Interest and Civic / Volunteer Experience

Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.

I am interested in helping Apex provide "exceptional public service that fosters the opportunity for the individual and community to live, thrive and reach their peak." I think all organizations and towns should be mission driven. That has what I have been doing all of my work life.

Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.

I have over 40 years of business experience. I have an MBA and have run organizations for many years. I have served on industry boards I am past Chairman of the Board for the Printing Industries of America. This is important because I understand advisory boards. They are advisors, not staff. They support, plan, advise but are not in charge and should not assume that they are. I live in the historic district of Apex and am committed to helping it grow.

If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.

It is not my role to come with initiatives. I will come with no preconceived agendas. I will listen (to the community and staff), opine, counsel, advise and recommend. That is what I will do.

However, I am not one to be silent. I will not raise my voice and I will listen and discuss. I will not be a rubber stamp. To give you an open idea of who I am, let me share this:

I am core value and character driven. I want to do the right thing. I have a moral compass that guides all my decisions.

I am value driven and fiscally responsible. I will look out for the tax payers dollars. I will want to see participation rates and outcomes. I don't support pet projects unless they have strong citizen outcomes and the results can be tracked.

For example, I strongly support investing in the town (Salem Street, Tunstall House, Senior Center...) However, I think the Tunstall House is a good example of something that could have been planned better. Many people disagree with spending millions of dollars to renovate that. I hear it all the time. I support it, BUT, I think we should have designated what we are going to use it for before we renovated it. Deciding afterwards may cause extra costs. If this is to be used for a Senior Center overflow, great; but shouldn't we have thought about that before finalizing it and designed it accordingly. If it is to be used for Apex offices, I don't agree with it. That does not support the mission. Now this may be outside the job description of PRAB but it will give you insights to who I am as a candidate.

Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.

Apex High School business Alliance - help high school students

Interest and Civic / Volunteer Experience

Please explain the reasoning for your interest in serving on this board. Your response may include lived experiences, qualifications, skills, and attributes and any other information that might distinguish your application from other candidates.

I am deeply motivated to serve on this board because community is more important than ever in a time when divisiveness is at an all-time high. I believe that by engaging our residents through meaningful programs, we can highlight what we share in common and strengthen our connections. As a Nigerian-American, cultural competency is a core value in my life, and I bring that perspective to ensure inclusivity and accessibility for all.

Professionally, I am a Program Manager with a proven record of process improvement, stakeholder engagement, and building collaborative programs. These skills directly translate to board service, where thoughtful planning, organization, and inclusivity are essential. Beyond my career, Apex has become a town I love and want to permanently call home. My drive to excel and my desire to raise a family here inspire me to contribute to building community programs and youth opportunities that enrich the lives of all residents.

Please describe three (3) reasons why your service on the chosen board could be beneficial to the Town of Apex.

Arts & Cultural Board:

1. I bring strong cultural competency and firsthand experience as a Nigerian-American, which will help ensure Apex's cultural programming reflects and celebrates our town's diversity.
2. My professional background in project management equips me to support efficient planning and delivery of cultural initiatives.
3. I am committed to youth enrichment, which can be expanded through cultural programming that connects young people to the arts and to one another.

Parks & Recreation:

1. Apex's parks are a defining feature of the town, and I want to help maintain and expand them to match our community's growth.
2. My project management expertise can support long-term planning and process improvement for programs and facilities.
3. I bring a commitment to accessibility, ensuring that recreational opportunities remain available and welcoming to all children and families.

If appointed to your preferred board, please describe your top three (3) goals or initiatives you would hope to achieve during your term.

If appointed to my preferred board, I hope to:

1. Meet more members of the Apex community and build rapport across diverse groups.
2. Gain knowledge of what it takes to properly participate in a town board and apply my project management background to strengthen Apex's initiatives.
3. Contribute to the continued growth and beautification of Apex, ensuring that programs remain enriching, accessible, and reflective of community needs.

Please describe your recent volunteer experience and how this positively contributed to the Town of Apex.

My most recent volunteer work was with the Interfaith Food Shuttle, where I helped till the land alongside a diverse group of volunteers. This experience reinforced for me the value of building community through service and reminded me of how much can be achieved when people from different walks of life come together. I would love to see more programs like this in Apex, where residents can connect while serving a shared purpose.

Please list any governmental board (noting the length of time) on which you are currently or have previously served that might distinguish your application from other candidates.

While I have not yet served on a governmental board, I view this as a tremendous opportunity to contribute my skills and passion to my community. I am eager to learn and grow through service to Apex and believe my professional background and lived experiences position me to make a meaningful impact.

As a scientist and entrepreneur living in the Apex area, I am deeply committed to shaping the town's growth through thoughtful zoning, planning, and sustainable development. My wife served for eight years in the U.S. Army Reserve and now practices dentistry in our community. Together, we have built a life centered around service through science, healthcare, and leadership in small business. This shared commitment to meaningful work and community impact drives my desire to contribute at the civic level.

- 3) Encourage design and zoning policies that are friendly to local businesses, fostering small enterprises like mine while preserving the character of the community.

Although I am new to official town boards, I have been deeply involved in STEM and wellness outreach within the Cary-Apex community. I have served as a judge for the NC Science & Engineering Fair and the International Science and Engineering Fair (ISEF). Additionally, I have informally coached local elementary students, including my daughter's Science Olympiad team at Apex Elementary, which earned a Gold Medal in 2024. Through my local wellness-focused snack business, Nutavix, I have conducted clean-label food demonstrations and community education activities. These efforts reflect my long-standing commitment to nurturing youth, promoting healthy living, and advancing sustainability values that align with Apex's vision for the future.

Please list any governmental board (noting the length of time) on which you are currently or have previously served that might distinguish your application from other candidates.
