**PETITION INFORMATION**

Application #: 21CZ18 Submittal Date: \_\_\_\_\_

An application has been duly filed requesting that the property described in this application be rezoned from O&I-CZ to O&I-CZ. It is understood and acknowledged that if the property is rezoned as requested, the property described in this request will be perpetually bound to the use(s) authorized and subject to such conditions as imposed, unless subsequently changed or amended as provided for in the Unified Development Ordinance (UDO). It is further understood and acknowledged that final plans for any specific development to be made pursuant to any such Conditional Zoning shall be submitted for site or subdivision plan approval, as required by the UDO. Use additional pages as needed.

**PROPOSED USES:**

The Rezoned Lands may be used for, and only for, the uses listed immediately below. The permitted uses are subject to the limitations and regulations stated in the UDO and any additional limitations or regulations stated below. For convenience, some relevant sections of the UDO may be referenced; such references do not imply that other sections of the UDO do not apply.

**PETITION INFORMATION**

Application #: 21CZ18 Submittal Date: \_\_\_\_\_

**PROPOSED CONDITIONS:**

The applicant hereby requests that the Town Council of the Town of Apex, pursuant to the Unified Development Ordinance, approve the Conditional Zoning for the above listed use(s) subject to the following condition(s). Use additional pages as needed.

Approved Conditions - Rezoning #16CZ11: See attached

**LEGISLATIVE CONSIDERATIONS - CONDITIONAL ZONING**

The applicant shall propose site-specific standards and conditions that take into account the following considerations, which are considerations that are relevant to the legislative determination of whether or not the proposed conditional zoning district rezoning request is in the public interest. These considerations do not exclude the legislative consideration of any other factor that is relevant to the public interest. Use additional pages as needed.

1) *Consistency with 2045 Land Use Map.* The proposed Conditional Zoning (CZ) District use’s appropriateness for its proposed location and consistency with the purposes, goals, objectives, and policies of the 2045 Land Use Map.

The proposed Conditional Zoning District of Office & Institutional is consistent with the current 2045 Land Use Map designation of Office Employment.

2) *Compatibility.* The proposed Conditional Zoning (CZ) District use’s appropriateness for its proposed location and compatibility with the character of surrounding land uses.

The proposed uses provide an appropriate transition from the more intense uses allowed in the adjacent TechFlex development to the residential uses in the adjacent Chapel Ridge Towns PUD and single-family neighborhood.

**Ordinance Amending the Official Zoning District Map #16CZ11**

**Page Two**

**General Conditions**

1. Developer shall provide a 40 foot Type B Landscape buffer along Olive Chapel Road and preserve as much existing vegetation in the buffer as possible.
2. Developer shall provide a 40 foot Type B buffer along Chapel Ridge Road and preserve as much existing vegetation in this buffer as possible.
3. Limit the driveway access points onto Chapel Ridge Road to two.
4. Limit the closest driveway to Olive Chapel Road on Chapel Ridge Rd to be within 200 feet as long as NCDOT approves the location.
5. A 20' Type A buffer shall be provided after the 50' riparian buffer from the existing pond.
6. The following uses shall be limited to the operating hours of 7am to 9pm:
  - a) Restaurant, general
  - b) Newsstand or gift shop
  - c) Pharmacy
  - d) Personal service
  - e) Health/fitness center or spa

**Architectural Conditions**

7. All buildings shall limited to two stories and 42 feet in height measured to the top of the roof ridge line.
8. The maximum building size is 15,000 square feet per building.
9. All buildings shall have pitched roofs with dormers, hips or gables in the roof line.
10. Exterior siding building materials allowed are brick, wood, stone and hardiplank siding. Roofs may be constructed of asphalt shingles and or standing seam metal with a factory finish. Vinyl and EFIS may only be used as trim or accent materials.
11. All buildings shall be residential in character and shall reflect similar architecture found in the adjacent residential subdivision.
12. All buildings shall incorporate the use of patios, porches, or balconies in the design of the building. These areas to be used for entry ways, outdoor seating or pedestrian scale gathering areas.
13. The project shall incorporate amenity areas that may include outdoor picnic areas, pedestrian gathering spaces with benches, bicycle racks, planters, arbors or a trellis.

**PETITION INFORMATION**

Application #: 21CZ18 Submittal Date: \_\_\_\_\_

3) Zoning district supplemental standards. The proposed Conditional Zoning (CZ) District use's compliance with Sec 4.4 *Supplemental Standards*, if applicable.

All uses that fall within the supplemental standards will be consistent with the standards provided in the Town of Apex UDO.

4) *Design minimizes adverse impact.* The design of the proposed Conditional Zoning (CZ) District use's minimization of adverse effects, including visual impact of the proposed use on adjacent lands; and avoidance of significant adverse impacts on surrounding lands regarding trash, traffic, service delivery, parking and loading, odors, noise, glare, and vibration and not create a nuisance.

We have limited the uses and provided conditions to minimize the adverse impacts of traffic. Since the proposed uses are generally office uses a lot of the significant adverse impacts have been eliminated.

5) *Design minimizes environmental impact.* The proposed Conditional Zoning District use's minimization of environmental impacts and protection from significant deterioration of water and air resources, wildlife habitat, scenic resources, and other natural resources.

The development of this office park provides Resource Conservation Area, meets the stormwater standards, and keeps the existing pond intact.

6) *Impact on public facilities.* The proposed Conditional Zoning (CZ) District use's avoidance of having adverse impacts on public facilities and services, including roads, potable water and wastewater facilities, parks, schools, police, fire and EMS facilities.

The office park has access to existing public streets with adequate frontage to provide several access points. The location of this office park provides good access to public infrastructure and emergency services. The office uses will have no impact on the schools or public parks.

7) *Health, safety, and welfare.* The proposed Conditional Zoning (CZ) District use's effect on the health, safety, or welfare of the residents of the Town or its ETJ.

The proposed office uses will provide additional opportunities for employment and services that will benefit the health and welfare of the citizens. This project should not have any effect on the safety of the citizens in this area.

**PETITION INFORMATION**

Application #: 21CZ18 Submittal Date: \_\_\_\_\_

8) *Detrimental to adjacent properties.* Whether the proposed Conditional Zoning (CZ) District use is substantially detrimental to adjacent properties.

The office uses are compatible with the TechFlex and residential existing uses in the area. Office uses are a good neighbor to residential because the peak use time for office is during the day and not at night.

9) *Not constitute nuisance or hazard.* Whether the proposed Conditional Zoning (CZ) District use constitutes a nuisance or hazard due to traffic impact or noise, or because of the number of persons who will be using the Conditional Zoning (CZ) District use.

The office uses proposed generate less traffic during the day than residential uses so this project should not create a nuisance or hazard to the surrounding area.

10) *Other relevant standards of this Ordinance.* Whether the proposed Conditional Zoning (CZ) District use complies with all standards imposed on it by all other applicable provisions of this Ordinance for use, layout, and general development characteristics.

We have limited the uses allowed and provided architectural conditions that will help ensure this is a quality project capable of meeting all the standards in the UDO.

### Meeting Description

This rezoning petition is to request the addition of two uses, “Pet Services” & “Tailor Shop”, to the list of Allowable Uses for the Office & Institutional – Conditional Zoning (O&I-CZ) district for Olive Chapel Professional Park.

In the original 2016 rezoning, these were not permitted uses within the O&I zoning district (per Use Table 4.2.2), which is why they were not available to be included in the 2016 rezoning petition. A 2019 UDO Amendment (see below) revised the Use Table to add these two uses as permitted uses within the O&I zoning district, however, since Olive Chapel Professional Park was conditionally zoned as O&I-CZ, a separate rezoning petition is required to add “Pet Services” and “Tailor Shop” to the list of Allowable Uses.

The following description was provided by Town Staff at the January 15, 2019 Town Council Meeting as the reason for the UDO Amendment:

*“The amendments to UDO Sec. 4.2.2 Use Table add “Pet Services” and “Tailor Shop” as permitted uses within the Office & Institutional (O&I) zoning district as they have a land use intensity comparable to office uses and are similar to other uses already permitted in the O&I zoning district”*

### **Providing Input to Town Council:**

Each Town Council meeting agenda includes a Public Forum time when anyone is permitted to speak for three (3) minutes on any topic with the exception of items listed as Public Hearings for that meeting. The Town Council meets on the 2<sup>nd</sup> and 4<sup>th</sup> Tuesdays of each month at 6:00 p.m. (except for holidays, see schedule of meetings at <http://www.apexnc.org/838/Agendas-Minutes>). You may also contact Town Council by e-mail at [AllCouncil@apexnc.org](mailto:AllCouncil@apexnc.org).

### **Private Agreements and Easement Negotiation:**

The Town of Apex cannot enforce private agreements between developers and neighbors and is not a party to the easement and right-of-way negotiation that occurs between developers and neighboring property owners for easements or rights-of-way that are necessary to build the project.

It is recommended that all private agreements be made in writing and that if a property owner feels it necessary, they should obtain private legal counsel in order to protect their interests in both private agreements and during easement negotiations. The only conditions that the Town of Apex can enforce are those conditions that are made a part of the conditional zoning of the property by agreement of the developer and the Town.

As an example, if a developer offers to build a fence for a neighbor to mitigate some impact, the Town can only enforce the construction of the fence if the fence becomes a condition of the rezoning. This would occur by the developer offering the condition as part of their conditional zoning application package or at the Town Council public hearing on the conditional zoning and the Town accepting it as a condition. Private agreements regarding a fence being constructed will not be enforced by the Town.

To request that any agreement with a developer is made a part of the conditional zoning at the time of approval, you may ask at the Town Council public hearing if the agreement is included in the conditions. If it is not, you may request that the Town Council not approve the rezoning without the agreement being included in the conditions (note that it is up to Town Council whether to approve or deny the rezoning but they cannot impose conditions that the applicant does not agree to add). The developer's proposed conditions can be viewed any time after a rezoning is submitted on the Interactive Development Map at: <http://apexnc.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=fa9ba2017b784030b15ef4da27d9e795>

### **Documentation:**

Neighbors to a requested new development and/or rezoning are strongly encouraged to fully document (such as through dated photographs) the condition of their property before any work is initiated for the new development. Stormwater controls installed on developed property are not designed to and will likely not remove 100% of the soil particles transported by stormwater runoff. As a result, creeks and ponds could become cloudy for a period of time after rain events.

# COMMON CONSTRUCTION ISSUES & WHO TO CALL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

**Noise & Hours of Construction: Non-Emergency Police 919-362-8661**

Noise from tree removal, grading, excavating, paving, and building structures is a routine part of the construction process. The Town generally limits construction hours from 7:00 a.m. to 8:30 p.m. so that there are quiet times even during the construction process. Note that construction outside of these hours is allowed with special permission from the Town when it makes more sense to have the construction occur at night, often to avoid traffic issues. In addition, the Town limits hours of blasting rock to Monday through Friday from 8:00 a.m. to 5:00 p.m. Report violations of construction hours and other noise complaints to the Non-Emergency Police phone number at 919-362-8661.

**Construction Traffic: James Misciagno 919-372-7470**

Construction truck traffic will be heavy throughout the development process, including but not limited to removal of trees from site, loads of dirt coming in and/or out of the site, construction materials such as brick and wood brought to the site, asphalt and concrete trucks come in to pave, etc. The Town requires a construction entrance that is graveled to try to prevent as much dirt from leaving the site as possible. If dirt does get into the road, the Town can require they clean the street (see "Dirt in the Road" below).

**Road Damage & Traffic Control: Water Resources – Infrastructure Inspections 919-362-8166**

There can be issues with roadway damage, roadway improvements, and traffic control. Potholes, rutting, inadequate lanes/signing/stripping, poor traffic control, blocked sidewalks/paths are all common issues that should be reported to Water Resources – Infrastructure Inspections at 919-249-3427. The Town will get NCDOT involved if needed.

**Parking Violations: Non-Emergency Police 919-362-8661**

Unless a neighbor gives permission, there should be no construction parking in neighbors' driveways or on their property. Note that parking in the right-of-way is allowed, but Town regulations prohibit parking within 15 feet of driveways so as not to block sight triangles. Trespassing and parking complaints should be reported to the Non-Emergency Police phone number at 919-362-8661.

**Dirt in the Road: James Misciagno 919-372-7470**

Sediment (dirt) and mud gets into the existing roads due to rain events and/or vehicle traffic. These incidents should be reported to James Misciagno. He will coordinate the cleaning of the roadways with the developer.

**Dirt on Properties or in Streams: James Misciagno 919-372-7470  
Danny Smith [Danny.Smith@ncdenr.gov](mailto:Danny.Smith@ncdenr.gov)**

Sediment (dirt) can leave the site and get onto adjacent properties or into streams and stream buffers; it is typically transported off-site by rain events. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the appropriate repairs with the developer. Impacts to the streams and stream buffers should also be reported to Danny Smith ([danny.smith@ncdenr.gov](mailto:danny.smith@ncdenr.gov)) with the State.

**Dust: James Misciagno 919-372-7470**

During dry weather dust often becomes a problem blowing into existing neighborhoods or roadways. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the use of water trucks onsite with the grading contractor to help control the dust.

**Trash: James Misciagno 919-372-7470**

Excessive garbage and construction debris can blow around on a site or even off of the site. These incidents should be reported to James Misciagno at 919-372-7470. He will coordinate the cleanup and trash collection with the developer/home builder.

**Temporary Sediment Basins: James Misciagno 919-372-7470**

Temporary sediment basins during construction (prior to the conversion to the final stormwater pond) are often quite unattractive. Concerns should be reported to James Misciagno at 919-372-7470 so that he can coordinate the cleaning and/or mowing of the slopes and bottom of the pond with the developer.

**Stormwater Control Measures: Jessica Bolin 919-249-3537**

Post-construction concerns related to Stormwater Control Measures (typically a stormwater pond) such as conversion and long-term maintenance should be reported to Jessica Bolin at 919-249-3537.

**Electric Utility Installation: Rodney Smith 919-249-3342**

Concerns with electric utility installation can be addressed by the Apex Electric Utilities Department. Contact Rodney Smith at 919-249-3342.

## Olive Chapel Professional Park Neighborhood Meeting on August 31, 2022 Summary of Meeting Chats

*\*Mrs. Faulkner's microphone was not enabled, so her questions and feedback were given via the chat feature. I read her comments/questions aloud, and then responded verbally. The questions and answers are transcribed below.*

Patrick Kiernan to Everyone: Hello, welcome to the Olive Chapel Professional Park Neighborhood Meeting for a new rezoning

Barbara Faulkner to Everyone: I can hear you, but your voice is really "gravelly"

Patrick Kiernan (verbally): *My apologies, I'm not sure why – I will do my best to be loud and clear, but please stop me if it becomes too difficult to hear.*

Barbara Faulkner to Everyone: Ok

*\*At this point, I began the meeting with a brief summary of the rezoning petition.*

Barbara Faulkner to Everyone: I just want to clarify that the Pet Services use will not have any outside area for the pets, such as kennels or play areas

Barbara Faulkner to Everyone: OUTSIDE kennels

Patrick Kiernan (verbally): *The developer is here on this call, and can provide insight if he would like, but without verifying, I am not positive whether or not this use allows for outdoor kennels. Again, without verifying, I want to say that Veterinary Services, a use already permitted within OCPP, is allowed to have outdoor kennels, but I would need to double check that it doesn't fall under supplemental standards, or would need a special use permit, etc.*

Will Gasiorowski (verbally): *The pet grooming business that we have been in communication with would not have any outdoor kennels or outdoor play areas, nor would any veterinary hospitals within this park. There will likely be indoor kennels for daycare or day boarding, but nothing would be outside.*

Barbara Faulkner to Everyone: Did you say that the prior rezoning case is no longer applicable?

Patrick Kiernan (verbally): *The original rezoning case from 2016 is still the current zoning for this business park – what I mentioned earlier in my introduction is that the rezoning petition that we filed last year in 2021, where we were pursuing a higher square footage of restaurant space, gym/healthcare facilities, real estate offices, and the addition of the beauty/barbershop use, is no longer being pursued at this time. The current rezoning petition, which we are here for tonight, takes the place of the petition that was filed last year. Please let me know if that answers your question.*

Barbara Faulkner to Everyone: yes, thank you

Barbara Faulkner to Everyone: I guess at this point, my main concern is that if no one objects to these two uses, that will somehow signal the town planning board and council that we don't object to other uses in the park, such as bigger restaurant allowance or one building dedicated to real estate. I don't want to lose our "standing" as it were to object to future uses.

Patrick Kiernan (verbally): *I understand your concern, but I do know that each rezoning case is prepared, reviewed, and voted on independently of any prior rezoning cases for the subject property. If there is no objections to this rezoning, I do not believe it would signal that the rest of the neighborhood is no longer concerned with the allowable zoning uses for the Park. Just that the merit of these two, specific uses, are not being objected.*

Barbara Faulkner to Everyone: I realize that there would need to be another rezoning request, however we got burned when the whole OCPP started that "well you didn't object to the Flex Park" so why would you object now". As you can imagine, that did not sit well with us and we now feel that we can't be flexible at all or we will be seed as being OK with everything.

Patrick Kiernan (verbally): *Sure, I can see where you're coming from. The only suggestion I can make, is that if it is important to you to have this concern heard, you can always show up to the Planning Board or Town Council meetings and speak during the Public Hearing so that it goes on record, and so that a false precedent is not assumed. You could also simply email the Council members or Town staff. Plus, this neighborhood meeting will be summarized within this rezoning petition, so it will be noted as of tomorrow's submittal day.*

Barbara Faulkner to Everyone: Personally, I do not object to the Pet Services or the Tailer shop. It's probably more of Town problem than a developer problem. Don't worry we will let the Town know how we feel.

Patrick Kiernan (verbally): *Understood. Thank you very much for your questions and your attendance. If you think of any other questions, I will be on the line until 8:00 so feel free to jump back on the call, or since you've got my email and phone number, feel free to call or email at any point.*

Barbara Faulkner to Everyone: OK, thanks for your help.

*\*Once Mrs. Faulker left the meeting, Mr. Gasiorowski, the developer, left the call as well. No other attendees joined the meeting.*

# AFFIDAVIT OF CONDUCTING A NEIGHBORHOOD MEETING, SIGN-IN SHEET AND ISSUES/RESPONSES SUBMITTAL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

I, Patrick Kiernan, do hereby declare as follows:  
Print Name

1. I have conducted a Neighborhood Meeting for the proposed Rezoning, Major Site Plan, Residential Master Subdivision Plan, or Special Use Permit in accordance with UDO Sec. 2.2.7 *Neighborhood Meeting*.
2. The meeting invitations were mailed to the Apex Department of Planning and Community Development, all property owners and tenants abutting and within 300 feet of the subject property and any neighborhood association that represents citizens in the notification area via first class mail a minimum of 14 days in advance of the Neighborhood Meeting.
3. The meeting was conducted at RingCentral (virtual) (location/address) on August 31, 2022 (date) from 6:00 pm (start time) to 8:00 pm (end time).
4. I have included the mailing list, meeting invitation, sign-in sheet, issue/response summary, and zoning map/reduced plans with the application.
5. I have prepared these materials in good faith and to the best of my ability.

# NOTICE OF NEIGHBORHOOD MEETING

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

July 14, 2021

Date

Dear Neighbor:

You are invited to a neighborhood meeting to review and discuss the development proposal at

0 ,1480,1460 & 1400 Chapel Ridge Rd

0732238148, 0732238377, 0732239577

0732331404, 0732239874, 0732249026

Address(es)

PIN(s)

in accordance with the Town of Apex Neighborhood Meeting procedures. This meeting is intended to be a way for the applicant to discuss the project and review the proposed plans with adjacent neighbors and neighborhood organizations before the submittal of an application to the Town. This provides neighbors an opportunity to raise questions and discuss any concerns about the impacts of the project before it is officially submitted. If you are unable to attend, please refer to the Project Contact Information page for ways to contact the applicant. Notified neighbors may request that the applicant provide updates and send plans via email or mail. Once an application has been submitted to the Town, it may be tracked using the [Interactive Development Map](#) or the [Apex Development Report](#) located on the Town of Apex website at <http://www.apexnc.org/180/Planning-Community-Development>.

A Neighborhood Meeting is required because this project includes (check all that apply):

Application Type	Approving Authority
<input checked="" type="checkbox"/> Rezoning (including Planned Unit Development)	Town Council
<input type="checkbox"/> Major Site Plan	Town Council (QJPH*)
<input type="checkbox"/> Special Use Permit	Town Council (QJPH*)
<input type="checkbox"/> Residential Master Subdivision Plan (excludes exempt subdivisions)	Technical Review Committee (staff)

\*Quasi-Judicial Public Hearing: The Town Council cannot discuss the project prior to the public hearing.

The following is a description of the proposal (also see attached map(s) and/or plan sheet(s)):

This rezoning is for a modification of three of the current allowable uses, in order to change the square footage limitations per business; as well as the addition of one new use (Beauty and Barber Shop).

Please see attached chart for a summary of changes.

Estimated submittal date: August 02, 2021

### **Providing Input to Town Council:**

Each Town Council meeting agenda includes a Public Forum time when anyone is permitted to speak for three (3) minutes on any topic with the exception of items listed as Public Hearings for that meeting. The Town Council meets on the 2<sup>nd</sup> and 4<sup>th</sup> Tuesdays of each month at 6:00 p.m. (except for holidays, see schedule of meetings at <http://www.apexnc.org/838/Agendas-Minutes>). You may also contact Town Council by e-mail at [AllCouncil@apexnc.org](mailto:AllCouncil@apexnc.org).

### **Private Agreements and Easement Negotiation:**

The Town of Apex cannot enforce private agreements between developers and neighbors and is not a party to the easement and right-of-way negotiation that occurs between developers and neighboring property owners for easements or rights-of-way that are necessary to build the project.

It is recommended that all private agreements be made in writing and that if a property owner feels it necessary, they should obtain private legal counsel in order to protect their interests in both private agreements and during easement negotiations. The only conditions that the Town of Apex can enforce are those conditions that are made a part of the conditional zoning of the property by agreement of the developer and the Town.

As an example, if a developer offers to build a fence for a neighbor to mitigate some impact, the Town can only enforce the construction of the fence if the fence becomes a condition of the rezoning. This would occur by the developer offering the condition as part of their conditional zoning application package or at the Town Council public hearing on the conditional zoning and the Town accepting it as a condition. Private agreements regarding a fence being constructed will not be enforced by the Town.

To request that any agreement with a developer is made a part of the conditional zoning at the time of approval, you may ask at the Town Council public hearing if the agreement is included in the conditions. If it is not, you may request that the Town Council not approve the rezoning without the agreement being included in the conditions (note that it is up to Town Council whether to approve or deny the rezoning but they cannot impose conditions that the applicant does not agree to add). The developer's proposed conditions can be viewed any time after a rezoning is submitted on the Interactive Development Map at: <http://apexnc.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=fa9ba2017b784030b15ef4da27d9e795>

### **Documentation:**

Neighbors to a requested new development and/or rezoning are strongly encouraged to fully document (such as through dated photographs) the condition of their property before any work is initiated for the new development. Stormwater controls installed on developed property are not designed to and will likely not remove 100% of the soil particles transported by stormwater runoff. As a result, creeks and ponds could become cloudy for a period of time after rain events.

# COMMON CONSTRUCTION ISSUES & WHO TO CALL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

**Noise & Hours of Construction: Non-Emergency Police 919-362-8661**

Noise from tree removal, grading, excavating, paving, and building structures is a routine part of the construction process. The Town generally limits construction hours from 7:00 a.m. to 8:30 p.m. so that there are quiet times even during the construction process. Note that construction outside of these hours is allowed with special permission from the Town when it makes more sense to have the construction occur at night, often to avoid traffic issues. In addition, the Town limits hours of blasting rock to Monday through Friday from 8:00 a.m. to 5:00 p.m. Report violations of construction hours and other noise complaints to the Non-Emergency Police phone number at 919-362-8661.

**Construction Traffic: James Misciagno 919-372-7470**

Construction truck traffic will be heavy throughout the development process, including but not limited to removal of trees from site, loads of dirt coming in and/or out of the site, construction materials such as brick and wood brought to the site, asphalt and concrete trucks come in to pave, etc. The Town requires a construction entrance that is graveled to try to prevent as much dirt from leaving the site as possible. If dirt does get into the road, the Town can require they clean the street (see "Dirt in the Road" below).

**Road Damage & Traffic Control: Water Resources – Infrastructure Inspections 919-362-8166**

There can be issues with roadway damage, roadway improvements, and traffic control. Potholes, rutting, inadequate lanes/signing/stripping, poor traffic control, blocked sidewalks/paths are all common issues that should be reported to Water Resources – Infrastructure Inspections at 919-249-3427. The Town will get NCDOT involved if needed.

**Parking Violations: Non-Emergency Police 919-362-8661**

Unless a neighbor gives permission, there should be no construction parking in neighbors' driveways or on their property. Note that parking in the right-of-way is allowed, but Town regulations prohibit parking within 15 feet of driveways so as not to block sight triangles. Trespassing and parking complaints should be reported to the Non-Emergency Police phone number at 919-362-8661.

**Dirt in the Road: James Misciagno 919-372-7470**

Sediment (dirt) and mud gets into the existing roads due to rain events and/or vehicle traffic. These incidents should be reported to James Misciagno. He will coordinate the cleaning of the roadways with the developer.

**Dirt on Properties or in Streams: James Misciagno 919-372-7470  
Danny Smith [Danny.Smith@ncdenr.gov](mailto:Danny.Smith@ncdenr.gov)**

Sediment (dirt) can leave the site and get onto adjacent properties or into streams and stream buffers; it is typically transported off-site by rain events. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the appropriate repairs with the developer. Impacts to the streams and stream buffers should also be reported to Danny Smith ([danny.smith@ncdenr.gov](mailto:danny.smith@ncdenr.gov)) with the State.

**Dust: James Misciagno 919-372-7470**

During dry weather dust often becomes a problem blowing into existing neighborhoods or roadways. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the use of water trucks onsite with the grading contractor to help control the dust.

**Trash: James Misciagno 919-372-7470**

Excessive garbage and construction debris can blow around on a site or even off of the site. These incidents should be reported to James Misciagno at 919-372-7470. He will coordinate the cleanup and trash collection with the developer/home builder.

**Temporary Sediment Basins: James Misciagno 919-372-7470**

Temporary sediment basins during construction (prior to the conversion to the final stormwater pond) are often quite unattractive. Concerns should be reported to James Misciagno at 919-372-7470 so that he can coordinate the cleaning and/or mowing of the slopes and bottom of the pond with the developer.

**Stormwater Control Measures: Jessica Bolin 919-249-3537**

Post-construction concerns related to Stormwater Control Measures (typically a stormwater pond) such as conversion and long-term maintenance should be reported to Jessica Bolin at 919-249-3537.

**Electric Utility Installation: Rodney Smith 919-249-3342**

Concerns with electric utility installation can be addressed by the Apex Electric Utilities Department. Contact Rodney Smith at 919-249-3342.

# SUMMARY OF DISCUSSION FROM THE NEIGHBORHOOD MEETING

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Property Owner(s) name(s): Olive Chapel Professional Park, LLC

Applicant(s): Jones & Crossen Engineering, PLLC

Contact information (email/phone): patrick@jonescrossen.com/919-387-1174

Meeting Address: Zoom - please see enclosed registration details

Date of meeting: July 29, 2021 Time of meeting: 6:00 pm

Please summarize the questions/comments and your responses from the Neighborhood Meeting or emails/phone calls received in the spaces below (attach additional sheets, if necessary). Please state if/how the project has been modified in response to any concerns. The response should not be "Noted" or "No Response". There has to be documentation of what consideration the neighbor's concern was given and justification for why no change was deemed warranted.

## Question/Concern #1:

Concerns regarding removing the square footage limitation for Real Estate Sales - with no limitation it is possible a mega-real estate use could move in that would end up operating 24x7. This would increase the traffic in the area considerably and cause parking issues.

### Applicant's Response:

There is no intention for a 24/7 use for the Real Estate Sales. We can discuss this with the owners and also check with the Town to discuss the traffic thresholds. We can consider other options than square footage to limit the impact to the area.

## Question/Concern #2:

Is there any limit on the Barber and Beauty shop use?

### Applicant's Response:

The limit being considered is 3,000 SF. There are discussions with the Town on whether that limit of 3,000 SF is per use type or per building. We can keep everyone posted on the outcome of that discussion. (Attendees expressed concern that this size limitation was concerning)

## Question/Concern #3:

With the change to the square footage for Restaurants - what type of restaurants would be allowed?

Can you give some examples of restaurants that have been turned away because of the size limit? Attendees expressed the understanding that the intention of the restaurant use was to serve just the office park workers.

### Applicant's Response:

We discussed the square footage of some restaurants in the area (2500 SF is smaller than many of the restaurants at Beaver Creek Commons). The owner wasn't available at that time to give examples of restaurants that were turned away.

## Question/Concern #4:

Meeting attendees expressed the concern that these changes are too soon as the neighborhood hasn't changed since the original rezoning.

### Applicant's Response:

We discussed the Chapel Ridge Towns PUD that has been submitted and how that would change the make up of the neighborhood, if it is approved by Town Council in the near future. The resident's concerns will be communicated to the building owners.

# AFFIDAVIT OF CONDUCTING A NEIGHBORHOOD MEETING, SIGN-IN SHEET AND ISSUES/RESPONSES SUBMITTAL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

I, PATRICK L. KIERNAN, do hereby declare as follows:

Date

Dear Neighbor:

You are invited to a neighborhood meeting to review and discuss the development proposal at  
0 Chapel Ridge Rd 0732-24-9026, 0732-33-1404, 0732-23-8148

1480,1460 & 1400 Chapel Ridge Rd 0732-23-8377, 0732-23-9577, 0732-23-9874

Address(es)

PIN(s)

in accordance with the Town of Apex Neighborhood Meeting procedures. This meeting is intended to be a way for the applicant to discuss the project and review the proposed plans with adjacent neighbors and neighborhood organizations before the submittal of an application to the Town. This provides neighbors an opportunity to raise questions and discuss any concerns about the impacts of the project before it is officially submitted. If you are unable to attend, please refer to the Project Contact Information page for ways to contact the applicant. Notified neighbors may request that the applicant provide updates and send plans via email or mail. Once an application has been submitted to the Town, it may be tracked using the [Interactive Development Map](#) or the [Apex Development Report](#) located on the Town of Apex website at <http://www.apexnc.org/180/Planning-Community-Development>.

A Neighborhood Meeting is required because this project includes (check all that apply):

Application Type	Approving Authority
<input checked="" type="checkbox"/> Rezoning (including Planned Unit Development)	Town Council
<input type="checkbox"/> Major Site Plan	Technical Review Committee (staff)
<input type="checkbox"/> Special Use Permit	Board of Adjustment (QJPH*)
<input type="checkbox"/> Residential Master Subdivision Plan (excludes exempt subdivisions)	Technical Review Committee (staff)

\*Quasi-Judicial Public Hearing: The Board of Adjustment cannot discuss the project prior to the public hearing.

The following is a description of the proposal (also see attached map(s) and/or plan sheet(s)):

See appended "Meeting Description"

Estimated submittal date: September 01, 2022 (has been submitted)

This neighborhood meeting is being held as an auxiliary meeting to the one that took place on August 31<sup>st</sup>, 2022, prior to the initial submission of this rezoning petition. The initial meeting information was sent to the invitee list as provided by the Town of Apex GIS department, representing those neighbors within 300' of the subject property. The intent of Jones & Crossen Engineering is to be inclusive of all residents within the Chapel Ridge subdivision, regardless of their proximity to the Professional Park, as we understand how this development has, and will continue to, affect the entire neighborhood. The following is a copy of the original meeting description that was sent out with the first neighborhood meeting invitation package:

### Meeting Description

This rezoning petition is to request the addition of two uses, "Pet Services" & "Tailor Shop", to the list of Allowable Uses for the Office & Institutional – Conditional Zoning (O&I-CZ) district for Olive Chapel Professional Park.

In the original 2016 rezoning, these were not permitted uses within the O&I zoning district (per Use Table 4.2.2), which is why they were not available to be included in the 2016 rezoning petition. A 2019 UDO Amendment (see below) revised the Use Table to add these two uses as permitted uses within the O&I zoning district, however, since Olive Chapel Professional Park was conditionally zoned as O&I-CZ, a separate rezoning petition is required to add "Pet Services" and "Tailor Shop" to the list of Allowable Uses.

The following description was provided by Town Staff at the January 15, 2019 Town Council Meeting as the reason for the UDO Amendment:

*"The amendments to UDO Sec. 4.2.2 Use Table add "Pet Services" and "Tailor Shop" as permitted uses within the Office & Institutional (O&I) zoning district as they have a land use intensity comparable to office uses and are similar to other uses already permitted in the O&I zoning district"*

### **Providing Input to Town Council:**

Each Town Council meeting agenda includes a Public Forum time when anyone is permitted to speak for three (3) minutes on any topic with the exception of items listed as Public Hearings for that meeting. The Town Council meets on the 2<sup>nd</sup> and 4<sup>th</sup> Tuesdays of each month at 6:00 p.m. (except for holidays, see schedule of meetings at <http://www.apexnc.org/838/Agendas-Minutes>). You may also contact Town Council by e-mail at [AllCouncil@apexnc.org](mailto:AllCouncil@apexnc.org).

### **Private Agreements and Easement Negotiation:**

The Town of Apex cannot enforce private agreements between developers and neighbors and is not a party to the easement and right-of-way negotiation that occurs between developers and neighboring property owners for easements or rights-of-way that are necessary to build the project.

It is recommended that all private agreements be made in writing and that if a property owner feels it necessary, they should obtain private legal counsel in order to protect their interests in both private agreements and during easement negotiations. The only conditions that the Town of Apex can enforce are those conditions that are made a part of the conditional zoning of the property by agreement of the developer and the Town.

As an example, if a developer offers to build a fence for a neighbor to mitigate some impact, the Town can only enforce the construction of the fence if the fence becomes a condition of the rezoning. This would occur by the developer offering the condition as part of their conditional zoning application package or at the Town Council public hearing on the conditional zoning and the Town accepting it as a condition. Private agreements regarding a fence being constructed will not be enforced by the Town.

To request that any agreement with a developer is made a part of the conditional zoning at the time of approval, you may ask at the Town Council public hearing if the agreement is included in the conditions. If it is not, you may request that the Town Council not approve the rezoning without the agreement being included in the conditions (note that it is up to Town Council whether to approve or deny the rezoning but they cannot impose conditions that the applicant does not agree to add). The developer's proposed conditions can be viewed any time after a rezoning is submitted on the Interactive Development Map at: <http://apexnc.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=fa9ba2017b784030b15ef4da27d9e795>

### **Documentation:**

Neighbors to a requested new development and/or rezoning are strongly encouraged to fully document (such as through dated photographs) the condition of their property before any work is initiated for the new development. Stormwater controls installed on developed property are not designed to and will likely not remove 100% of the soil particles transported by stormwater runoff. As a result, creeks and ponds could become cloudy for a period of time after rain events.

# COMMON CONSTRUCTION ISSUES & WHO TO CALL

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

<b>Noise &amp; Hours of Construction:</b>	<b>Non-Emergency Police</b>	<b>919-362-8661</b>
---	-----------------------------	---------------------

Noise from tree removal, grading, excavating, paving, and building structures is a routine part of the construction process. The Town generally limits construction hours from 7:00 a.m. to 8:30 p.m. so that there are quiet times even during the construction process. Note that construction outside of these hours is allowed with special permission from the Town when it makes more sense to have the construction occur at night, often to avoid traffic issues. In addition, the Town limits hours of blasting rock to Monday through Friday from 8:00 a.m. to 5:00 p.m. Report violations of construction hours and other noise complaints to the Non-Emergency Police phone number at 919-362-8661.

<b>Construction Traffic:</b>	<b>James Misciagno</b>	<b>919-372-7470</b>
------------------------------	------------------------	---------------------

Construction truck traffic will be heavy throughout the development process, including but not limited to removal of trees from site, loads of dirt coming in and/or out of the site, construction materials such as brick and wood brought to the site, asphalt and concrete trucks come in to pave, etc. The Town requires a construction entrance that is graveled to try to prevent as much dirt from leaving the site as possible. If dirt does get into the road, the Town can require they clean the street (see "Dirt in the Road" below).

<b>Road Damage &amp; Traffic Control:</b>	<b>Water Resources – Infrastructure Inspections</b>	<b>919-362-8166</b>
---	---	---------------------

There can be issues with roadway damage, roadway improvements, and traffic control. Potholes, rutting, inadequate lanes/signing/stripping, poor traffic control, blocked sidewalks/paths are all common issues that should be reported to Water Resources – Infrastructure Inspections at 919-249-3427. The Town will get NCDOT involved if needed.

<b>Parking Violations:</b>	<b>Non-Emergency Police</b>	<b>919-362-8661</b>
----------------------------	-----------------------------	---------------------

Unless a neighbor gives permission, there should be no construction parking in neighbors' driveways or on their property. Note that parking in the right-of-way is allowed, but Town regulations prohibit parking within 15 feet of driveways so as not to block sight triangles. Trespassing and parking complaints should be reported to the Non-Emergency Police phone number at 919-362-8661.

<b>Dirt in the Road:</b>	<b>James Misciagno</b>	<b>919-372-7470</b>
--------------------------	------------------------	---------------------

Sediment (dirt) and mud gets into the existing roads due to rain events and/or vehicle traffic. These incidents should be reported to James Misciagno. He will coordinate the cleaning of the roadways with the developer.

<b>Dirt on Properties or in Streams:</b>	<b>James Misciagno</b> <b>Danny Smith</b>	<b>919-372-7470</b> <b><a href="mailto:Danny.Smith@ncdenr.gov">Danny.Smith@ncdenr.gov</a></b>
--	--	--

Sediment (dirt) can leave the site and get onto adjacent properties or into streams and stream buffers; it is typically transported off-site by rain events. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the appropriate repairs with the developer. Impacts to the streams and stream buffers should also be reported to Danny Smith ([danny.smith@ncdenr.gov](mailto:danny.smith@ncdenr.gov)) with the State.

<b>Dust:</b>	<b>James Misciagno</b>	<b>919-372-7470</b>
--------------	------------------------	---------------------

During dry weather dust often becomes a problem blowing into existing neighborhoods or roadways. These incidents should be reported to James Misciagno at 919-372-7470 so that he can coordinate the use of water trucks onsite with the grading contractor to help control the dust.

<b>Trash:</b>	<b>James Misciagno</b>	<b>919-372-7470</b>
---------------	------------------------	---------------------

Excessive garbage and construction debris can blow around on a site or even off of the site. These incidents should be reported to James Misciagno at 919-372-7470. He will coordinate the cleanup and trash collection with the developer/home builder.

<b>Temporary Sediment Basins:</b>	<b>James Misciagno</b>	<b>919-372-7470</b>
-----------------------------------	------------------------	---------------------

Temporary sediment basins during construction (prior to the conversion to the final stormwater pond) are often quite unattractive. Concerns should be reported to James Misciagno at 919-372-7470 so that he can coordinate the cleaning and/or mowing of the slopes and bottom of the pond with the developer.

<b>Stormwater Control Measures:</b>	<b>Jessica Bolin</b>	<b>919-249-3537</b>
-------------------------------------	----------------------	---------------------

Post-construction concerns related to Stormwater Control Measures (typically a stormwater pond) such as conversion and long-term maintenance should be reported to Jessica Bolin at 919-249-3537.

<b>Electric Utility Installation:</b>	<b>Rodney Smith</b>	<b>919-249-3342</b>
---------------------------------------	---------------------	---------------------

Concerns with electric utility installation can be addressed by the Apex Electric Utilities Department. Contact Rodney Smith at 919-249-3342.

# SUMMARY OF DISCUSSION FROM THE NEIGHBORHOOD MEETING

This document is a public record under the North Carolina Public Records Act and may be published on the Town's website or disclosed to third parties.

Property Owner(s) name(s): Olive Chapel Professional Park, LLC

Applicant(s): Jones & Crossen Engineering, PLLC

Contact information (email/phone): patrick@jonescrossen.com/919-387-1174

Meeting Address: Zoom - see enclosed details

Date of meeting: October 19, 2022 Time of meeting: 6:00 pm - 8:00 pm

Please summarize the questions/comments and your responses from the Neighborhood Meeting or emails/phone calls received in the spaces below (attach additional sheets, if necessary). Please state if/how the project has been modified in response to any concerns. The response should not be "Noted" or "No Response". There has to be documentation of what consideration the neighbor's concern was given and justification for why no change was deemed warranted.

Question/Concern #1:

What is the reason for pet crematory being part of Pet Services, and is that something that the developer will be pursuing?

Applicant's Response:

I posted the description of Pet Services within the chat, where it does mention the inclusion of pet crematory. I told them I would discuss with the developer to see if that is a specific business they have interest in, and if not, we could discuss with Town staff the possibility of a condition to exclude that type of business from the rezoning.

Question/Concern #2:

Is the developer still seeking to increase the square footage limitations for restaurants, gym/fitness centers, real estate sales, etc., per the rezoning that was proposed in 2021?

Applicant's Response:

No, this current petition to add pet services and tailor shop is essentially replacing the petition that was submitted last year. There were a number of factors leading to the decision to pull that rezoning, so for now, these two new uses are all that are being pursued.

Question/Concern #3:

There were a number of questions regarding current status of leasing for the first 3 buildings, as well as the construction timeline for the remaining buildings and for the completion of the Chapel Ridge Road widening and sidewalk.

Applicant's Response:

The Chapel Ridge widening/sidewalk will be completed as part of the Bldg. C requirements, which is the building currently under construction. So that piece should be completed soon I told them I would pass along their questions regarding leasing/construction timeline to the developer and follow up with whatever information I can provide.

Question/Concern #4:

Applicant's Response:

There were a few technical difficulties where some attendees could not hear the audio and others could not respond. For that reason, the questions all came from the Zoom chat feature, and a transcript of that chat has been included with this submittal. One neighbor asked for a follow-up phone call so she could clarify the questions she posed in the chat.
