Item Details

Through its Police Department the Town is seeking to contract with All City Management Services, Inc, a company that provides personnel equipped and trained in appropriate procedures for crossing pedestrians in marked crosswalks. This service is used to supplement current police actions to ensure crosswalks are properly and safely monitored.

The projected cost of the contract for the year, for up to 4230 hours of services, is \$144,877.50. These services were needed to coincide with the start of the school year but the written contract was not yet in place. Council approval is needed to ratify the oral agreement to begin services and to approve the written contract for continuing services throughout the year.
