Department(s): Capital Area Metropolitan Planning Organization (CAMPO)

Planning Department

Requested Motion

Receive information regarding the current Wake Transit Plan update led by CAMPO, including the Phase II Public Engagement effort.

Approval Recommended?

N/A

Item Details

The Wake Transit Plan (WTP) outlines the county-wide transit investment strategy by guiding how funding from a half-cent sales tax and other sources will be spent on services and projects that are shaping our transit future. Every four years, the Wake Transit Plan is updated to confirm the region's ten-year transit vision. The 2026-2035 update, underway now, will guide how we will invest nearly \$1 billion to make it easier for people in Wake County to use public transportation to meet their transportation needs.

Last summer, over 2,000 people took a survey that asked them to share their ideas and priorities for making public transportation better in Wake County. That feedback is helping the project team develop an investment strategy.

The goal of Phase II of engagement, which ran December-January 31st, was to share ideas about how to accomplish these goals and to decide which projects should come first. This presentation will provide a brief overview of the Phase II engagement tactics and initial results.
