

PLANNING BOARD REPORT TO TOWN COUNCIL  
Dissenting Member Comments

Planning Board Member Name: TIM ROYAL

Meeting Date: 3/9/2026

Rezoning # \_\_\_\_\_

Long Range Plan amendment(s) BO-2416 Tingen Road Bicycle and Pedestrian Crossing

Other \_\_\_\_\_

Reason(s) for dissenting vote:

The construction cost estimates were not available at the original study when presented to the planning board in the recent past.

Now that estimates are available, the future \$11M construction cost is quite high and we may need to look at other areas where pedestrian crossing mitigation is needed.

There is no pedestrian crossing data that the town has collected to support this large of a project.
