PLANNED UNIT DEVELOPMENT APPLICATION

Application #: 22CZ05

Submittal Date: 2/1/22

PLANNED UNIT DEVELOPMENT DISTRICT STANDARDS:

In return for greater flexibility in site design requirements, Planned Development (PD) Districts are expected to deliver exceptional quality community designs that preserve critical environmental resources; provide high quality community amenities; incorporate creative design in the layout of buildings, Resource Conservation Area and circulation; ensure compatibility with surrounding land uses and neighborhood character; provide high quality architecture; and provide greater efficiency in the layout and provision of roads, utilities, and other infrastructure. The Planned Development (PD) Districts shall not be used as a means of circumventing the Town's adopted land development regulations for routine developments. The PD text and plan should demonstrate how the standards of Sec. 2.3.4.F are met by the proposed rezoning.

LEGISLATIVE CONSIDERATIONS - CONDITIONAL ZONING

The applicant shall propose site-specific standards and conditions that take into account the following considerations, which are considerations that are relevant to the legislative determination of whether or not the proposed conditional zoning district rezoning request is in the public interest. These considerations do not exclude the legislative consideration of any other factor that is relevant to the public interest. Use additional pages as needed.

1) *Consistency with 2045 Land Use Map.* The proposed Conditional Zoning (CZ) District use's appropriateness for its proposed location and consistency with the purposes, goals, objectives, and policies of the 2045 Land Use Map.

The proposal is consistent with the 2045 Land Use Map. Planned Unit Development is an allowable zoning district in the Medium Density Residential land use map classification and the proposed conditions maintain the density within the 3-7 dwelling units per acre range.

2) *Compatibility.* The proposed Conditional Zoning (CZ) District use's appropriateness for its proposed location and compatibility with the character of surrounding land uses.

The proposed uses for Morris Tract PUD are limited to single-family homes and townhouses which are primary uses in the Medium Density Residential future land classification. There is an existing single-family neighborhood to the northeast; however, the southwest has a high-density residential/commercial services/ office employment future land classification. The PUD would soften the transition between the existing single-family neighborhood and future development.

3) *Zoning district supplemental standards.* The proposed Conditional Zoning (CZ) District use's compliance with Sec 4.4 *Supplemental Standards*, if applicable.

There are no supplemental standards listed for single-family detached homes and attached townhouse units.

PETITION PROCESS INFORMATION

4) *Design minimizes adverse impact.* The design of the proposed Conditional Zoning (CZ) District use's minimization of adverse effects, including visual impact of the proposed use on adjacent lands; and avoidance of significant adverse impacts on surrounding lands regarding trash, traffic, service delivery, parking and loading, odors, noise, glare, and vibration and not create a nuisance.

The development will minimize adverse impact. It will have landscaped buffers on all sides which will ameliorate any disturbance to neighbors and visually screen the development. Limiting the permitted uses to single-family dwellings and townhouse units will significantly reduce any impacts to surrounding property. SCMs will be sized to the 100-year storm event.

5) *Design minimizes environmental impact.* The proposed Conditional Zoning District use's minimization of environmental impacts and protection from significant deterioration of water and air resources, wildlife habitat, scenic resources, and other natural resources.

The development minimizes environmental impact. The design avoids disturbing wetlands and streams, and the much of the remainder of the site is currently cleared. SCMs will be sized to the 100 year storm event, and the applicant will work with the neighbors to understand their experience with stormwater and their concerns.

6) *Impact on public facilities.* The proposed Conditional Zoning (CZ) District use's avoidance of having adverse impacts on public facilities and services, including roads, potable water and wastewater facilities, parks, schools, police, fire and EMS facilities.

The site will have minimal impact on public facilities. Based on conversations with the Town of Apex staff, it is the applicant's understanding that a development of this nature will neither overwhelm public facilities nor detract from service availability. Further evaluation of public facilities will be required at the Construction Drawing Stage.

7) *Health, safety, and welfare.* The proposed Conditional Zoning (CZ) District use's effect on the health, safety, or welfare of the residents of the Town or its ETJ.

This development will not harm the health, safety, or welfare of residents of the Town or the ETJ. It will add quality housing stock to the community. There is no reason to believe that the presence of additional housing will pose a threat to the Town of Apex or its ETJ.

8) *Detrimental to adjacent properties.* Whether the proposed Conditional Zoning (CZ) District use is substantially detrimental to adjacent properties.

The development will not be detrimental to adjacent properties. Like the proposed neighborhood, the adjacent properties contain residential uses. In addition, appropriate perimeter buffers will be installed to alleviate any disturbance to existing properties. The new development will be carefully designed to blend with adjacent properties and engineered to deter nuisances.

PETITION PROCESS INFORMATION

9) *Not constitute nuisance or hazard.* Whether the proposed Conditional Zoning (CZ) District use constitutes a nuisance or hazard due to traffic impact or noise, or because of the number of persons who will be using the Conditional Zoning (CZ) District use.

Single-family dwellings and townhouses are generally regarded as low-intensity uses. They produce fewer impacts than other land uses. In addition, the numerous points of ingress and egress provided will provide for connectivity and disperse traffic. Stubs are provided to the north for future connectivity.

10) *Other relevant standards of this Ordinance.* Whether the proposed Conditional Zoning (CZ) District use complies with all standards imposed on it by all other applicable provisions of this Ordinance for use, layout, and general development characteristics.

The proposed district, associated uses, layout, and general development characteristics comply with the applicable requirements of the Unified Development Ordinance.

Application #: 22CZ05Submittal Date: 2/1/22

Town of Apex
73 Hunter Street
P.O. Box 250 Apex, NC 27502
919-249-3400

WAKE COUNTY, NORTH CAROLINA CUSTOMER SELECTION AGREEMENT

7208, 0, and 0 Morris Acres Rd.

(the "Premises")

The Town of Apex offers to provide you with electric utilities on the terms described in this Offer & Agreement. If you accept the Town's offer, please fill in the blanks on this form and sign and we will have an Agreement once signed by the Town.

Edith S. Morris, the undersigned customer ("Customer") hereby irrevocably chooses and selects the Town of Apex (the "Town") as the permanent electric supplier for the Premises. Permanent service to the Premises will be preceded by temporary service if needed.

The sale, delivery, and use of electric power by Customer at the Premises shall be subject to, and in accordance with, all the terms and conditions of the Town's service regulations, policies, procedures and the Code of Ordinances of the Town.

Customer understands that the Town, based upon this Agreement, will take action and expend funds to provide the requested service. By signing this Agreement the undersigned signifies that he or she has the authority to select the electric service provider, for both permanent and temporary power, for the Premises identified above.

Any additional terms and conditions to this Agreement are attached as Appendix 1. If no appendix is attached this Agreement constitutes the entire agreement of the parties.

Acceptance of this Agreement by the Town constitutes a binding contract to purchase and sell electric power.

Please note that under North Carolina General Statute §160A-332, you may be entitled to choose another electric supplier for the Premises.

Upon acceptance of this Agreement, the Town of Apex Electric Utilities Division will be pleased to provide electric service to the Premises and looks forward to working with you and the owner(s).

ACCEPTED:

January 12, 2022

RE: Morris Tract PUD

Dear Resident or Property Owner:

Please find enclosed an invitation for a neighborhood meeting for the proposed rezoning of 17.09 acres at 7304 and 7208 Morris Acres Rd. (Wake County PINs 0732295017, 0732382709, 0732289587, and 0732382530) from Rural Residential (RR) to Planned Unit Development – Conditional Zoning (PUD-CZ). The proposal would limit the permitted uses to single-family detached residential dwellings and townhouses.

The meeting will take place virtually on Wednesday, January 26th, 2022 from 6 pm to 8 pm on WebEx. You can join by computer, smartphone, tablet, or other internet-enabled device by using the meeting link.

Register in advance at <https://bit.ly/3EYyb2r>. You can also access the registration page using the camera on your smartphone to scan the code below.

There are several ways to access the virtual meeting. To join by phone, use +1-415-655-0001 US Toll, access code: 2421 385 3483. You can also use the event link, <https://bit.ly/3eTO53G>, or use the camera on your smartphone to scan the code below.

Future meetings will include a Planning Board meeting and a legislative hearing before Town Council. If you are unable to attend the meeting, would like to talk outside of the meeting, or have any other questions or concerns, please email bvega@withersravenel.com or call 919-535-5212. If you have questions for the Town, the Planner on the rezoning case is Liz Loftin: Liz.Loftin@apexnc.org or 919-249-3439.

Sincerely,
WithersRavenel

Brendie Vega, ACIP, CNU-A
Director of Planning

PROJECT CONTACT INFORMATION

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Development Contacts:

Project Name: Morris Tract PUD Zoning: Rural Residential (RR)

Location: 7304 and 7208 Morris Acres Rd.

Property PIN(s): 0732295017, 0732382709, Acreage/Square Feet: 17.09 acres
0732289587, and 0732382530

Property Owner: Edith Morris

Address: 7208 Morris Acres Rd.

City: Apex State: NC Zip: 27523-5822

Phone: _____ Email: _____

Property Owner: North Carolina Department of Transportation Turnpike Authority

Address: Transportation Section, 1505 Mail Service Center

City: Raleigh State: NC Zip: 27699-1505

Phone: _____ Fax: _____ Email: _____

Engineer: WithersRavenel

Address: 115 MacKenan Dr.

City: Cary State: NC Zip: 27511

Phone: (919) 469-3340 Fax: _____ Email: bvega@withersravenel.com

Builder (if known): _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Fax: _____ Email: _____

Please note that Town staff will not have complete information about a proposed development until the application is submitted for review. If you have a question about Town development standards and how they relate to the proposed development, please contact the appropriate staff person listed below.

Town of Apex Department Contacts

Planning and Community Development Department Main Number (Provide development name or location to be routed to correct planner)	(919) 249-3426
Parks, Recreation & Cultural Resources Department Angela Reincke, Parks and Greenways Planner	(919) 249-7468
Public Works - Transportation Russell Dalton, Senior Transportation Engineer	(919) 249-3358
Water Resources Department Jessica Bolin, Environmental Engineering Manager (Stormwater, Sedimentation & Erosion Control)	(919) 249-3537
James Gregg, Utility Engineering Manager (Water & Sewer)	(919) 249-3324
Electric Utilities Division Rodney Smith, Electric Technical Services Manager	(919) 249-3342

Providing Input to Town Council:

Each Town Council meeting agenda includes a Public Forum time when anyone is permitted to speak for three (3) minutes on any topic with the exception of items listed as Public Hearings for that meeting. The Town Council meets on the 2nd and 4th Tuesdays of each month at 6:00 p.m. (except for holidays, see schedule of meetings at <http://www.apexnc.org/838/Agendas-Minutes>). You may also contact Town Council by e-mail at AllCouncil@apexnc.org.

Private Agreements and Easement Negotiation:

The Town of Apex cannot enforce private agreements between developers and neighbors and is not a party to the easement and right-of-way negotiation that occurs between developers and neighboring property owners for easements or rights-of-way that are necessary to build the project.

It is recommended that all private agreements be made in writing and that if a property owner feels it necessary, they should obtain private legal counsel in order to protect their interests in both private agreements and during easement negotiations. The only conditions that the Town of Apex can enforce are those conditions that are made a part of the conditional zoning of the property by agreement of the developer and the Town.

As an example, if a developer offers to build a fence for a neighbor to mitigate some impact, the Town can only enforce the construction of the fence if the fence becomes a condition of the rezoning. This would occur by the developer offering the condition as part of their conditional zoning application package or at the Town Council public hearing on the conditional zoning and the Town accepting it as a condition. Private agreements regarding a fence being constructed will not be enforced by the Town.

To request that any agreement with a developer is made a part of the conditional zoning at the time of approval, you may ask at the Town Council public hearing if the agreement is included in the conditions. If it is not, you may request that the Town Council not approve the rezoning without the agreement being included in the conditions (note that it is up to Town Council whether to approve or deny the rezoning but they cannot impose conditions that the applicant does not agree to add). The developer's proposed conditions can be viewed any time after a rezoning is submitted on the Interactive Development Map at: <http://apexnc.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=fa9ba2017b784030b15ef4da27d9e795>

Documentation:

Neighbors to a requested new development and/or rezoning are strongly encouraged to fully document (such as through dated photographs) the condition of their property before any work is initiated for the new development. Stormwater controls installed on developed property are not designed to and will likely not remove 100% of the soil particles transported by stormwater runoff. As a result, creeks and ponds could become cloudy for a period of time after rain events.

COMMON CONSTRUCTION ISSUES & WHO TO CALL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Noise & Hours of Construction:	Non-Emergency Police	919-362-8661
---	-----------------------------	---------------------

Noise from tree removal, grading, excavating, paving, and building structures is a routine part of the construction process. The Town generally limits construction hours from 7:00 a.m. to 8:30 p.m. so that there are quiet times even during the construction process. Note that construction outside of these hours is allowed with special permission from the Town when it makes more sense to have the construction occur at night, often to avoid traffic issues. In addition, the Town limits hours of blasting rock to Monday through Friday from 8:00 a.m. to 5:00 p.m. Report violations of construction hours and other noise complaints to the Non-Emergency Police phone number at 919-362-8661.

Construction Traffic:	James Misciagno	919-372-7470
------------------------------	------------------------	---------------------

Construction truck traffic will be heavy throughout the development process, including but not limited to removal of trees from site, loads of dirt coming in and/or out of the site, construction materials such as brick and wood brought to the site, asphalt and concrete trucks come in to pave, etc. The Town requires a construction entrance that is graveled to try to prevent as much dirt from leaving the site as possible. If dirt does get into the road, the Town can require they clean the street (see "Dirt in the Road" below).

Road Damage & Traffic Control:	Water Resources – Infrastructure Inspections	919-362-8166
---	---	---------------------

There can be issues with roadway damage, roadway improvements, and traffic control. Potholes, rutting, inadequate lanes/signing/stripping, poor traffic control, blocked sidewalks/paths are all common issues that should be reported to Water Resources – Infrastructure Inspections at 919-249-3427. The Town will get NCDOT involved if needed.

Parking Violations:	Non-Emergency Police	919-362-8661
----------------------------	-----------------------------	---------------------

Unless a neighbor gives permission, there should be no construction parking in neighbors' driveways or on their property. Note that parking in the right-of-way is allowed, but Town regulations prohibit parking within 15 feet of driveways so as not to block sight triangles. Trespassing and parking complaints should be reported to the Non-Emergency Police phone number at 919-362-8661.

Dirt in the Road:	James Misciagno	919-372-7470
--------------------------	------------------------	---------------------

Sediment (dirt) and mud gets into the existing roads due to rain events and/or vehicle traffic. These incidents should be reported to James Misciagno. He will coordinate the cleaning of the roadways with the developer.

Dirt on Properties or in Streams:	James Misciagno Danny Smith	919-372-7470 Danny.Smith@ncdenr.gov
--	--	--

Sediment (dirt) can leave the site and get onto adjacent properties or into streams and stream buffers; it is typically transported off-site by rain events. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the appropriate repairs with the developer. Impacts to the streams and stream buffers should also be reported to Danny Smith (danny.smith@ncdenr.gov) with the State.

Dust:	James Misciagno	919-372-7470
--------------	------------------------	---------------------

During dry weather dust often becomes a problem blowing into existing neighborhoods or roadways. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the use of water trucks onsite with the grading contractor to help control the dust.

Trash:	James Misciagno	919-372-7470
---------------	------------------------	---------------------

Excessive garbage and construction debris can blow around on a site or even off of the site. These incidents should be reported to James Misciagno at 919-372-7470. He will coordinate the cleanup and trash collection with the developer/home builder.

Temporary Sediment Basins:	James Misciagno	919-372-7470
-----------------------------------	------------------------	---------------------

Temporary sediment basins during construction (prior to the conversion to the final stormwater pond) are often quite unattractive. Concerns should be reported to James Misciagno at 919-372-7470 so that he can coordinate the cleaning and/or mowing of the slopes and bottom of the pond with the developer.

Stormwater Control Measures:	Jessica Bolin	919-249-3537
-------------------------------------	----------------------	---------------------

Post-construction concerns related to Stormwater Control Measures (typically a stormwater pond) such as conversion and long-term maintenance should be reported to Jessica Bolin at 919-249-3537.

Electric Utility Installation:	Rodney Smith	919-249-3342
---------------------------------------	---------------------	---------------------

Concerns with electric utility installation can be addressed by the Apex Electric Utilities Department. Contact Rodney Smith at 919-249-3342.

NEIGHBORHOOD MEETING SIGN-IN SHEET

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Meeting Address: Virtual - Webex
Date of meeting: 1/26/2022 Time of meeting: 6 - 8 p.m.
Property Owner(s) name(s): Edith Morris and NCDOT
Applicant(s): WithersRavenel

Please print your name below, state your address and/or affiliation with a neighborhood group, and provide your phone number and email address. Providing your name below does not represent support or opposition to the project; it is for documentation purposes only. For virtual meetings, applicants must include all known participants and request the information below.

SUMMARY OF DISCUSSION FROM THE NEIGHBORHOOD MEETING

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Property Owner(s) name(s): Edith Morris and NCDOT

Applicant(s): WithersRavenel

Contact information (email/phone): Brendie Vega, bvega@withersravenel.com

Meeting Address: Virtual (Webex)

Date of meeting: January 26, 2022

Time of meeting: 6:00 to 8:00 p.m.

Please summarize the questions/comments and your responses from the Neighborhood Meeting or emails/phone calls received in the spaces below (attach additional sheets, if necessary). Please state if/how the project has been modified in response to any concerns. The response should not be "Noted" or "No Response". There has to be documentation of what consideration the neighbor's concern was given and justification for why no change was deemed warranted.

Question/Concern #1:

Stormwater. Attendees asked about plans for stormwater management on the site.

Applicant's Response:

The project team understands that there are existing stormwater concerns in the area, specifically at Flint's Pond and along Walden Woods Drive. The team shared that its priority is to divert as much water from the subdivision as possible. The project will be engineered to withstand a 100-year flood event, which is above and beyond Town standards. The rate of discharge will be less than or equal to current conditions.

Question/Concern #2:

Buffers. Neighbors had questions regarding buffering along the eastern boundary of the property. Several neighbors expressed interest in installing a wooden fence.

Applicant's Response:

The applicant showed the location of the 20-foot Type A buffer on the bubble diagram.

The team explained that existing trees will not be disturbed in the buffer and that

further surveying is needed to determine if a fence would be useful with the topography.

Question/Concern #3:

Sanitary Sewer. Neighbors asked about the placement of the sewer in relationship to the stream.

Applicant's Response:

At this time, the applicant does not have a definite answer; however, the sewer line may run under the stream. The team will be conducting extensive field research to determine the appropriate path.

Question/Concern #4:

Units, Location, and Construction Timeline. Neighbors asked about the number of units and the construction timeline.

Applicant's Response:

The applicant responded that there will be at most eight single-family detached units to the northeast and 102 townhouse units to the southwest. Once approved by Council, the applicant cannot make significant changes to the PUD and will be bound to the layout shown on the bubble diagram. Land development will likely begin in summer 2023, and home construction will start in summer 2024.

Traffic Consultant	Kimley-Horn
Current Zoning Designation	Rural Residential (RR)
Proposed Zoning Designation	Planned Unit Development (PUD-CZ)
Current 2045 Land Use Map Designation	Medium Density Residential
Area of Tracts	17.09 acres

III. PURPOSE STATEMENT

A. Unified Development Ordinance (UDO) Sections 2.3.4.F.1.

- ◆ The PD Plan encourages cluster and compact development to the greatest extent possible. The PD plan will be interrelated and linked internally and externally by pedestrian ways, bikeways, and other transportation systems.
- ◆ Sidewalks at least five (5) feet in width are provided on all streets throughout the subdivision, as well as sidewalk at least five (feet) in width that will be installed on the frontage of Morris Acres Road.
- ◆ Cul-de-sac(s) will be avoided where environmental features do not constrain the site, and instead will provide connections to existing street(s) and stub(s) to future roads.
- ◆ The development is compatible with the character of the site, where a change to existing land use patterns in the area has increased the surrounding densities and introduced nonresidential uses.
- ◆ The site is within one-half mile of retail, dining, financial institutions, and personal services. Future residents will be able to easily access many necessities and entertainment while minimizing vehicle trips traveled and trip length.
- ◆ The PD Plan proposes architectural standards that are exceptional and provide high-quality design while incorporating energy saving features.

B. Conditional Zoning Standards - UDO Sections 2.3.3.F.1-10

- ◆ The PUD Plan is consistent with the 2045 Land Use Map, which has identified this area as Medium Density Residential which allows for single-family homes, duplexes, and townhouses.
- ◆ The proposed plan is consistent with the changing character of the neighborhood. The Town's adopted 2045 plans, are demonstrative of the changes that have occurred and are proposed for this area.
- ◆ The Zoning district supplemental standards do not apply to the uses that have been listed in the List of Uses.
- ◆ Adverse impacts will be minimal since there are currently residences in this location that are served by private services. Annexation into the Town will provide the new subdivision with trash, public water and sewer, and Town of Apex public safety services.
- ◆ While not yet designed, the subdivision will incorporate recommendations made by the Environmental Advisory Board to minimize environmental impacts.
- ◆ The proposed Conditional Zoning District uses will meet the UDO's requirements for public improvement. A fee-in-lieu will be provided to the Town of Apex for parks and recreation, while other public services will benefit from the tax base provided by the increased tax value of the current properties.
- ◆ The proposed District will meet or exceed the Town's requirements which are meant to protect the health, safety, and welfare of the Town and ETJ residents.
- ◆ There will be no substantial detriment to the adjacent properties. The addition of residential at a slightly higher density than what is existing will not be a substantial detriment to adjacent properties.

- ◆ The use will not constitute a nuisance or hazard as residential uses are inherently intended for the use, enjoyment, and safety of residents in their homes.
- ◆ The proposed Conditional Zoning district use will meet or exceed the applicable provisions of the Ordinance except where noted in this document and as permitted by the Conditional Zoning process.

IV. PERMITTED USES

The Rezoned Lands may be used for, and only for, the uses listed immediately below. The permitted uses are subject to the limitations and regulations stated in the UDO and any additional limitations or regulations stated below. For convenience, some relevant sections of the UDO may be referenced; such references do not imply that other sections of the UDO do not apply.

A. Residential

- ◆ Single-family
- ◆ Townhouse, attached
- ◆ Recreation facility, private
- ◆ Accessory apartment
- ◆ Utility, Minor
- ◆ Park, Active
- ◆ Park, Passive

V. PROPOSED CONDITIONS

1. Alleys for units facing Morris Acres Road will accommodate water and sewer utilities within the Town's existing alley cross section subject to staff review and approval at the time of subdivision and construction plans. Public utility easements may be granted on private property to accommodate appurtenances and maintenance.
2. Homeowner Association covenants shall not restrict the construction of accessory dwelling units.
3. No homes will be platted within 50 feet of the eastern property line.

VI. DESIGN CONTROLS

A. Intensity and Density

Maximum Density	7.0 Dwelling Units/Acre		
Maximum Dwelling Units	110 (10 single-family dwelling units and 100 townhomes)		
Maximum Building Height	50 ft		
Setbacks, Single-family Detached	Front: 5 ft from façade 20 ft from garage to back of sidewalk	Side: 5 ft	Rear: 10 ft
		Corner Side: 8 ft	
Setbacks, Townhouses, Front-loaded	Front: 10 ft from façade 20 ft from garage to back of sidewalk	Side: 5 ft	Rear: 10 ft
		Building to Building: 10 ft	
Setbacks, Townhouses, Alley-loaded	Front: 10 ft from façade	Side: 5 ft	Rear: 5 ft
		Building to Building: 10 ft	
Maximum Built Upon Area Permitted (PUD-CZ)	70%		
Proposed Built Upon Area	70%		

B. Perimeter Buffers

North	20-foot Type B
East	20-foot Type A
Morris Acres Rd. (Units facing the street)	30-foot Type E Undisturbed 50-foot Type A/B Disturbed
Morris Acres Rd. (Units oriented away from the street)	30-foot Type B Undisturbed 50-foot Type A/B Disturbed

VII. ARCHITECTURAL CONTROLS

A. Single-family Detached

1. Vinyl siding is not permitted; however, vinyl windows, decorative elements, and trim are permitted.

2. The roof shall be pitched at 5:12 or greater for 75% of the building designs.
3. A varied color palette shall be utilized on homes throughout the subdivision to include a minimum of three color families for siding and shall include varied trim, shutter, and accent colors complementing the siding color.
4. House entrances for units with front-facing single-car garages shall have a prominent covered porch/stoop area leading to the front door.
5. The rear and side elevations of the units that can be seen from the right-of-way shall have trim around the windows.
6. Garage doors must have windows, decorative details, or carriage-style adornments on them. The visible side of a single-family detached dwelling unit on a corner lot facing the public street shall contain at least two decorative elements such as, but not limited to, the following:

<ul style="list-style-type: none"> ◆ Windows ◆ Bay window ◆ Recessed window ◆ Decorative window ◆ Trim around the windows ◆ Wrap-around porch or side porch ◆ Two or more building materials ◆ Decorative brick/stone ◆ Decorative trim 	<ul style="list-style-type: none"> ◆ Decorative shake ◆ Decorative air vents on gables ◆ Decorative gable ◆ Decorative cornice ◆ Column ◆ Portico ◆ Balcony ◆ Dormer
--	--

B. Townhouses

1. Vinyl siding is not permitted; however, vinyl windows, decorative elements, and trim are permitted.
2. The roofline cannot be a single mass. It must be broken up horizontally and vertically between every unit.
3. Garage doors must have windows, decorative details, or carriage-style adornments on them.
4. The rear and side elevations of the units that can be seen from the right-of-way shall have trim around the windows.
5. House entrances for units with front-facing single-car garages shall have a prominent covered porch/stoop area leading to the front door.
6. A varied color palette shall be utilized on homes throughout the subdivision to include a minimum of three color families for siding and shall include varied trim, shutter, and accent colors complementing the siding color.
7. The visible side of a townhouse on a corner lot facing the public street shall contain at least two decorative elements such as, but not limited to, the following:

<ul style="list-style-type: none"> ◆ Windows ◆ Bay window ◆ Recessed window ◆ Decorative window ◆ Trim around the windows ◆ Wrap-around porch or side porch ◆ Two or more building materials 	<ul style="list-style-type: none"> ◆ Decorative brick/stone ◆ Decorative trim ◆ Decorative shake ◆ Decorative air vents on gables ◆ Decorative gable ◆ Decorative cornice ◆ Column
---	---

- ◆ Portico
- ◆ Balcony

- ◆ Dormer

VIII. SIGNAGE

All signage in the Morris Tract PUD will comply with the requirements in Section 8.7 of the Town of Apex UDO.

IX. PARKING AND LOADING

The parking requirements of the Town of Apex UDO Section 8.3 will be met.

X. ENVIRONMENTAL ADVISORY BOARD RECOMMENDATIONS

The Morris Tract PUD was heard at the EAB on December 16, 2021. The applicant has agreed to the following.

1. Post development peak runoff shall not exceed pre-development peak runoff for the 24-hour, 1-year, 10-year, and 100-year storm events in accordance with the Unified Development Ordinance. Treatment for the first 1-inch of runoff will be provided such that the removal of 85% Total Suspended Solids is achieved.
2. The project shall install at least one (1) pet waste disposal reminder sign per SCM. The sign(s) shall be installed in locations that are publicly accessible, such as adjacent to, but outside of public property and/or public easement(s), amenity centers, sidewalks, greenways, or side paths.
3. The project shall install at least one (1) sign per SCM about not using fertilizer near an SCM drainage area. The sign(s) shall be installed in locations that are publicly accessible, such as adjacent to, but outside of public property and/or public easement(s), amenity centers, sidewalks, greenways, or side paths.
4. The project shall select and install tree, shrub, and perennial species with special attention to providing diverse and abundant pollinator and bird food sources, including plants that bloom in succession from spring to fall.
5. The project shall ensure that at least 75% of the landscaping shall be native species. Landscaping shall be coordinated with and approved by the Planning Department at site or subdivision review.
6. The project shall select and install tree, shrub, and perennial species with special attention to providing diverse and abundant pollinator and bird food sources, including plants that bloom in succession from spring to fall.
7. The project shall plant warm season grasses in order to minimize the need for irrigation and chemical use.
8. A minimum of three (3) native hardwood tree species shall be used for the landscaping on site.
9. The project shall install at least one (1) pet waste station at each play lawn.

10. All homes shall be pre-configured with conduit for a solar energy system.

XI. NATURAL RESOURCE AND ENVIRONMENTAL DATA

A. Watershed

The properties in the PD Plan are located in the Primary Watershed Overlay District and the Beaver Creek Basin.

B. FEMA Floodplain

No regulatory FEMA mapped floodplain exists on site.

C. Resource Conservation Area

The site is subject to the Resource Conservation Area requirements outlined in the Town of Apex UDO in Section 8.1. This project shall dedicate a minimum 20% of the overall site area upon site plan submittal.

According to the North Carolina Historic Preservation Office's records, the subject site does not contain historic structures.

XII. STORMWATER MANAGEMENT

1. This project is located within the Beaver Creek basin and will be required to attenuate the 1-, 10-, 25-, and 100-year storms.
2. To the extent practicable the stormwater discharge from the onsite SCM(s) will be routed to discharge stormwater from the SCM(s) via a pipe underneath Morris Acres Road (i.e. to the downstream side) subject to Town of Apex and NCDOT approvals.
3. The former pond on the east side of the property was previously breached and the outflow was diverted away from properties with PINs 0732387613, 0732387723, and 0732387823 via an open channel. The proposed project will either pipe or maintain an open channel that continues to direct the natural flow to a point downstream of these properties, subject to Town of Apex, NCDWR, and USACE approvals.

XIII. PARKS, RECREATION, AND CULTURAL ADVISORY COMMISSION

The PRCR Advisory Commission unanimously recommended a fee-in-lieu of dedication for the Morris Tract PUD at their March 30, 2022, meeting. The rate of the fee is set at the time of Town Council approval of the rezoning, is based on a maximum of 110 single family attached and detached units and runs with the life of the project. If approved in 2022, the rate would be \$3,753.89 for Single Family Detached and \$2,528.25 for Single Family Attached units.

XIV. PUBLIC FACILITIES REQUIREMENTS

A. Sanitary Sewer Service

Sewer is available at an outfall at the tributary of the Reedy Branch outfall that runs through a Town of Apex owned parcel.

A capacity study shall be provided at Construction Drawing submittal.

B. Water Service

Extension of water shall be provided to the proposed development with access to water 12" water line in Morris Acres Road.

C. Gas and Electric Service

Electric services will be extended to the site.

D. Roadways

The Site shall require an internal public roadway network and privately maintained parking spaces. The transportation system shall be consistent with the Town of Apex Comprehensive Transportation Plan and Bicycle and Pedestrian System Plan and the Town of Apex Standard Specifications and Standard Details.

The Transportation plan designates Morris Acres Road as an 80-foot minimum right-of-way with a minimum 10-foot Side Path.

Staff has indicated that their comments will be provided in April.

E. Transit

The nearest transit stop for the local GoApex Route 1 is anticipated to be located at the Beaver Creek Commons shopping center. Regional Transit can be accessed along NC 55 Hwy. The subject site is located within the Transit Oriented Development Context Area.

F. Pedestrian Facilities

A 10-foot Side Path shall be provided along the frontage of Morris Acres Road, in accordance with the Transportation Plan & UDO.

Sidewalks at least five (5) feet in width shall be provided on both sides of all internal streets, including cul-de-sac(s).

For alley-loaded townhouses that front Morris Acres Road, a minimum five-foot (5') sidewalk connection between the townhouse units and the 10-foot Side Path along Morris Acres Road shall be provided. These connections will perpendicularly cross the 30-foot Thoroughfare Buffer along Morris Acres Road.

XV. PHASING

The site is anticipated to be developed in two (2) phases.

XVI. AFFORDABLE HOUSING

Of the one hundred (100) permitted townhouse dwellings, at least two (2) residential restricted median-income affordable housing townhouse ownership units (Affordable Housing Units) shall be constructed on-site and sold at a mutually agreeable maximum affordable housing median-income ownership initial sales price (includes unit price and lot price) that is calculated based upon the one-hundred percent (100%) of the Raleigh, NC Metropolitan Statistical Area (MSA) Area Median Income (AMI) as most recently published by the U.S. Department of Housing and Urban Development (HUD). The Affordable Housing Units shall be occupied by low or median-income households earning no more than one hundred percent (100%) of the Raleigh, NC MSA AMI, adjusted for family size as most recently published by HUD. A restrictive covenant (i.e., resale deed restriction) with a minimum affordability period of ten (10) years shall be recorded against each Affordable Housing Unit concurrently at the close of escrow upon the sale of each Affordable Housing Units to memorialize the affordable housing terms and conditions. The two (2) Affordable Housing Unit lots shall be identified on the Master Subdivision Final Plat, which may be amended from time to time. A restrictive covenant (i.e. affordable housing agreement) between the Town and Applicant shall be recorded against the two (2) Affordable Housing Unit lots prior to the issuance of a building permit for such lots to memorialize the affordable housing terms and conditions of the approved zoning condition. Final Affordable Housing Unit floor plan selection which includes the unit size and bedroom size will be at the discretion of the developer. Developer will be responsible for performing marketing, applicant screening and selection process and management of the Affordable Housing Units during the affordability period with oversight and support provided by Town staff.

XVII. ELEVATIONS

Elevations will comply with the Architectural and Design Controls for the Morris Tract PUD. Elevations submitted with this PD Plan are representative of what may be provided.

XVIII. CONSISTENCY WITH ADVANCE APEX

The Plan is consistent with the Advance Apex Plan and Land Use Map.

The Apex 2045 Land Use Map identifies the subject parcels as Medium Density Residential. Medium Density Residential lands are characterized by single-family homes, duplexes, quadplexes, and townhomes with densities no less than three (3) and no more than seven (7) dwelling units per acre. Medium Density Residential provides a transition from the more urbanized areas of Apex to low-density neighborhoods.

The proposed density of 6.5 dwelling units per acre and proposed uses meet the Medium Density Residential standards. In addition, once established, the proposed development will soften the transition between large rural lands and residential neighborhoods and commercial areas.

XIX. CONSISTENCY WITH THE UDO

The proposed development is consistent with all applicable requirements of the Town of Apex UDO.

XX. COMPLIANCE WITH COMPREHENSIVE TRANSPORTATION PLAN AND BICYCLE AND PEDESTRIAN SYSTEM PLAN

The proposed development complies with the applicable requirements of the Town of Apex Comprehensive Transportation Plan and Bicycle Plan.

XXI. CONFORMITY WITH TOWN OF APEX ADOPTED PLANS AND POLICIES

In addition to being consistent with the Town's Advance Apex Comprehensive Plan, Unified Development Ordinance, and the Comprehensive Transportation Plan and Bicycle and Pedestrian System Plan, the proposed development is designed to conform with the following plans and their subsequent maps:

- Parks, Recreation, Greenways, and Open Space Master Plan
 - The development is designed with 10' path adjoining Morris Acres Road as detailed in the Master Plan map.
- Collection System Facility Plan (Master Sewer Plan)
 - The development is proximate to adequate water and sewer infrastructure within the Beaver Creek outfall (see Section XIV).
- NC 540/Western Wake Freeway Plan
 - The development is identified as "Medium Density Residential" which is consistent with proposed use of the site.
