Buffer Conditions for West Buffer Along Chapel Ridge Road

- North and South of the proposed access points, the buffer will be increased to a 20' Type A Buffer. *No buffer will be provided along the Colonial Pipeline easement due to planting restrictions.
- Between the two access points, an opaque fence will be placed either along the buffer or aligned with backs of units.

ARCHITECTURAL CONTROLS

1. Vinyl siding is not permitted; however, vinyl windows, decorative elements and trim are permitted.
2. The roofline cannot be a single mass; it must be broken up horizontally and vertically between every unit.
3. Garage doors must have windows, decorative details or carriage-style adornments on them.
4. Entrances for units with front-facing single-car garages shall have a prominent covered porch/stoop area leading to the front door.
5. Building facades shall have horizontal relief achieved by the use of recesses and projections.
6. The visible side of a townhome on a corner lot facing the public street shall contain at least 3 decorative elements such as, but not limited to, the following elements:
 - Windows
 - Bay window
 - Recessed window
 - Decorative window
 - Trim around the windows
 - Wrap-around porch or side porch
 - Two or more building materials
 - Decorative brick/stone
 - Decorative trim
 - Decorative shake
 - Decorative air vents on gables
 - Decorative gable
 - Decorative cornice
 - Column
 - Portico
 - Balcony
 - Dormer

SIGNAGE

All signage on the Chapel Ridge Towns site will comply with the requirements in Section 8.7 of the Town of Apex Unified Development Ordinance.

PARKING

The parking requirements of the Town of Apex UDO Section 8.3 will be met.

ENVIRONMENTAL ADVISORY BOARD RECOMMENDATIONS

The Environmental Advisory Board held a meeting with the applicant on February 18, 2021 and accepted the following recommendations as proposed by the applicant:

1. The developer shall provide pedestrian-friendly connections to the future Beaver Creek greenway expansion and surrounding neighborhoods.
2. The developer shall include signage identifying environmentally sensitive areas to discourage pet waste and chemical use in the vicinity. A minimum of 2 signs will be provided.
3. The development shall provide diverse and abundant pollinator sources (e.g. larval host plants, nectar, pollen, berries and blooming plants) that bloom in succession from spring to fall.
4. Species shall be selected from the Design & Development Manual or otherwise approved by Planning Staff.

5. The development shall provide native species listed in the Design and Development Manual or otherwise approved by Planning Staff to increase the native diversity of hardwood trees on site. No species shall constitute more than 25% of the required plantings for each planting type (trees, shrubs, etc.).
6. All homes shall be pre-configured with conduit for a solar energy system.
7. The builder will provide EV charging outlets as an option to individual units.
8. The developer shall provide at least 2 pet stations.
9. Outdoor lighting shall be full cut off and shielded to prevent glare and light spill over to minimize impact of neighboring residential properties. LED fixtures shall be used, and the lighting temperature shall be a maximum of 3500 Kelvin.

NATURAL RESOURCE AND ENVIRONMENTAL DATA

Watershed

The properties in the PD Plan are located in the Primary Watershed Overlay District and the Beaver Creek Basin.

FEMA Floodplain

The properties are not in a 100-Year Fema Flood Plain as shown on the existing conditions plan.

Resource Conservation Area

The Site is subject to the Resource Conservation Area requirements outlined in the Town of Apex Unified Development Ordinance.

The PUD will meet the requirements of:

8.1.2.C.1 Planned Developments. The RCA for all planned developments shall be determined by the Town Council per Sec. 2.3.4.F.1.c and per Sec. 8.1.2.C.4, 5, 6, 7, or 10 as applicable.

Development located north and east of NC 540 and outside Apex Peakway which do not meet the criteria of subsections 8.1.2.C.2, 3, or 10 and which are located north and east of NC 540 and outside existing and future Apex Peakway shall provide buffers and RCA equal to or greater than 20% of the gross site acreage per UDO Section 8.1.2.C.4.

Per UDO Section 7.2.5.B.8, if any mass grading is proposed in the single-family sections of the PUD, the following provision will apply to lot coverage area for single-family: An additional five percent (5%) Resource Conservation Area (RCA) shall be set aside. This requirement is added to the standard RCA percentage requirement found in Sec. 8.1.2.C Size of the RCA.

According to the North Carolina Historic Preservation Office's records, the subject site does not contain historic structures.

Tree Replanting

Existing deciduous trees greater than 18" in diameter (DBH), as identified in the tree survey, that are removed by site development shall be replaced by planting a 1.5" caliper native tree from the Town of Apex Design and Development Manual as a street tree or as other required landscaping. Excess required tree replacement will occur in common open space areas.

STORMWATER MANAGEMENT REQUIREMENTS

This project is located within the Upper Beaver Creek basin and will be required to attenuate the 1-year, 10-year, and 25-year storms.

PARKS, RECREATION AND CULTURAL ADVISORY COMMISSION

The project was reviewed at the May 26th, 2021, PRCR Advisory Commission meeting. The Advisory Commission unanimously recommended a fee-in-lieu for the project. This is based on 127 single family attached units and the rate will be set based on the date of approval by Town Council.

PUBLIC FACILITIES REQUIREMENTS

All utilities shall meet the Town of Apex Master Utility Maps.

Sanitary Sewer Service

Sewer is not directly available and will require an extension. This will flow to Beaver Creek Pump Station. A capacity study will be required at Construction Document phase.

Water Service

Water extension along the property frontage will be required. Currently there is water on Chapel Ridge that goes to Olive Chapel Professional Park.

Gas & Electric Service

Electric service currently exists on-site and will be improved.

Roadways

A Trip Generation Letter was prepared showing the proposed land use and number of units would be below the threshold for requiring a Traffic Impact Analysis, so recommended improvements are limited to development frontage and proposed access. The Site will require an internal public roadway network and privately maintained parking spaces. The transportation system shall be consistent with the Town of Apex Transportation Plan and the Town of Apex Standard Specifications and Standard Details. Frontage improvements along Olive Chapel Road and Chapel Ridge Road have been identified and will be incorporated into the design of the development, subject to approval by the Town of Apex and NCDOT.

Olive Chapel Road is identified as a 4-lane median divided thoroughfare with 6' bike lanes and 5' sidewalks on 110' ROW.

- Developer shall provide frontage improvements on Olive Chapel Road, maintaining the existing westbound through lane, widening for a 6' bike lane, constructing curb and gutter along with 5' sidewalk, and ROW dedication for half of the ultimate 110' ROW, measured 55' from centerline. The existing two way left turn lane shall be restriped as needed to serve eastbound left turns at the proposed access.
- Developer shall provide a deceleration taper at the site access on westbound Olive Chapel Road with 50' of full width deceleration lane and 50' taper.

Chapel Ridge Road is identified as a minor collector street with 5' sidewalks on 60' ROW.

- Developer shall provide frontage improvements based on a minimum 27' curb and gutter roadway with 5' sidewalk and ROW dedication a minimum of 30' from roadway centerline.

Transit

GoApex Route 1 is planned to include a bus stop at the Olive Chapel Professional Park directly across Chapel Ridge Road from this site and begin service by 2022. The Route will tie into a larger network of transit that provides ridership to downtown Raleigh and the greater Triangle. A crosswalk will be provided across the stop-controlled approach of Chapel Ridge Road at Olive Chapel Road with the addition of sidewalk along the development frontage.

Pedestrian Facilities

Sidewalks shall be provided along the property frontage on Olive Chapel Road and Chapel Ridge Road as well as both sides of all proposed subdivision streets.

PHASING PLAN

Currently the intent is to prepare the site in one phase. More details will be developed at subdivision plan.

AFFORDABLE HOUSING

Prior to final plat approval, developer shall make a one-time donation to the Apex Affordable Housing Fund in an amount equal to \$215.00 per residential lot on the final plat.

ELEVATIONS

Elevations will comply with the Architectural and Design Controls for the Chapel Ridge Towns PUD. Elevations submitted with this PD Plan are representative of what may be provided. Elevations will be customized to the site and may differ from what is shown in the PD Plan or on other Toll Bros. residential townhome products.

CONSISTENCY WITH ADVANCE APEX, THE 2045 PLAN

The PD Plan is consistent with the Advance Apex Plan and Maps as follows:

- The Apex 2045 Future Land Use Map identifies the subject parcels as Medium Density Residential.
- The Transit Plan Map dated April 27, 2021 shows the Future Apex Go Route 1 having a stop at the Olive Chapel Business Park. With close access to the transit stop, residents of this subdivision will be able to take transit locally and connect to the larger transit system.
- The Thoroughfare and Collector Street Plan Map dated March 29, 2021 identifies Chapel Ridge Road as an existing Minor collector Road, and Olive Chapel Road as a 4-Lane with Median, Widening.
- The Bicycle, Pedestrian and Equestrian Plan identifies proposed sidewalks along Chapel Ridge Road, and proposed sidewalks along this section of Olive Chapel Road.
- The Council recently considered a Town initiated Future Land Use Map amendment to the subject parcels to increase the density. The amendment did not move forward with Council. The Chapel Ridge Towns PUD will not pursue a Land Use Map Amendment to increase the density; however it does meet the goal of the Planning Committee by introducing a higher density near a transit stop.

CONSISTENCY WITH UNIFIED DEVELOPMENT ORDINANCE

The proposed development is consistent with all applicable requirements of the Town of Apex Unified Development Ordinance.

PLANNING BOARD REPORT TO TOWN COUNCIL

Rezoning Case: #21CZ15 Chapel Ridge Towns PUD

Planning Board Meeting Date: August 9, 2021

Report Requirements:

Per NCGS §160D-604(b), all proposed amendments to the zoning ordinance or zoning map shall be submitted to the Planning Board for review and comment. If no written report is received from the Planning Board within 30 days of referral of the amendment to the Planning Board, the Town Council may act on the amendment without the Planning Board report. The Town Council is not bound by the recommendations, if any, of the Planning Board.

Per NCGS §160D-604(d), the Planning Board shall advise and comment on whether the proposed action is consistent with all applicable officially adopted plans, and provide a written recommendation to the Town Council that addresses plan consistency and other matters as deemed appropriate by the Planning Board, but a comment by the Planning Board that a proposed amendment is inconsistent with the officially adopted plans shall not preclude consideration or approval of the proposed amendment by the Town Council.

Dear Dianne,

The Wake County Public School System (WCPSS) Office of School Assignment received information about a proposed rezoning/development within the Town of Apex planning area. We are providing this letter to share information about WCPSS's capacity related to the proposal. The following information about the proposed rezoning/development was provided through the Wake County Residential Development Notification database:

- Date of application: May 3, 2021
Name of development: 21CZ15 Chapel Ridge Towns PUD
Address of rezoning/development: 1400, 1401, 1408, and 1409 Barnside Lane; 1412 Olive Chapel Rd
Total number of proposed residential units: 127
Type(s) of residential units proposed: Townhomes

Based on the information received at the time of application, the Office of School Assignment is providing the following assessment of possible impacts to the Wake County Public School System:

- Schools at all grade levels within the current assignment area for the proposed rezoning/development are anticipated to have sufficient capacity for future students.
[X] Schools at the following grade levels within the current assignment area for the proposed rezoning/development are anticipated to have insufficient capacity for future students; transportation to schools outside of the current assignment area should be anticipated:
[X] Elementary [] Middle [X] High

The following mitigation of capacity concerns due to school construction or expansion is anticipated:

- [] Not applicable - existing school capacity is anticipated to be sufficient.
[X] School expansion or construction within the next five years is not anticipated to address concerns.
[] School expansion or construction within the next five years may address concerns at these grade levels:
[] Elementary [] Middle [] High

Thank you for sharing this information with the Town of Apex Planning Board and Town Council as they consider the proposed rezoning/development.

Sincerely,
Glenn Carrozza
