Sustainability Action Plan Update 2026

Key Highlights

Facilities and Energy Management

Fleet Electrification and Clean Mobility

Waste Management and Environmental Impact

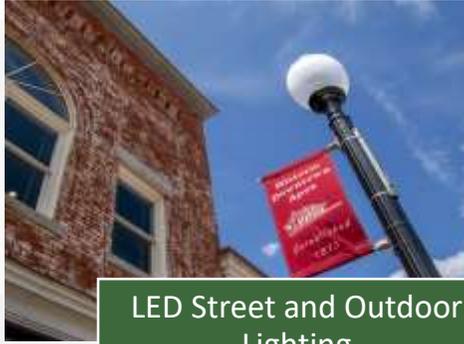

Other Initiatives

Completed Initiatives

Solar Energy Assessment

LED Street and Outdoor Lighting

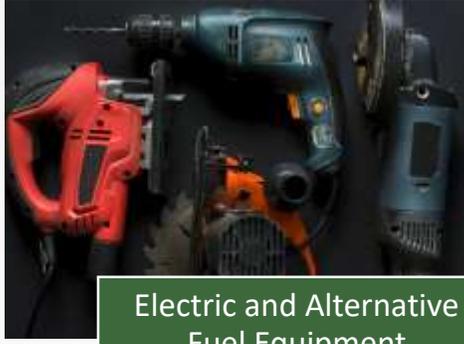

Telematic Fleet Technology

Vehicle Evaluation Criteria and Replacement Analysis

EV Charging Infrastructure Location Study

Electric and Alternative Fuel Equipment

Public Transit Options

Recycling Standards & Signage

Initiatives in Process

Water Conservation
Landscape Design

Greenhouse Gas
Inventory

Strategic Energy Plan

High Efficiency Inventory
Replacement

Vehicle Idling Reduction
Guidelines

EV & Hybrid Vehicle
Procurement Guidelines

Paper Waste Reduction

Yardwaste Collection
Assessment

Scheduled Initiatives

Energy Efficiency Standards
in Town Facilities

EV & Hybrid Vehicle
Maintenance Training

Centralized Fleet Program

Sustainable Procurement &
Purchasing Policy

Town & Facility Composting
Assessment
