

| Agenda Item | cover sheet

for consideration by the Apex Town Council

Item Type: NEW BUSINESS

Meeting Date: October 1, 2019

Item Details

Presenter(s): Councilman Bill Jensen

Department(s): Town Council

Requested Motion

Request staff to perform necessary study or studies to pursue a potential bond issue for the installation of parking canopies with solar photovoltaic systems over Town of Apex parking lots

Approval Recommended?

Determined by Town Council

Item Details

The Apex Town Council previously approved the adding of solar photovoltaic (PV) systems to the town's public buildings in an effort to move toward the Town's goal of 80% renewable energy by 2035. A next step could be installation of solar canopies over town parking lots. The estimated cost of adding solar canopies to all of the Town of Apex parking lots is approximately \$15 million. This proposal is for Town staff to begin investigating a potential bond issue for \$15 million to be placed before the voters at the 2020 November election.
