

| Agenda Item | cover sheet

for consideration by the Apex Town Council

Item Type: CONSENT AGENDA

Meeting Date: August 10, 2021

Item Details

Presenter(s): Jacques Gilbert, Mayor

Department(s): Administration

Requested Motion

Motion to approve proposed appointments to the Vision Zero Apex Steering Committee for the purpose of providing oversight to the Task Force in development of the Vision Zero Apex Action Plan.

Approval Recommended?

Yes

Item Details

The Vision Zero Apex Task Force comprised of staff members representing Administration, Public Works, Planning, and Police prepared a list of proposed Steering Committee members. In addition, the Mayor has recommended a member of Planning Board and a member of Town Council to serve on the Steering Committee as identified in the attached list and has reviewed the list. The Steering Committee will provide oversight and represent various stakeholder groups in the community and the region. Staff are requesting Council approval of the proposed appointments.

Following approval of the proposed appointments, the Task Force will contact the potential members to explain the program, expectations for their commitment, and ensure they are willing to serve on the Steering Committee. They will also be invited to a Kickoff Meeting in September which will be followed by development of the Action Plan, including community outreach as part of that effort extending into 2022. For more information on the program visit: [Vision Zero | Apex, NC - Official Website \(apexnc.org\)](https://www.apexnc.org/vision-zero)

The Action Plan will guide future efforts aimed at reducing and eliminating serious injuries and fatalities on Apex streets. The Task Force is currently summarizing 5 years of crash data in preparation for the Kickoff Meeting and has been meeting monthly since April 2020.
