WITNESSETH:

WHEREAS, Town is engaged in the planning, operation, and utilization of town facilities which from time to time require construction, building, design, reconfiguration, renovation, installation, evaluation, site work, landscaping, testing, and other related projects; and

WHEREAS, the professional services of contractors from time to time are needed by the Town for the services as described above; and

2. TIME OF COMMENCEMENT AND COMPLETION.

Contractor shall commence the work required in this Contract upon the issuance of a Notice to Proceed, and the Contractor shall complete entire work within 120 calendar days of the issuance of the Notice to

Proceed. If Contractor has not satisfactorily commenced or completed the work within the times specified, the Town may declare such delay a material breach of contract and may pursue all available legal and equitable remedies. Any changes to the schedule(s) provided in the Contract must be agreed to in writing by the Town and the Contractor.

If the Contractor is delayed at any time in the progress of his work by any act or negligence of the Town, his employees or his separate contractor, by changes ordered in the work; by abnormal weather conditions; by any causes beyond the Contractor's control or by other causes deemed justifiable by Town, then the contract time may be reasonably extended in a written order from the Town upon written request from the contractor within ten days following the cause for delay. Time extensions for weather delays, acts of God, labor disputes, fire, delays in transportation, unavoidable casualties or other delays which are beyond the control of the Town do not entitle the Contractor to compensable damages for delays. Any Contractor claim for compensable damages for delays is limited to delays caused solely by the Town or its agents.

3. CONSIDERATION AND PAYMENT OF SERVICES.

In consideration of the above services, the Town will pay the Contractor the total sum of \$ 673,135.88. Contractor shall submit applications for payment reflecting work completed through the date of application. Town will process all pay applications as the project progresses. Payment shall be made within 30 days after certification of the work in an application for payment. Town has the right to require the Contractor to produce for inspection all of Contractor's records and charges to verify the accuracy of all applications for payment. Town shall pay Contractor's invoices at times set forth above unless a bona fide dispute exists between Town and Contractor concerning the accuracy of said invoice or the services covered thereby.

Retainage:

In accordance with N.C.G.S 143-134.1, Town may withhold a percentage of payment until the project has been satisfactorily completed for projects costing more than \$100,000.00. For projects costing \$100,000.00 or more:

- a. Retainage withheld shall not exceed 5% at any time.
- b. The same terms shall apply to the general contractor and subcontractors alike.
- c. Following 50% completion of the project no further retainage will be withheld if the Contractor/subcontractor has performed satisfactorily.
- d. Town may reinstate retainage if the Contractor/subcontractor does not continue to perform satisfactorily. Following 50% completion of the project, Town is authorized to withhold additional retainage from a subsequent payment application if the amount of retainage withheld falls below 2.5%.

Final payment will be made within forty-five (45) days after acceptance of the work and the Town has received all required warranty information, "as-built" drawings as required, and receipt of the final pay request which shall include the Contractor's affidavit in the following form:

"This is to certify that all costs of materials, equipment, labor, subcontracted work, and all else entering into the accomplishment of this contract, including payrolls, have been paid in full."

The Town, or the designer with the Town's approval, may withhold payment for any of the following reasons:

- a. Faulty or defective work not corrected.
- b. The unpaid balance remaining on the contract is not sufficient to complete the work in the sole judgment and discretion of the designer.
- c. To provide a sufficient contract balance to cover liquidated damages (if applicable) that will be assessed.
- d. Evidence that subcontractors have not been paid.

Payment will be released once the grounds for withholding payments has been removed.

4. CHANGE ORDERS.

- A. In the event Town has changes in the work not covered by the contract, these changes will not invalidate or relieve Contractor from any guarantee it has given in this Contract. If a bond was required these changes will not relieve the surety or sureties of said bond. Changes in work shall *not* proceed without a Change Order approved by the Town. Contractor shall provide a complete breakdown of all labor and material costs with the Change Order request. The breakdown shall include the Contractor's allowance for overhead and profit not to exceed 10% of the net cost of the change with work provided directly by the Contractor. For purposes of this Contract, "net cost" shall mean the difference between all proper cost additions and deductions. No claim for adjustments of the contract price shall be valid unless the procedure outlined in this section is followed. Any work performed pursuant to an approved change order shall be governed by the terms of this Contract.
- B. The Parties agree that there are two methods that may be utilized to determine the cost of changes:
 1. If unit prices are quoted in the proposal or bid and the additional work is covered by those unit prices, or can be subsequently agreed to by the Parties and Designer, the cost of the change shall be computed by application of the unit prices based on quantities. If this method is used no additional allowances shall be made for overhead and profit.
 2. If the additional work is not covered by unit prices, unit prices were not provided in the proposal or bid, or by the Parties mutual election, Town and Contractor may negotiate and agree upon the value of the change prior to the issuance of the change order and the change order shall identify the corresponding lump sum adjustment to the contract price.
- C. In the event concealed conditions are discovered in the performance of the work below grade, or in the event concealed or unknown conditions in an existing structure vary from the conditions indicated in the Contract Documents, the contract sum and time for completion may be adjusted by Change Order upon claim by either party made within thirty (30) days after the condition has been identified. The cost shall be determined by one of the methods outlined in this Contract.
- D. Change Orders shall be submitted by the Contractor for the Designer and Town's review and approval. Contractor shall provide all applicable supporting data and information. Delay in approval of a Change Order due to Contractor's failure to submit proper documentation shall not be grounds for a time extension or basis of a claim. The Designer or Town shall respond to the Contractor's proposal within fourteen (14) days of receipt of the proposal. If accepted, the Designer or Town shall prepare the Change Order for the Contractor's signature. The Town shall execute the

approved Change Order within seven (7) days of receipt from the Contractor. If the project requires bonding, the Contractor shall notify its bonding company that the contract has been changed by the amount of the Change Order and provide a copy of the approved Change Order to the surety. In the event a Change Order cannot be agreed upon by the Parties, nothing in this Contract shall preclude the Town from performing, or having performed, the work requested in a Change Order.

5. INDEMNIFICATION.

To the extent permitted by law, the Contractor agrees to defend, pay on behalf of, indemnify, and hold harmless the Town of Apex, its elected and appointed officials, employees, agents, and volunteers against any and all claims, demands, suits or losses, including all costs connected therewith, for any damages which may be asserted, claimed or recovered against or from the Town of Apex its elected or appointed officials, employees, agents, and volunteers by reason of personal injury, including bodily injury or death and/or property damage, including loss of use thereof, resulting from the negligence of the Contractor.

6. APPLICABILITY OF LAWS AND REGULATIONS.

In the event Contractor observes that any drawings or specifications are not in compliance with any such rules, laws, or regulations, Contractor shall promptly notify the Town in writing. Contractor shall not perform any work knowing it to be contrary to any laws, ordinances, codes, rules or regulations.

All work under this Contract shall be performed in accordance with the North Carolina Building Code and all other applicable state or national codes.

7. E-VERIFY COMPLIANCE.

Contractor shall require all of the Contractor's subcontractors to comply with the requirements of Article 2 of Chapter 64 of the North Carolina General Statutes (E-Verify).

8. ANTI-HUMAN TRAFFICKING.

The Contractor warrants and agrees that no labor supplied by the Contractor or the Contractor's subcontractors in the performance of this Agreement shall be obtained by means of deception, coercion, intimidation or force, or otherwise in violation of North Carolina law, specifically Article 10A, Subchapter 3 of Chapter 14 of the North Carolina General Statutes, Human Trafficking.

9. QUALITY AND WORKMANSHIP.

Contractor shall provide services in accordance with all governing agency regulations and shall be held to the same standard and shall exercise the same degree of care, skill and judgment in the performance of services for Town as is ordinarily provided by a similar professional under the same or similar

circumstances at the time in North Carolina. Contractor hereby certifies that he/she is a licensed general contractor as defined by N.C.G.S. 87-1.

10. PROTECTION AND RESTORATION OF SITE.

Unless otherwise noted in the Contract Documents, Contractor shall supply all labor, transportation, tools, and apparatus necessary for the completion of this work and shall maintain and remove all equipment of the construction, and be responsible for the safe, proper and lawful construction, maintenance and use of the same. Contractor shall provide all necessary protections for the site and shall be responsible for and pay for or repair, any damage to Town property caused by Contractor's or subcontractor's actions on the site. Protections provided by Contractor shall include cover of any work that is not in progress but is accessible to the public. Any work damaged that was not properly protected shall be repaired or replaced by the Contractor. Contractor shall provide all barricades necessary to keep the public away from construction.

If at any point during the construction or completion of the work contemplated by this Contract, the conduct or behavior of any worker on the site be determined to be a nuisance to the Town, or detrimental to the Town's operations, Contractor shall immediately remove such party from the site.

Contractor shall keep the work site and surrounding area reasonably free from obstruction and debris and shall remove all such debris when requested by the Town. Before final acceptance of the project Contractor shall thoroughly clean the site and surrounding area and prepare the project site for use by the Town. Following construction the Contractor shall restore the site its original state.

The Contractor shall provide notice of cancellation, non-renewal or material change in coverage to the Town of Apex within 10 days of their receipt of notice from the insurance company. All required certificates of insurance, endorsements, and blanket additional insured policy provisions are attached and considered part of this document. Notwithstanding the foregoing, neither the requirement of Contractor to have sufficient insurance nor the requirement that Town is named as an additional insured, shall constitute waiver of the Town's governmental immunity in any respect, under North Carolina law.

Contractor acknowledges that the terms of this Contract applies to each subcontractor as it does to the Contractor and Contractor will take whatever steps necessary to bind all subcontractors working on this project to these terms.
