

# | Agenda Item | cover sheet

for consideration by the Apex Town Council

Item Type: CONSENT AGENDA

Meeting Date: July 27, 2021

## Item Details

Presenter(s): Jose F. Martinez, III

Department(s): Public Works & Transportation

### Requested Motion

Motion to approve the Interlocal agreement between the Town of Holly Springs and the Town of Apex for Yard Waste Transfer/Removal.

### Approval Recommended?

Yes

### Item Details

The Town of Apex has been disposing of their yard waste material at C&D dump (off of Smithfield Road along Hwy 55) for over 20 years. This dump has run out of operational room and is trying to get approval to expand their operational footprint. This expansion does not have an estimated timetable for approval. The proposed interlocal agreement would allow the Town of Apex to dump leaves and grass clippings at Holly Spring's transfer station at 3420 New Hill Holleman Rd. Holly Springs will then load the yard waste into a transfer trailer (provided by the town) and haul it to a separate disposal site. Holly Springs will charge Apex \$185 per transfer trailer load which includes all labor and equipment (excluding the transfer trailer) for the removal of the yard waste. The disposal site (EarthTech) will bill Apex directly for tipping fees.

The proposed ILA will give approval to transfer ONLY grass clippings and leaves at Holly Spring's transfer station. The town is currently taking other yard Waste to McGill's which uses the yard waste material to manufacture compost. McGill's has lab tested our grass clippings and leaves and will not accept this material. This interlocal agreement is intended to be a temporary solution while Apex continues to explore options for creating our own Transfer Station.
